poisonwood bible pdf: Representing the Exotic and the Familiar

Meenakshi Bharat, Madhu Grover, 2019-11-28 The multicultural world of today is often said to be marked by a certain kind of exoticization: a “fetishizing process”, as Graham Huggan has called it, which separates a “first world” from a “third world”, the Occident from the Orient. The essays collected here re-assess this tendency, not least by focusing on the kinds of intellectual tourism and dilettantism to which it has given rise. The wider context of these analyses is a postcolonial scenario where literatures and languages can move from the “exotic” to the comparatively “familiar” space of contemporary writings; where an exotic mythos can live on into the familiar present; and where certain perceptions and representations of peoples, of literatures, and of languages have turned exoticization and familiarization into global modes of mass-cultural consumption. Especially by exploring the liminalities between different cultures, this collection manages to trace both the history and the politics of exoticist representation and, in so doing, to make a significant critical intervention.

poisonwood bible pdf: If God Meant to Interfere

Christopher Douglas, 2016-05-12 The rise of the Christian Right took many writers and literary critics by surprise, trained as we were to think that religions waned as societies became modern. In *If God Meant to Interfere*, Christopher Douglas shows that American writers struggled to understand and respond to this new social and political force. Religiously inflected literature since the 1970s must be understood in the context of this unforeseen resurgence of conservative Christianity, he argues, a resurgence that realigned the literary and cultural fields. Among the writers Douglas considers are Marilynne Robinson, Barbara Kingsolver, Cormac McCarthy, Thomas Pynchon, Ishmael Reed, N. Scott Momaday, Gloria Anzaldúa, Philip Roth, Carl Sagan, and Dan Brown. Their fictions engaged a wide range of topics: religious conspiracies, faith and wonder, slavery and imperialism, evolution and extraterrestrial contact, alternate histories and ancestral spiritualities. But this is only part of the story. Liberal-leaning literary writers responding to the resurgence were sometimes confused by the Christian Right's strange entanglement with the contemporary paradigms of multiculturalism and postmodernism—leading to complex emergent phenomena that Douglas terms Christian multiculturalism and

Christian postmodernism. Ultimately, *If God Meant to Interfere* shows the value of listening to our literature for its sometimes subterranean attention to the religious and social upheavals going on around it.

poisonwood bible pdf: *Transversal Ecocritical Praxis* Patrick D. Murphy, 2013-06-20 In *Transversal Ecocritical Praxis: Theoretical Arguments, Literary Analysis, and Cultural Critique*, Patrick D. Murphy, Ph.D, utilizes ecocriticism and ecofeminism to develop his concept of transversal practice: an interdisciplinary combination of theory and applied criticism. He begins by explaining the necessity for cutting across disciplinary boundaries of all kinds in order to address the ecological dimensions of culture and literature. The dialogical foundation of this orientation is elaborated through a consideration of the theories of Mikhail Bakhtin, particularly in terms of the ethical responsibilities of the reader and critic. Murphy then takes up issues of identity and subject formation in relation to genetics, embodiment, and selfhood. These same issues play out in the history of the aesthetic category of the sublime, which the author critiques from an ecofeminist perspective. Following that, he turns attention to cultural issues of consumption, both at home and internationally, looking particularly at postcolonial literature and forms of resistance to globalizations and agricultural land grabs. Resistance and postcolonial literature is further analyzed through consideration of two book-length Latin American poetic sequences, one by Pablo Neruda and the other by Ernesto Cardenal. Switching from works focused on the present, Murphy turns his attention then to how these themes play out in the future oriented worlds of science fiction. He concludes with two chapters that combine ecocritical cultural critique and economic analysis in studies of the destructive role of megadams, particularly in Asia, and the impact of the combined threats of peak oil and climate change on one island's tourist economy. The conclusion contains a discussion of further drivers of future ecocritical analysis. Traversing a wide range of examples, literary, cultural and economic, this work fleshes out the benefits of an ethically grounded interdisciplinary ecocriticism.

poisonwood bible pdf: *Theories and Texts* Walter Höbling, 2007 *Theories and Texts*, a guide written by students for students, explores the critical ideas of twelve of the most influential philosophers of the last 150 years - Marx, Freud, Bakhtin, Lacan, Derrida, Barthes, Foucault, Bhaba, as well as a variety of feminist critics (Kristeva & the French feminists, black feminists, and theological feminists), New Historicists, and Postcolonialists. Carefully digested and then set out in lucid and easily accessible language, these essays explain major ideas of each critical approach and exemplify them through practical application to one or more literary texts. At a time when theory is on everybody's lips and yet is often more of a deterrent than an attraction for students of literature and culture, these essays show how theories can enrich our understanding of literature, facilitate our analysis of a particular text, elucidate the multiple layers of meaning, and thus significantly enhance the *joissance* in our acts of reading.

poisonwood bible pdf: *The Literary and Human Legacy of Clara Sereni* Giulia Po DeLisle, Susan Briziarelli, 2025-03-18 Clara Sereni lived an extraordinary life in extraordinary times. Born in Rome in 1946, she grew up in a prominent family of Jewish intellectuals whose influential role in Italian politics and in the anti-fascist resistance could not but inform Sereni's own future social and political engagement. Coming of age during the turbulent Sixties, Sereni embraced the struggle for women's rights, social justice, and political reform, championing Eduardo Galeano's notion that utopia always stands at the horizon, and one must keep walking to reach it. Activist, journalist, writer, translator, but also musician, disability rights champion, home-maker, and wife; her multiple and often conflicting roles emerge in a rich and multifaceted writing, increasingly balanced between the public and the private, history with a capital "H", and personal memoir. Her first major success, 'Casalinghitudine (Keeping House)', explores the juncture of the public and the personal as important historical moments merge with her workaday memories of cooking. Her remarkable

historical novel 'Il Gioco dei Regni (The Game of Kingdoms)' traces her family history from the early 20th century through the post-war period, chronicling their personal lives and their involvement in Italian politics and Jewish intellectual life. Subsequent works such as 'Taccuino di un'ultimista' ('Notebook of a Meek Woman') and 'Passami il sale' ('Pass me the Salt') tackle the difficulties of negotiating life as a political figure, wife, and mother of a disabled son. In works such as 'Eppure' ('And Yet'), 'Le Merendanze' ('Afternoon Snacks') and 'Una storia chiusa' ('A Closed Story'), as well as 'Il lupo mercante' ('The Mongering Wolf') and 'Via Ripetta 155' ('155 Ripetta Street'), she again intertwines private experiences and public circumstances, raising questions related to gender, class, disability, the elderly, and sustainability. This is the first volume that brings together the critical aspects of Clara Sereni's work, providing a comprehensive view of the writer, the intellectual, the politician, and the woman. As we reflect on the 20th century, Sereni's long-spanning writing career stands as an important document of its struggles, its conflicts, and, like Sereni herself, its enduring idealism.

poisonwood bible pdf: Jungian Perspectives on Rebirth and Renewal Elizabeth Brodersen, Michael Glock, 2016-11-25 Jungian Perspectives on Rebirth and Renewal brings together an international selection of contributors on the themes of rebirth and renewal. With their emphasis on evolutionary ancestral memories, creation myths and dreams, the chapters in this collection explore the indigenous and primordial bases of these concepts. Presented in eight parts, the book elucidates the importance of indirect, associative, mythological thinking within Jungian psychology and the efficacy of working with images as symbols to access unconscious creative processes. Part I begins with a comparative study of the significance of the phoenix as symbol, including its image as Jung's family crest. Part II focuses on Native American indigenous beliefs about the transformative power of nature. Part III examines synchronistic symbols as liminal place/space, where the relationship between the psyche and place enables a co-evolution of the psyche of the land. Part IV presents Jung's travels in India and the spiritual influence of Indian indigenous beliefs had on his work. Part V expands on the rebirth of the feminine as a dynamic, independent force. Part VI analyses ancestral memories evoked by the phoenix image, exploring archetypal narratives of infancy. Part VII focuses on eco-psychological, synchronistic carriers of death, rebirth and renewal through mythic characterisations. Finally, part VIII explores the mythopoetic, visionary dimensions of rebirth and renewal that give literary expression to indigenous people/primordial psyche re-navigated through popular literature. The chapters both mirror and synchronise a rebirth of Jungian and non-Jungian academic interest in indigenous peoples, creation myths, oral traditions and narrative dialogue as the 'primordial psyche' worldwide, and the book includes one chapter supplemented by an online video. This collection will be inspiring reading for academics and students of analytical psychology, Jungian and post-Jungian studies and mythology, as well as analytical psychologists, Jungian analysts and Jungian psychotherapists. This book is an attempt to hit the pause button on this rapid-paced world and to reflect on how we do mission, especially in light of the new layers of complexity that globalization brings. While the contributors engage in new aspects of mission and cultural encounter unique to the twenty-first century, the underlying issues of each chapter are age-old topics that have reared their heads at various times throughout history: priorities in mission, power struggles, perspectives on cultural others, and contextualization. With that in mind, our aims are twofold: (1) to carefully consider issues causing tension and contention within current mission thought, practice and strategy and then (2) to engage in serious but charitable dialogue for the sake of God's mission and the salvation of all peoples.

Thompson, 2023-03-24 This book examines the psychological pressures faced by workers who migrate for short periods, exploring what it means to work in high-stress environments, often on time-limited contracts and with low levels of support; and how best to protect this kind of key worker. The text addresses three central questions. First, how we can think about the experiences of workers on the move? Second, what forms of support given by who, and when, provide the best staff care? Finally, how can appropriate and timely staff support by organisations influence the lives of workers on the move? The authors, all psychological therapists and many former international workers, offer recommendations for workers in humanitarian aid, the mission sector, international contracting and seafaring, among others, taking into account the changing world of work, and the impact on this of the Covid-19 pandemic. *Psychological Support for Workers on the Move* provides essential guidance to organisations posting personnel internationally, to psychological and wellbeing therapists working with them, and to individual workers themselves

poisonwood bible pdf: The Writer and the Overseas Childhood Antje M. Rauwerda, 2014-01-10 What does Ian McEwan have in common with Barbara Kingsolver? Or The Shack's William Paul Young with The Way the Crow Flies' Ann-Marie MacDonald? All four spent significant portions of their formative years overseas as expatriates; all four are third culture kids. These authors share experiences of cultural and geographical displacement that fracture constructions of home and identity, as their fiction attests. This study surveys 17 authors with expat backgrounds to define third culture literature, a burgeoning yet unrecognized branch of international writing characterized by expressions of dislocation, loss, and disenfranchisement. By explicating how the shared cultural details of these writers emerge in literary themes and images, this work introduces third culture literature as a separate field, reinterpreting the work of major writers from across the globe.

poisonwood bible pdf: *Journey Through Trauma* Gretchen Schmelzer, PhD, 2018-02-06 As a therapist, Gretchen Schmelzer has watched far too many people quit during treatment for trauma recovery. They find it too difficult or frightening, or they decide that it's just too late for them. Schmelzer wrote *Journey Through Trauma* specifically for survivors to help them understand the terrain of the healing process and stay on the path. She begins by laying out three important assumptions that support a survivor's healing: that it is possible, that it requires courage and that it cannot be done alone. Traumas that happen more than once - child abuse, sexual abuse, domestic violence, gang violence, war - are all relational traumas. They are traumas that happen inside a relationship and therefore must be healed inside a relationship, whether that relationship is with a therapist or within a group. She then guides readers through the five phases that every survivor must negotiate: Preparation, Unintegration, Identification, Integration and Consolidation. She

creates a mental map of the healing process that helps survivors recognize where they are in their journey to health, see where the hard parts occur and persevere in the process of getting well. Since the cycle of healing repeated trauma is not linear, the survivor comes to understand that circling back around to a previous stage actually means progress as well as facing new challenges. Ultimately, the healing journey is one of trust, as survivors come to trust their capacity to rely on help from others and to trust themselves and the work they have done.

poisonwood bible pdf: The Palgrave International Handbook on Adult and Lifelong Education and Learning Marcella Milana, Sue Webb, John Holford, Richard Waller, Peter Jarvis, 2017-10-10 This Handbook provides a wide-ranging frame of reference for researching adult and lifelong education and learning. With contributions from scores of established and newer scholars from six continents, the volume covers a diverse range of geopolitical and social territories across the world. Drawing on the multiple heritages that underpin research on education and learning in adulthood, this Handbook addresses the inner tensions between adult education, adult learning, lifelong education, and lifelong learning, by using current research and theorizations from disciplinary backgrounds, including philosophy, psychology, biology and neuroscience, anthropology, sociology, history, political science, and economics. It provides an explicit discussion of the differences and tensions between adult and lifelong education and learning, and locates these in different policy and historical contexts, theories and practices. It explores a variety of discipline-based theoretical perspectives, and highlights how these have influenced, and been influenced by, research in the education and learning of adults. The Handbook also explores the inevitable frictions and dilemmas these present, and carefully examines the role of the international dimension in researching education and learning in formal, non-formal and informal contexts, beyond traditional schooling. This state-of-the-art, comprehensive Handbook is the first of its kind to explore adult education, lifelong education and lifelong learning fully as distinct activities on an international scale. It will be an indispensable reference resource for students of education at undergraduate and postgraduate levels, and for academic researchers, professionals and policy-makers concerned with adult and community education, further and vocational education, or work-based training and human resource development.

poisonwood bible pdf: Affinities Jennifer Mason, 2018-03-16 How is it possible to feel an affinity with a place? What is happening when someone feels almost literally transported to another time by a smell or a texture or a song? Why do striking family resemblances sometimes feel uncanny? In each of these cases a potent connection is being made, involving forces, flows, energies and atmospherics that conventional sociological approaches can find hard to grasp, but that are important nonetheless. In this innovative book Jennifer Mason argues that these are affinities – potent charges and charismatically lively connections in personal life, that rise up and matter in some way and that enchant or toxify the everyday. She suggests that exploring affinities opens up new possibilities for conceptualizing the experience of living in the world through what she calls the 'socio-atmospherics of everyday life'. This book invites the reader to embrace possibilities and themes that may seem outside the usual range, and to engage in a more open, attentive, inventive and poetic sociological sensibility.
