creflo dollar sermons 2023: The Black American Church Dr. Khandicia N. Randolph, 2023-04-28 The purpose of this book seeks to examine the leadership of the Black church through a critical and theoretical lens utilizing historical and anthropological foci to better identify and understand some of the challenges within the paramount institution and its attrition to the Black American community at large and provide appropriate suggestions and generating frameworks for addressing the challenges. The church has always played a pivotal role in Black American culture's identity, development, and progression. Leadership and organizational challenges within the church pervasively matriculate to other Black spaces, historically Black organizations, and a broader societal context. Due to the church's historical and ethnographic context for Blacks in America,

many of the challenges faced in the church go unrecognized, unspoken, thus unattended. This manuscript endeavors to identify the challenges, and flaws through research and data, to provide solutions through practical and theoretical implementations to some shortcomings for the betterment of the church and culture. The interconnectedness of culture and religion for Blacks in America established a gargantuan impact factor on the church and its leaders. This manuscript examines the pervading effects of the influence through leadership dispensation. It also explores the understanding of leadership through the lens of Black Christianity, deriving that the foundation of leadership in the Black community was primarily circumscribed by the influence of the church as conglomerate collectivism of almost five hundred years of the history and culture of Africans, African descendants, and members of the African diaspora in what is now America who contributed to the ideal of the Black church. The critical analysis provided is not one of condemnation but likened to a vital performance review through member experiences barred against applicable leadership and organizational development barometers.

creflo dollar sermons 2023: Mainline Christianity Jason S Lantzer, 2023-11-21 Since the Revolutionary War, Mainline Christianity has been comprised of the Seven Sisters of American Protestantism—the Congregational Church, the Episcopal Church, the Evangelical Lutheran Church, the Presbyterian Church, the United Methodist Church, the American Baptist Convention, and the Disciples of Christ. These denominations have been the dominant cultural representatives since the nineteenth century of how and where the majority of American Christians worship. Today, however, the Seven Sisters no longer represent most American Christians. The Mainline has been shrinking while evangelical and fundamentalist churches, as well as non denominational congregations and mega churches, have been attracting more and more members. In this comprehensive and accessible book, Jason S. Lantzer chronicles the rise and fall of the Seven Sisters, documenting the ways in which they stopped shaping American culture and began to be shaped by it. After reviewing and critiquing the standard decline narrative of the Mainline he argues for a reconceptualization of the Mainline for the twenty-first century, a new grouping of Seven Sisters that seeks to recognize the vibrancy of American Christianity.

creflo dollar sermons 2023: The Breath of Angels Edwin A. Hill, 2023-12-29 No About the Book information available this time.

creflo dollar sermons 2023: Identity Christ Exe's Qwanisha Young, 2023-05-03 This book is for anyone who has had their heart broken, soul wounded, faith tested, abandoned, rejected, or has suffered blow after blow, asking, Can I get up? And even if I can eventually stand, how can I walk out and not let those blows, fire, and ashes show up in my tomorrow? I don't want to look like, smell, or feel like what I've been through. Or maybe you're fighting with the shame and guilt of backsliding. You know God, but you keep hearing it's your fault because you're not strong enough. That's a lie from the pits of hell. First John 1 says that it is true that we should walk with and talk with God continuously, and when we sin, confess it, and the blood of Christ cleanses continually. Because Revelations 12 says that the enemy continually deceives and seduces the earth's inhabitants. He who brings charges against men and women day and night has been thrown out of heaven. And they overcame and conquered him because of the lamb's blood and because of their testimony's word, for they did not love their life and renounce their faith even when faced with death. (Revelations 12:11) Healing is a part of the work, but wholeness is the complete work; healing is a gift from God for His own, but wholeness is labor built by intention. I realized that my pain/cross was meant to be my oil or my mission of contributing to the world. This book addresses the false sense of security, the disillusioned identity, the emotionally scared, and the effects of scarcity of all other things, which seek to make us forfeit our power by using excuses and cycles. Until we are confronted and exposed by receiving God's Word, we are blind, deaf, lamed, and spiritually dead. I am encouraging all those who want to find themselves to start with God, Jesus, and the Holy Spirit. They came together, in the beginning, to make us partakers in God's work to have dominion on earth and to expand the kingdom of heaven on earth, which that commandment will never be retracted.

Most of us cross invisible lines all the time, but rarely do we stop to consider them. Invisible Lines presents 30 such unseen boundaries, intriguing and unexpected examples of the myriad ways in which we collectively engage with and experience the world. From football fans in Buenos Aires to air quality in China, Paris' banlieues to sub-Saharan Africa's Malaria Belt, the invisible boundaries that shape our experiences and existence provide a compelling guide to seeing and understanding our world anew.

creflo dollar sermons 2023: El Shaddai Creflo A. Dollar, 1999-01-01 As El Shaddai, the All-Sufficient One, God possesses an abundance of financial blessings, benefits, answers, miracles, wisdom and anything else you need or desire. In this informative mini book, Dr. Creflo A. Dollar instructs you to place your insufficiency in the hands of El Shaddai, the One Who is more than enough. He shows you how to get from a place of insufficiency to a place of abundance so that you can fulfill the covenant established with Abraham in Genesis 12, to be blessed by God so that we may bless others. If you are experiencing insufficiency in any area of your life, you are not in a position to be a blessing to others. Learn how to draw from God's supply so that you can personally benefit from God's promise to "...liberally supply (fill to the full) you every need according to His riches in glory in Christ Jesus" (Philippians 4:19 AMP). Don't settle for just enough when God wants to give you more than enough! Take hold of the truth of God's Word and allow life to overflow with the abundance found only in the presence of El Shaddai. Make a demand on God's supply-and get it every time!
