morals and dogma albert pike pdf: [Biblical Eschatology](#): Dr. Justin G. Prock, 2021-06-20 In recent history, men from a variety of backgrounds have come to the same conclusion: that the Bible is about Israel only. For example: In 1861, John Mason Neale translated an ancient twelfth century Latin hymn and its title was O Come, O Come Emmanuel. Ever since 1861, Christians have sung that hymn at Christmas time, especially at Advent. Do you know what the words really mean that you are singing? In 1878, Edward Hine wrote an article titled, Seven-Eighths of the Bible Misunderstood, wherein he explains that seven-eighths of the Bible is about national salvation, i.e. the national salvation of True Israel; whereas, only one-eighth of the Bible is about personal salvation. Did you know that? In the 1960's, Pastor Sheldon Emry wrote an article title, An Open Letter to Any Minister Who Teaches the Jews Are Israel, wherein he is of the opinion that the Israel that exists today since 1948 is not the True Israel of the Bible. In 1998, Arnold E. Kennedy wrote a book titled, The Exclusiveness of Israel, wherein he legally proves using the King James Version of the Bible that the Bible in general is only about True Israel. So, here we are in the Twenty-First Century, and the Gospel that is preached today is totally convoluted from that which was preached in the First Century A.D. by Yahshuah and His disciples, i.e. the Gospel of the Kingdom. So, where did the so-called churches and pastors go wrong? By the way, is there really a hierarchy in the Bible? In order to find out what the truth really is, we have to look at the original languages in which the Bible was written and then translated. For example, the Old Testament was written in Hebrew and Aramaic, then translated into Greek. The New Testament was written in Hebrew and Greek. Both Testaments were put together and translated into Latin, then German, and finally into English, from which the entire world received their own translation of the Bible. So, what was the original meaning of the words used in the original languages, i.e. the etymology of the words. Once that is determined, then we can go onto the next phase and discuss types in the Bible. From there, what is the Law of First Mention? How should Bible prophecy be Interpreted? Who are the keys to Bible prophecy? Where are we in the Bible prophecy timeline? During these discussions, we will find out who Yahweh chose of all the families of the earth to make His own. The churches teach universalism. The question then becomes, Who was Yahweh's Law given to? What are the Laws of Yahweh? And then the even bigger question becomes, Who was Yahshuah sent to? All of these questions and more will be answered as you read this book...

morals and dogma albert pike pdf: Why Did Yahweh and His Son Yahshuah Say What

They Said? Dr. Justin G. Prock, 2020-05-07 YAHWEH (The LORD God) and His Son YAHSHUAH (Jesus Christ) made statements with regard to Eschatology that have been “Spiritualized” for over a Millennium, which has led to the belief in Universalism, the belief that YAHSHUAH died for EVERYONE. Well, after one studies the original languages of the Hebrew, Aramaic, and Greek, the message of the Kingdom of God was preached to and accepted by a certain House in the Bible. The other House rejected this message, and YAHSHUAH punished that House by taking the Kingdom away from them and giving It to another nation bringing forth fruit. There are only the House of Israel, the House of Judah, and the House of David, mentioned in the Bible. All three existed then, as they do today. However, most of today’s Babylonian Priesthood/Churchianity refuses to accept the secular historical position with regard to the House of Israel, and who they are today. The people groups, which YAHWEH and YAHSHUAH addressed, still exist today. However, these people are all mixed-up, and known by different names, but they DO exist. This book goes back to the origin of these people groups in the Bible, and brings them forward to the present using their old names, in order to understand Eschatology. This brings us to the major question of, “Is the Bible only about Israel?” And, if so, how does it affect our Eschatology today? This book answers these hard questions...

morals and dogma albert pike pdf: *Phoenix Rising* Donald G. Lett, Donald G Lett Jr, 2008-02 In an age when the supply of gasoline to feed this modern American society has become both more expensive and more scarce questions are being pondered. Inquires like, How can a modern society scale back its dependence on gasoline as a motive source? Are there genuine alternative power sources? Are they the answer to a growing crisis? Recent announcements of hybrids like those from Honda, Toyota, and Ford have really brought attention to this issue. Hybrids that use both gasoline engines and electric motors. Really, though, alternative power sources have been around for as long as the automobile has been. The battle between and among the steam car, the electric and the gas car was fought out in the first couple of decades of the twentieth century. This book explores the ins and outs of that battle. A struggle from which the gasoline car emerged completely victorious. To such an extent that steam cars and electric cars virtually disappeared from the scene for many decades. We will look over all three alternatives, exploring their advantages and disadvantages. We will also look over the obstacles to the steamers and the electrics. Barriers that still exist to a certain extent. Handicaps that caused their disappearance in the first place.

The idea that patriotism is a concept limited to one's government and implies obedience to them is equal to propaganda on steroids. Generational, societal, political, social and religious conditioning reaches into the minds of whole populations and enslaves them in a dreamlike state. Whistleblowers are paradigm shifters who are capable of waking up the masses. And it's high time that the masses wake up, take responsibility for their lapse in judgement, and hold corrupt governments/officials accountable for their actions. In Whistleblowers: True Patriots of Humanity, you'll learn: How to blow the whistle safely with various frameworks and methodologies. How to separate the real whistleblowers from the celebrity ones using the Standard Whistleblowing Criterion. Understand the dynamics of the conspiracy theory movement. morals and dogma albert pike pdf: *The Greatest Lie on Earth (Expanded Edition)* Edward Hendrie, 2018-09-12 This book reveals the mother of all conspiracies. It sets forth biblical proof and irrefutable evidence that will cause the scales to fall from your eyes and reveal that the world you thought existed is a myth. The most universally accepted scientific belief today is that the earth is a globe, spinning on its axis at a speed of approximately 1,000 miles per hour at the equator, while at the same time it is orbiting the sun at approximately 66,600 miles per hour. All of this is happening

as the sun, in turn, is supposed to be hurtling through the Milky Way galaxy at approximately 500,000 miles per hour. The Milky Way galaxy, itself, is alleged to be racing through space at a speed ranging from 300,000 to 1,340,000 miles per hour. What most people are not told is that the purported spinning, orbiting, and speeding through space has never been proven. In fact, every scientific experiment that has ever been performed to determine the motion of the earth has proven that the earth is stationary. Yet, textbooks ignore the scientific proof that contradicts the myth of a spinning and orbiting globe. Christian schools have been hoodwinked into teaching heliocentrism, despite the clear teaching in the bible that the earth is not a sphere and does not move. This book reveals the evil forces behind the heliocentric deception, and why scientists and the Christian churches have gone along with it.

morals and dogma albert pike pdf: *Freemasonry and Rudolf Steiner* N.V.P Franklin, 2020-10-16 Today some six million Freemasons around the world continue to perform their rituals regularly - an enormous legacy of spiritual endeavour, kept largely in secret. In Britain alone there are over 7,000 lodges, with a quarter of a million members. What is this wealth, this appeal, and how did the philosopher and spiritual scientist Rudolf Steiner reinterpret or reconstruct Freemasonry's time-worn legacy? Unless one is a Freemason, the masonic world, with its arcane conventions and language, remains largely unknown: an obscurity that is almost impossible to fathom. Yet understanding its traditions and style are invaluable when approaching Goethe, Mozart, Herder, Lessing and Novalis - as well as Rudolf Steiner. Steiner himself renewed the 'Royal Art' of Freemasonry from 1906 to 1914 through his ritual work known as *Mystica Aeterna*. When Steiner invigorated education, medicine, the social order and religion, he fully intended that committed and professional individuals should assume responsibility for the new initiatives. But this was not the case with the Masonic Order he founded, whose leadership he took upon himself. Even the celebration of his passing in 1925, led by Marie Steiner, was entirely Masonic in character. In the context of continuing resistance and misrepresentation, N.V.P. Franklin uncovers the living heart of Freemasonry and reveals why it was - and still is - immensely relevant to anthroposophy. With profound research into its older rituals and teachings, this detailed and conscientious study is a unique contribution to comprehending freemasonry and anthroposophy - both historically and in the present day.

This has created a domino effect of high visibility with negative repercussions that is gaining traction with the ability of masons to communicate, and see masonry practiced in all parts of the world like never before. Now is the time to halt the slide and get back to the foundation and intent of the craft. This book is the baring of my thoughts, mistakes and ultimately- my clarity of mind and spirit. This book is my story, my ideas, and my vision to a better social climate within the Fraternity. It is my humble experience in Black and White.

The world is unraveling—and most people can feel it. But the deeper problem isn't the chaos. It's that nothing makes sense anymore. In *Why the World Doesn't Make Sense*, writer and thinker Christine Menedis traces the fracture beneath our modern moment—exposing how a forgotten shift in how we define the human person led to the confusion, fragmentation, and loss of liberty we now call normal. She reveals how our institutions, ideologies, and even our best attempts at solutions are all rooted in a broken understanding of the individual. This isn't a culture war book. It's not a call to rebuild the system—or to burn it down. It's about truth: what happens when a society loses it, and how to find our way back home.

been stated that Albert Pike's *Magnum Opus Morals and Dogma* no longer has any relevance to Scottish Rite Masons. For many, it has become an esoteric antediluvian composition, a momentous work deemed too difficult for the average person to comprehend or to glean information from. Albert Pike composed his esoteric information so as not to reveal any Masonic secrets, understanding that non-Mason and Mason alike would be exploring the degrees contained within. Could he have concealed information within his writings, as did many of the great artists and thinkers of the past? For the first time, Professor Len Seymour provides an interpretation of the enigmatic drawing of an Egyptian Stele found in Pike's book, *Morals and Dogma*, the timeless and hidden symbolism of which has remained a mystery until now.

morals and dogma albert pike pdf: *The Inner Church is the Hope of the World* Nicholas Laccetti, 2018-08-09 Throughout history, Western esoteric movements have provided meaning and power for what the Rosicrucians of the early modern period called the quest for Universal Reformation--the utopian restructuring of religion, science, the arts, and human society. Yet Western esotericism has been roundly ignored as a source of reflection in mainstream Christian theology, including the radical theologies of liberation that might otherwise see in esotericism a kindred spirit to their commitment to radical social change. In *The Inner Church is the Hope of the World*, guided by his work in contemporary movements for social change, Nicholas Laccetti puts Western esotericism in dialogue with liberation theology, treating esotericism as a legitimate source of spiritual and theological insight. If, as Gustavo Gutierrez writes, God is revealed in history, then we will also encounter God within the particular history of human religious expression that is Western esotericism. And from these theological reflections, the Inner Church of the esotericists, occultists, and mystics is revealed to be the true ekklesia of all who have conformed themselves to God's vision of freedom and liberation, and who struggle to enact that vision in human society. The Inner Church is truly the hope of the world.

morals and dogma albert pike pdf: *Gateways to the Otherworld* Philip Gardiner, 2009-01-30 Is there life after death? Is there a world outside our own? WHAT IF ANCIENT PEOPLE ALREADY KNEW THE ANSWERS TO THESE QUESTIONS? Acclaimed author Philip Gardiner proves that our ancestors were far more advanced "scientifically and spiritually" than previously believed. Through a special technique, ancient Egyptians and others were able to journey to other realities

within themselves - in short, to the Otherworld. The author undergoes his own experiments to prove the point. Gardiner also shows that ancient people knew more about their place in the universe than previously thought. They placed buildings and objects in specific places around the globe because these points had a distinct relation to the universal and human wave resonance of electromagnetism. When the ancients journeyed to these places, they were joining with God and visualizing the effect. The remarkable conclusions and discoveries in this book not only dispel some age - old myths, but also address questions such as:Is there a universal frequency that allows the mind to travel into other realms? Does the Great Pyramid hold a real secret to the quantum realm? What are those mysterious round towers found scattered around our planet? Is ESP real? What Gateways to the Otherworld uncovers are not just tales of ancient trips to other realms, nor theories on why stone circles were built in specific locations, but real answers based on thorough research and science.
