the action bible pdf: *A CALL TO ACTION: Practically Reversing the Trends of Mass Incarceration* Dr. Herron Keyon Gaston, 2019-02-28 A Call to Action By: Dr. Herron Keyon Gaston A Call to Action: Practically Reversing the Trends of Mass Incarceration explores and establishes a blueprint for United Methodist Churches based on the current Mission Plan for Restorative Justice Ministries (MPRJM). This Mission Plan could be used internally or externally within the United Methodist Church and beyond to begin to deal with the issues associated with the large numbers of persons leaving the prison system and reentering communities where the connectional system of the United Methodist Churches is established, and where other church denominations are in general, to assist retuning prisoners with reentry and restorative justice programs and ministries. A Call to Action is for the United Methodist Church to use its historical work in this area along with its unique reformatory connectional system. The United Methodist Church is poised to lead in this area because of its creed, structure, and connectional emphasis on mission work, outreach, and methodical steadfastness to deliver and foster justice and the restorative process among former prisoners. The Summerfield United Methodist Church Prison Reentry Model in Bridgeport, Connecticut, was

identified as one of the unique prison reentry and restorative justice type programs to further explore this initiative. Using the Summerfield model as a starting point for this project, Gaston invited parishioners to participate in focus group sessions in May 2017. A group of twenty-five parishioners of varying socioeconomic backgrounds volunteered to participate. The main discussion centered on the current prison fellowship ministry and whether members believed that they were making a difference in their own community. This book has implications for the ministerial practice for dealing with those who have transgressed — and how the United Methodist Church must use its spiritual and connectional resources to reform, redeem, and restore formerly incarcerated individuals back to God and to humanity.

the action bible pdf: *Translating the Bible Into Action, 2nd Edition* Margaret Hill, Harriet Hill, 2022-06-15 When Jesus was born to Mary, God “translated” himself into our human world. This act of God’s translation continues today wherever the gospel is expressed, in each language and lived out in each culture that makes up our diverse world. Unfortunately, the church often ignores its cultural and linguistic diversity and, instead, imposes a dominant “language” and “culture” for expressing faith. This textbook seeks to challenge that situation. By identifying common barriers that prevent people from engaging with Scripture, the authors explore the ways churches can maintain unity in Christ and celebrate the diversity of their membership. Addressing a wide-range of relevant issues and using practical applications, this revised and updated edition re-establishes the importance of good, contextual Scripture engagement. A key resource in helping church leaders encourage people to communicate with God in their own language and to discover that Christ wants to make himself at home in their world.

the action bible pdf: Christian Zionism in Africa Cynthia Holder Rich, 2021-01-06 Christian Zionism—a movement based on the belief that support of Israel, and Israeli ownership of and residence in Jerusalem, is a prerequisite for Christ's return—has been a significant substratum within theologies and ecclesiologies of many churches in the US and Europe for centuries. Since the 1970s, US-based Christian Zionism organizations, encouraged by and collaborating with the Israeli government, have used a significant amount of resources to spread the movement into other regions of the world, including Africa. In many African countries, Christian Zionism combines perniciously with Prosperity Gospel preaching, interpreting Genesis 12:3 as a divine map to gain blessings—material and otherwise—through complete and uncritical support for the modern-day State of Israel. Many African governments have come to understand that this support is lucrative--and coercive. African officials working with Israel learn that openly supporting Palestine will result in their partnerships with Israel being discontinued. Contributors to this interdisciplinary volume analyze the meaning and ramifications of the emergence of Christian Zionist ideologies in Africa and its churches, in interfaith work, in politics, in law, and in the use and abuse of power between peoples of different races, histories, economic strength, and influence on the international stage.
