Completely updated and revised for the first time in over a decade, the African American Almanac looks at the recent challenges—from the Black Lives Movement to Covid-19—and ongoing resilience of our nation, and it shines a light on our momentous and complicated history, the individual accomplishments and contributions of the celebrated and unsung—but no less worthy—people who built our country and who continue to influence American society. Comprehensive and richly illustrated, it thoroughly explores the past, progress, and current conditions of America. This seminal work is the most complete and affordable single-volume reference of African American culture and history available today, and it illustrates and demystifies the emotionally moving, complex, and often lost history of black life in America!

norton anthology of african american literature pdf: Lucille Clifton Mary Jane Lupton, 2006-06-30 Writing and composing with honesty and humanism, Lucille Clifton is known for her themes of the body, family, community, politics, womanhood, and the spirit. While much of her work deals with the African American experience, she does not limit herself to that perspective, addressing topics common to all women, to all people. This timely and important biography will give readers a glimpse into the life and work of this important and revered African American poet, writer, and educator, exploring themes that run throughout her writing, as well as the personal obstacles she faced and overcame. Lucille Clifton was born in Depew, New York, in 1936. Today, she is one of the most important and revered African American poets, writers, and educators in the nation. In addition to several works of poetry, she has written more than 15 children's books. Her work has been nominated for three Pulitzer Prizes and two National Book Awards, one of which she won for *Blessing the Boats: New and Selected Poems 1988-2000* in 2000. In 1999, she was appointed and remains a Chancellor of the American Academy of Poets, one of the most prestigious honors in American letters. Among her best known works is the poem *miss rosie*, anthologized many times over and a standard part of high school curriculums. She has won an Emmy award, a Lannan Literary Award, two fellowships from the National Endowment for the Arts, and many other prestigious awards. Writing and composing with honesty and humanism, Clifton is known for her themes of the body, family, community, politics, womanhood, and the spirit. While much of her work deals with the African American experience, she does not limit herself to that perspective, addressing topics common to all women, to all people. This biography covers Clifton's life and work, addressing themes that run throughout her writing as well as the personal obstacles she faced and overcame, including her own faltering health. This timely and important biography will give readers a glimpse into the life of one of America's most important, influential, and enduring writers.

norton anthology of african american literature pdf: Black Lives Matter vs. All Lives Matter Abdul Karim Bangura, 2021-09-20 In the wake of the murder of George Floyd in Minneapolis, the debate between proponents of Black Lives Matter and All Lives Matter has been reignited. For proponents of Black Lives Matter, the slogan All Lives Matter is not a call for inclusiveness but a criticism of the Black Lives Matter movement. On the other hand, advocates of All Lives Matter insist their slogan is about diversity and colorblindness. The contributors included in *Black Lives Matter vs. All Lives Matter: A Multidisciplinary Primer* approach the subject from

fields as wide ranging as sociology, mathematics, linguistics, business, politics, and psychology, to name a few. This collection adds complexity and international perspectives to the debate, allowing these seemingly simple quarrels over phrasing to be unpacked from many angles. A refreshing variety of looks at one of the defining social movements of the last decade and the reaction to it, this collection will be valuable to those seeking to understand these movements in ways beyond how they are typically framed.

norton anthology of african american literature pdf: **Theory of Racelessness** Sheena Michele Mason, 2022-05-27 This book presents a skeptical eliminativist philosophy of race and the theory of racelessness, a methodological and pedagogical framework for analyzing race and racism. It explores the history of skeptical eliminativism and constructionist eliminativism within the history of African American philosophy and literary studies and its consistent connection with movements for civil rights. Sheena M. Mason considers how current anti-racist efforts reflect naturalist conservationist and constructionist reconstructionist philosophies of race that prevent more people from fully confronting the problem of racism, not race, thereby enabling racism to persist. She then offers a three-part solution for how scholars and people aspiring toward anti-racism can avoid unintentionally upholding racism, using literary studies as a case study to show how race often translates into racism itself. The theory of racelessness helps more people undo racism by undoing the belief in race.

norton anthology of african american literature pdf: The Verso Book of Dissent Andrew Hsiao, Audrea Lim, 2020-06-16 Throughout the ages and across every continent, people have struggled against those in power and raised their voices in protest—rallying others around them and inspiring uprisings in eras yet to come. Their echoes reverberate from Ancient Greece, China and Egypt, via the dissident poets and philosophers of Islam and Judaism, through to the Arab slave revolts and anti-Ottoman rebellions of the Middle Ages. These sources were tapped during the Dutch and English revolutions at the outset of the Modern world, and in turn flowed into the French, Haitian, American, Russian and Chinese revolutions. More recently, resistance to war and economic oppression has flared up on battlefields and in public spaces from Beijing and Baghdad to Caracas and Los Angeles. This anthology, global in scope, presents voices of dissent from every era of human history: speeches and pamphlets, poems and songs, plays and manifestos. Every age has its iconoclasts, and yet the greatest among them build on the words and actions of their forerunners. The Verso Book of Dissent will become an invaluable resource, reminding today's citizens that these traditions will never die.

norton anthology of african american literature pdf: **Hyper Sexual, Hyper Masculine?** Brittany C. Slatton, Kamesha Spates, 2016-05-13 This book provides critical insights into the many, often overlooked, challenges and societal issues that face contemporary black men, focusing in particular on the ways in which governing societal expectations result in internal and external constraints on black male identity formation, sexuality and black 'masculine' expression. Presenting new interview and auto-ethnographic data, and drawing on an array of theoretical approaches methodologies, *Hyper Sexual, Hyper Masculine?* explores the formation of gendered and sexual identity in the lives of black men, shedding light on the manner in which these are affected by class and social structure. It examines the intersecting oppressions of race, gender and class, while acknowledging and discussing the extent to which black men's social lives differ as a result of their varying degrees of cumulative disadvantage. A wide-ranging and empirically grounded exploration of the intersecting roles of race, masculinity, and sexuality on the lives of black men, this volume will appeal to scholars across the social sciences with interests in race and ethnicity, gender and sexuality, social stratification and intersectionality.
