aca big red book pdf: Codependência nunca mais Melody Beattie, 2023-07-03 Para escapar do labirinto emocional da codependência é preciso compreendê-la. Em *Codependência nunca mais*, agora em edição comemorativa revista e ampliada, Melody Beattie traz um material informativo e acolhedor para quem precisa se libertar e retomar a própria vida. Você costuma assumir a responsabilidade de resolver os problemas dos outros? Se, assim como muitos, você perdeu o controle da própria vida ao se envolver no drama de lidar com o comportamento autodestrutivo de alguém que lhe é querido, talvez você seja codependente. Melody Beattie começou a conviver com codependentes muito antes de existir uma definição exata para esse termo. Na década de 1980, o conceito de codependência — que hoje sabemos se tratar de um transtorno emocional — ainda não era bem estabelecido. Muitas vezes, naquela época, até mesmo os dependentes químicos eram estigmatizados apenas como viciados. Além de muita pesquisa, foi preciso que a autora superasse as próprias questões pessoais como o abandono, o abuso sexual, o alcoolismo, as drogas e um divórcio conturbado a fim de compreender o termo em sua totalidade. E foi assim que, em 1986, ela publicou *Codependência nunca mais*, um livro empático e despretensiosamente didático sobre os desafios enfrentados para superar esse transtorno, e os frutos que colhemos depois de finalmente nos percebermos livre dele. Mais de 35 anos depois, *Codependência nunca mais* ganha nova edição, revista e ampliada com conteúdo inédito. Com reflexões pessoais, exercícios e histórias instrutivas das experiências da autora e de outras pessoas na mesma condição, este livro vai ajudar você a romper com antigos padrões de comportamento e estabelecer limites saudáveis, além de oferecer um plano objetivo para uma jornada de cura, esperança, liberdade e felicidade.

aca big red book pdf: Voorbij codependentie Melody Beattie, 2023-08-29 De Nederlandse vertaling van *Codependent No More* – een moderne klassieker die al miljoenen lezers hielp ‘Een van de meest essentiële zelfhulpboeken aller tijden.’ *Newsweek* Het psychologische concept codependentie komt in de kern neer op jezelf verliezen in andermans problemen. Zeg je bijvoorbeeld geregeld ‘ja’ waar je eigenlijk ‘nee’ had willen zeggen, voel je je het veiligst als je geeft, en voel je je verveeld en leeg als niemand je hulp nodig heeft? Grote kans dat je eigenwaarde dan te afhankelijk is van (de zorg voor) anderen, en je worstelt met codependentie. Ervaringsdeskundige Melody Beattie maakte dit begrip toegankelijk voor een breed publiek met een even praktische als vooruitstrevende bestseller, waar wereldwijd miljoenen van over de toonbank gingen. Deze herziene, geüpdatete editie is nog altijd even actueel. Of het nou gaat om een geliefde, een broer of een cliënt; iemand die zelfdestrutief is, iemand met fysieke beperkingen of iemand die zich gewoon af en toe slecht voelt: Beattie helpt je oude patronen te doorbreken en gezonde grenzen te stellen. Tegelijkertijd is ze zelf openhartiger dan ooit over haar eigen familie, trauma en generationele codependentie. Als zij het kan, kan jij het ook: stoppen met je verantwoordelijk voelen voor andermans gedrag en de weg terugvinden naar jezelf. ‘Melody Beattie is een fenomeen. Met haar uitleg van het codependentie-concept weet ze de eeuwenoude behoefte naar zelfverbetering en wedergeboorte van miljoenen Amerikanen te vervullen.’ *TIME* Melody Beattie (1948) is een Amerikaanse auteur wier leven is getekend door alcoholisme. Eerst doordat ze op zeer jonge leeftijd zelf verslaafd raakt, daarna doordat ze, eenmaal afgekickt, in een relatie terechtkomt met een zware

alcoholist. Uiteindelijk weet ze hieruit te komen, waarna ze meerdere bestsellers schrijft. Met de eerste, *Codependent No More*, brengt ze in 1986 het concept codependentie – dat door psychiater Timmen L. Cermak in wetenschappelijke kringen was geïntroduceerd – naar het grote publiek.
