altar clipart: A Missionary Looks at the Love Letter Richard Lehman, 2024-02-19 Jesus gave Revelation as a love letter for his servants to share with the church. It is addressed to us from, ...him that loved us, and washed us from our sins in his own blood, (Revelation 1:5) He reminds us that he personally suffered and gave his very best for his bride, the church. But then with a broken heart, in his first letter to the church he says, ...you have left your first love. (Revelation 2:4) This book interprets Revelation by following the instructions given to us in the first chapter. We are told to compare Revelation to the Word of God and the testimony of Jesus Christ (Revelation 1:2). Revelation is a heart heavy message, very carefully and personally delivered by Jesus Christ himself. He doesn't take it lightly when people write up their own interpretations and imaginations about what it means. That is why this particular book carefully considers the spiritual heart message that is being delivered to the ministry, and we will address each scripture within Revelation in the same order as it was originally given. Almost every scripture within Revelation (hundreds of them) are derived from other scriptures within the rest of the Bible. There is no way to interpret Revelation without carefully considering what those scriptures spiritually teach us, and then what Jesus is telling us with them through his Revelation. This is exactly the way that the apostle Paul taught us to understand scripture, Which things also we speak, not in the words which man's wisdom teaches, but which the Holy Ghost teaches; comparing spiritual things with spiritual. (1 Corinthians 2:13) Revelation is also a book of many sevens. Addressing things seven times is God's way within scripture of completing his purpose and his work. There are four different patterns of seven that are explicitly identified within Revelation: 7 churches, 7 seals, 7 trumpets, and 7 vials of the wrath of God poured out. This pattern of four sevens matches how God said he would correct his people back in Leviticus chapter 26. He said four different times that if his people stray away from him, he will correct them seven times, and in the last seven he will correct them in his fury. Accordingly, the last pattern of seven within Revelation is done in God's wrath and fury. Revelation finalizes the corrections for all the problems in the church. A Missionary Looks at the Love Letter has been written so that you can respond from your heart to the love letter Jesus wrote to you. Christ died so that we can have a personal heart-to-heart relationship with him and his heavenly Father through the Holy Spirit. That is how he first established the Kingdom of Heaven on Earth. Consequently, the purpose of Revelation is to fill us in a greater way with his sacrificial love. Intellectual understanding into the different symbols, types and patterns of Revelation are a byproduct of that heart transformation. Consequently this book will also explain all of these symbols, types, and patterns in complete detail directly from the scriptures. The book is titled, A Missionary Looks at the Love Letter... because as a missionary, the author has taught this Revelation message to over a thousand ministers already. The purpose of Revelation is first to shake and awaken the ministry to their responsibility to respond directly to the heart of God. For those ministers where that spiritual heart change takes place, a revival breaks forth in their life and spreads to others! That Christ may dwell in your hearts by faith; that you, being rooted and grounded in love, May be able to comprehend with all saints what is the breadth, and length, and depth, and height; And to know the love of Christ, which passes knowledge, that you might be filled with all the fullness of God. (Ephesians 3:17-19)

altar clipart: Creating Church Online Tim Hutchings, 2017-04-21 Online churches are internet-based Christian communities, pursuing worship, discussion, friendship, support, proselytization, and other key religious goals through computer-mediated communication. Hundreds of thousands of people are now involved with online congregations, generating new kinds of ritual, leadership, and community and new networks of global influence. Creating Church Online constructs a rich ethnographic account of the diverse cultures of online churches, from virtual worlds to video streams. This book also outlines the history of online churchgoing, from its origins in the 1980s to the present day, and traces the major themes of academic and Christian debate around this topic. Applying some of the leading current theories in the study of religion, media and culture to this data, Tim Hutchings proposes a new model of religious design in contexts of mediatization, and draws attention to digital networks, transformative third spaces and terrains of existential vulnerability. Creating Church Online advances our understanding of the significance and impact of digital media in the religious and social lives of its users, in search of new theoretical frameworks for digital religion.
