**application letter for scholarship request pdf: The New Normal** Amitai Etzioni, 2014-11-05 Amitai Etzioni argues that societies must find a way to balance individual rights and the common good. This point of balance may change as new technologies develop, the natural and international environments change, and new social forces arise. Some believe the United States may be unduly shortchanging individual rights that need to be better protected. Specifically, should the press be granted more protection? Or should its ability to publish state secrets be limited? Should surveillance of Americans and others be curtailed? Should American terrorists be treated differently from others? How one answers these questions, Etzioni shows, invites a larger fundamental question: Where is the proper point of balance between rights and security? Etzioni implements the social philosophy, "liberal communitarianism." Its key assumptions are that neither individual rights nor the common good should be privileged, that both are core values, and that a balance is necessary between them. Etzioni argues that we need to find a new balance between our desire for more goods, services, and affluence, particularly because economic growth may continue to be slow and jobs anemic. The key question is what makes a good life, especially for those whose basic needs are sated.

**application letter for scholarship request pdf: Directory of Research Grants 2008** Schoolhouse Partners Llc, 2008-05 It was the 50s and life was simple, until September 25, 1954. That was the night that would be etched in the memory of the citizens of Stanfield, Massachusetts. The Chief of Police described the brutal savagery of the double homicide as the most atrocious crime in the history of the city. A fourteen-year-old girl, and the four-year-old boy in her care were murdered at the hands of a deranged, depraved killer. *A Thread of Evidence* places the reader at the scene of the crime, an eye witness to the senseless stabbing of two innocent children. With a piece of crochet thread as their only clue, the entire police department, lead by detectives Steven Logan and Raymond Gage, scour the city in search of a maniacal savage. When all tips and leads have been exhausted, they review all evidence. They come back to the thread. The only real evidence. With tenacity and perseverance of Logan and Gage the killer is apprehended. The reader experiences the twists and turns of the investigation, and ultimately occupies a reserved seat in the Superior Court as the trial proceedings commence. *A Thread of Evidence* has been written as fiction, but inspired by an actual event. Fifty years later, it remains etched in the minds of all who had lived in the area. The author has researched court records, newspapers, interviewed neighbors, police and has drawn on personal recollections of the crime. The story has been recounted over and over and to this day, it continues to be discussed. *A Thread of Evidence* is a compelling account of superb detective work,

and unprecedented dedication of an entire police department.
