envision login math: The Force Is with You Always! Richard Koepke, 2011-05-10 This book teaches people how Spirit operates directly in our lives today and what we must do to live life to the fullest and with malice toward none. It teaches spiritual principles on how to live life with gratitude, acceptance, joy, abundance and wellness. It connects us with our eternal being within and encourages us to create our own soul music without. Have we lost our way as a society? In the wake of humans murdering over 100 million other humans in the past century, many of us are seeking answers to the ever increasing cultural violence surrounding us. From capital punishment to going postal, we live in a very violent society. Hardly a day passes without news of government torture prisons, drive-by shootings, a ten year old boy murdering his father, or a congresswoman being shot in the head. Shocking revelations, such as American government doctors using unsuspecting American citizens as human guinea pigs for decades of medical experiments, further alienate the government from the people that they are supposed to serve. It seems to me that we need a new vision of humanity that our faltering institutions have failed to provide. I believe that we need to replace institutional blight with greater spirituality. We need a new spirit of integrity that replaces the often deceitful and violent leadership we currently embrace. We need to challenge the don't get mad get even mentality in our society with greater understanding for one another. We need to be role models for positive reinforcement (learning) rather than the punishment that only teaches more violence and hatred, and, like the Montagues and Capulets, the never-ending need to seek revenge. This book addresses how to live a life of health and wellness in the midst of a truly sick society.

envision login math: *Jezebel, We Know Where You Are* Phyllis Fox Plum, 2020-10-23 Where is peace and joy in this hour in time? What is safe to seek and find? Why is every worthy thought, word, and deed so difficult to sustain? What is absolute? Why is the media, the Church, the arts and entertainment, business, religions, the family, education, and the government so chaotic? Who is in charge? Jezebel is. Why? Because God's people are silent. The original Jezebel lived in the ninth century B.C. as queen and wife of the dissenting King Ahab. Her pagan ways linger into every generation, hovering over everything father and mother, pastor, educator, and government. Few are spared her intrusions, especially the highly educated who lean on their own knowledge, those in positions of authority and power, and those practicing spiritism. Jezebel threatens every body, mind, and spirit, even the best of Christians, placing residency in Heaven at stake. It is time to come against what comes against God's very good people. She intimidates in order to manipulate, in order to dominate. Identify her powers and principalities, her philosophies and practices within secular humanism, Eastern mysticism, and the occult. Warriors against Jezebel are taught, led, comforted, guided, and protected by the Holy Spirit of God, who provides the strategies and powerful weapons to use in this spiritual battle. Be assured, those aware of the differences between Jezebel's ways and God's order win the war. The Satan-Jezebel-spirit uses terrorism to cause fear and submission. It is Satan at work with his original intent to be like God-in charge. Fight! Stop this evil! Where to start? Start with the heart, where God's Truth is written. The joy of the Lord is your strength. The war is worthy. In faith, hope and love, proceed to the frontlines to fight for and uphold the Absolute Truth.

Jezebel, we know where you are. Learn what pleases the Lord. Have nothing to do with the worthless ways of dissenters. See to it that no one takes you captive through philosophy and empty deception, according to the tradition of men, according to the elementary principles of the world, rather than according to Christ (Colossians 2:8)
