portrait of the artist as a young man pdf: *Proceedings of the Worldwide Music Conference 2021* Ildar D. Khannanov, Roman Ruditsa, 2021-04-12 This book presents sixteen chapters in Volume 1. This Volume I of the Proceedings of the Worldwide Music Conference 2021 offers a smorgasbord of scientific approaches to music. The congress is one of a kind; it is dedicated not to a specific field but to the interdisciplinary developments and the interaction with the representatives from actual scientific disciplines. The languages of mathematics, computer science, semiotics, palaeography, and medicine are in the mix; geography of the studies is also impressive—Greece, Mexico, China, Russia, India, Poland, and USA, to name just a few. The purpose of such juxtaposition is to see how the terminology, categorical apparatus, and interpretations of music vary from science to science and how this can enrich the terminology of music theory. They cover a wide range of topics that the editors divided into four subfields: music in interdisciplinary contexts, music and current technology, musical instruments and voice, and music pedagogy and medicine. The opening section of the Proceedings is thus dedicated to the idea of interdisciplinarity, relationship of creator of theory of harmony Rameau to sciences of his time, the idea of number in music, co-creation, and the category of musical network. Three more chapters here deal with Russian palaeography, Indian musical genre, and the idea of musical semiotics. It is a kind of opening statement from music theorists. Part two, music and current technology, united three chapters, on “zero gravity” concept in modern music, discussion of scales as mathematical networks, and the innovation in digital music making, transforming it from stationary to mobile applications. The third part, musical instruments and voice, is of special interest because it is in the study of the instruments, the design, acoustic characteristics, and tuning, and sciences have cooperated with music theory for centuries. In addition to instruments, one chapter here is dedicated to voice. The last part, musical pedagogy and medicine, takes the reader even further into the interdisciplinary domain. The Proceedings is written in standard English language, prepared for the pleasure of reading of wide circles of professionals in different fields. The purpose of the editors is to bring this rather diverse set of texts into the context of a fruitful dialogue.

Rather than simply proposing or applying new methodologies, it historicises and reconceives the critical assumptions that have shaped scholarly approaches to these works for over half a century, showing that non-fiction as a categorical distinction, no matter how sensible it appears, crumbles under closer inspection. Bringing into conversation a group of key Joyce scholars, this volume acts not only as a vital reimagining of our critical relationship to Joyce's non-fiction, but as a contribution to similar debates being carried out across the broad range of modernist studies.

portrait of the artist as a young man pdf: *Reading Modernism with Machines* Shawna Ross, James O'Sullivan, 2016-11-30 This book uses the discipline-specific, computational methods of the digital humanities to explore a constellation of rigorous case studies of modernist literature. With the publication of a variety of volumes that define and debate the digital humanities, we now have the opportunity to focus attention on specific periods and movements in literary history. Each of the case studies in this book emphasizes literary interpretation and engages with histories of textuality and new media, rather than dwelling on technical minutiae. *Reading Modernism with Machines* thereby intervenes critically in ongoing debates within modernist studies, while also exploring exciting new directions for the digital humanities—ultimately reflecting on the conjunctions and disjunctions between the technological cultures of the modernist era and our own digital present.

portrait of the artist as a young man pdf: *Literature as Cultural Ecology* Hubert Zapf, 2016-04-21 Drawing on the latest debates in ecocritical theory and sustainability studies, *Literature as Cultural Ecology: Sustainable Texts* outlines a new approach to the reading of literary texts. Hubert Zapf considers the ways in which literature operates as a form of cultural ecology, using language, imagination and critique to challenge and transform cultural narratives of humanity's relationship to nature. In this way, the book demonstrates the important role that literature plays in creating a more sustainable way of life. Applying this approach to works by writers such as Emily Dickinson, Edgar Allan Poe, Herman Melville, William Faulkner, Toni Morrison, Zakes Mda, and Amitav Ghosh, *Literature as Cultural Ecology* is an essential contribution to the contemporary environmental humanities.

portrait of the artist as a young man pdf: *The Retrospective Imagination of A. B. Yehoshua* Yael Halevi-Wise, 2020-12-22 Once referred to by the New York Times as the "Israeli Faulkner," A. B. Yehoshua's fiction invites an assessment of Israel's Jewish inheritance and the moral and political options that the country currently faces in the Middle East. *The Retrospective Imagination of A. B. Yehoshua* is an insightful overview of the fiction, nonfiction, and hundreds of critical responses to the work of Israel's leading novelist. Instead of an exhaustive chronological-biographical account of Yehoshua's artistic growth, Yael Halevi-Wise calls for a systematic appreciation of the author's major

themes and compositional patterns. Specifically, she argues for reading Yehoshua's novels as reflections on the "condition of Israel," constructed multifocally to engage four intersecting levels of signification: psychological, sociological, historical, and historiosophic. Each of the book's seven chapters employs a different interpretive method to showcase how Yehoshua's constructions of character psychology, social relations, national history, and historiosophic allusions to traditional Jewish symbols manifest themselves across his novels. The book ends with a playful dialogue in the style of Yehoshua's masterpiece, *Mr. Mani*, that interrogates his definition of Jewish identity. Masterfully written, with full control of all the relevant materials, Halevi-Wise's assessment of Yehoshua will appeal to students and scholars of modern Jewish literature and Jewish studies.

portrait of the artist as a young man pdf: Freedom of the Self Jeffrey F. Keuss, 2010-07-01 *Freedom of the Self* revitalizes the question of identity formation in a postmodern era through a deep reading of Christian life in relation to current trends seen in the Emergent and Missional church movements. By relocating deep identity formation as formed and released through a renewed appraisal of kenotic Christology coupled with readings of Continental philosophy (Derrida, Levinas, Marion) and popular culture, Keuss offers a bold vision for what it means to be truly human in contemporary society, as what he calls the kenotic self. In addition to providing a robust reflection of philosophical and theological understanding of identity formation, from Aristotle and Augustine through to contemporary thinkers, *Freedom of the Self* suggests some tangible steps for the individual and the church in regard to how everyday concerns such as economics, literature, and urbanization can be part of living into the life of the kenotic self.

portrait of the artist as a young man pdf: Animation and Memory Maarten van Gageldonk, László Munteán, Ali Shobeiri, 2020-08-20 This book examines the role of memory in animation, as well as the ways in which the medium of animation can function as a technology of remembering and forgetting. By doing so, it establishes a platform for the cross-fertilization between the burgeoning fields of animation studies and memory studies. By analyzing a wide range of different animation types, from stop motion to computer animation, and from cell animated cartoons to painted animation, this book explores the ways in which animation can function as a representational medium. The five parts of the book discuss the interrelation of animation and memory through the lens of materiality, corporeality, animation techniques, the city, and animated documentaries. These discussions raise a number of questions: how do animation films bring forth personal and collective pasts? What is the role of found footage, objects, and sound in the material and affective dimensions of animation? How does animation serve political ends? The essays in this volume offer answers to these questions through a wide variety of case studies and contexts. The book will appeal to both a broad academic and a more general readership with an interest in animation studies, memory studies, cultural studies, comparative visual arts, and media studies. Chapter "Introduction" is available open access under a Creative Commons Attribution 4.0 International License via link.springer.com.

portrait of the artist as a young man pdf: Feeling Strangely in Mid-Century Spanish and Latin American Women's Fiction Tess C. Rankin, 2023-12-15 An Open Access edition of this book is available on the Liverpool University Press website and the OAPEN library as part of the Opening the Future project with COPIM. The early twentieth century was awash in revolutionary scientific discourse, and its uptake in the public imaginary through popular scientific writings touched every area of human experience, from politics and governance to social mores and culture. *Feeling Strangely* argues that these shifting scientific understandings and their integration into Hispanic and Lusophone society reshaped the experience of gender. The book analyzes gender as a felt experience and explores how that experience is shaped by popular scientific discourse by examining

the “strange” femininity of young protagonists in four novels written by women in Spanish and Portuguese: Rosa Chacel’s *Memorias de Leticia Valle* (published in Argentina in 1945); Norah Lange’s *Personas en la sala* (Argentina, 1950); Carmen Laforet’s *Nada* (Spain, 1945); and Clarice Lispector’s *Perto do coração selvagem* (Brazil, 1943). It pairs each novel with a broad scientific theme selected from those that captured the contemporary popular imagination to argue that the young female protagonists in these novels all put forth visions of young womanhood as an experience of strangeness. Building on Carmen Martín Gaité’s term *chicas raras*, Rankin proposes this strangeness as constitutive of a gendered experience inextricable from affective and material engagements with the world.

portrait of the artist as a young man pdf: Henry Miller James M. Decker, Indrek Mõnniste, 2016-10-20 Scholarly responses to Henry Miller’s works have never been numerous and for many years Miller was not a fashionable writer for literary studies. In fact, there exist only three collections of essays concerning Henry Miller’s oeuvre. Since these books appeared, a new generation of international Miller scholars has emerged, one that is re-energizing critical readings of this important American Modernist. *Henry Miller: New Perspectives* presents new essays on carefully chosen themes within Miller and his intellectual heritage to form the most authoritative collection ever published on this author.

portrait of the artist as a young man pdf: Beckett’s Imagined Interpreters and the Failures of Modernism Nick Wolterman, 2022-07-20 Samuel Beckett’s work is littered with ironic self-reflexive comments on presumed audience expectations that it should ultimately make explicable sense. An ample store of letters and anecdotes suggests Beckett’s own preoccupation with and resistance to similar interpretive mindsets. Yet until now such concerns have remained the stuff of scholarly footnotes and asides. *Beckett’s Imagined Interpreters and the Failures of Modernism* addresses these issues head-on and investigates how Beckett’s ideas about who he writes for affect what he writes. What it finds speaks to current understandings not only of Beckett’s techniques and ambitions, but also of modernism’s experiments as fundamentally compromised challenges to enshrined ways of understanding and organizing the social world. Beckett’s uniquely anxious audience-targeting brings out similarly self-doubting strategies in the work of other experimental twentieth-century writers and artists in whom he is interested: his corpus proves emblematic of a modernism that understands its inability to achieve transformative social effects all at once, but that nevertheless judiciously complicates too-neat distinctions drawn within ongoing culture wars. For its re-evaluations of four key points of orientation for understanding Beckett’s artistic ambitions—his arch critical pronouncements, his postwar conflations of value and valuelessness, his often-ambiguous self-commentary, and his sardonic metatheatrical play—as well as for its running dialogue with wider debates around modernism as a social phenomenon, this book is of interest to students and researchers interested in Beckett, modernism, and the relations between modern and contemporary artistic and social developments.

portrait of the artist as a young man pdf: Patrick McCabe’s Ireland , 2018-12-24 Few contemporary Irish writers have been more attuned to the historical influence of partition on Ireland’s culture and literary representation than Patrick McCabe. In the recent context of Brexit, his work produced in the late nineteen nineties and early two-thousands carries considerable poignancy, especially in relation to the Catholic Church, gender roles and persistence of a history of violence in Ireland. This volume attends to three novels, *The Butcher Boy*, *Breakfast on Pluto* and *Winterwood* as an emblematic representation of Ireland in the late twentieth and early twenty-first centuries. Contributors are: K. Brisley Brennan, Aisling Cormack, Flore Coulouma, Luke Gibbons, Lindsay Haney, Barbara Hoffmann, Jennifer Keating, James F. Knapp, Colin MacCabe, Kristina Varade.

portrait of the artist as a young man pdf: The Virgin of Prince Street Sonja Livingston, 2019-09-01 With organized religion becoming increasingly divisive and politicized and Americans abandoning their pews in droves, it’s easy to question aspects of traditional spirituality and devotion. In response to this shifting landscape, Sonja Livingston undertakes a variety of expeditions—from a

mobile confessional in Cajun Country to a eucharistic procession in Galway, Ireland, to the Death and Marigolds Parade in Albuquerque, New Mexico, and Mass in a county jail on Thanksgiving Day—to better understand devotion in her own life. The Virgin of Prince Street chronicles her quest, offering an intimate and unusually candid view into Livingston's relationship with the swiftly changing Catholic Church and into her own changing heart. Ultimately, Livingston's meditations on quirky rituals and fading traditions thoughtfully and dynamically interrogate traditional elements of sacramental devotion, especially as they relate to concepts of religion, relationships, and the sacred.

portrait of the artist as a young man pdf: Sex and Nation in Transatlantic Literatures Agata Szczeszak-Brewer, 2025-06-12 Nationalist and tribal cohesion in Ireland, South Africa, the US, and elsewhere often relies on an absence of female and gender-nonconforming bodies in the public life. Staging a vital counter-narrative to global nationalist discourses, this book explores how 20th and 21st-century postcolonial literatures criticize hetero-normative definitions of nationhood across different geopolitical and cultural contexts. Szczeszak-Brewer delves into the metaphorical currency of male impotence and sexual aggression in nationalist narratives. She examines the place of gender-nonconforming characters in literature from Ireland, the US, Poland, France, Britain, South Africa, and Senegal, in the work of writers including: James Joyce, Witold Gombrowicz, Jean Toomer, Bessie Head, Zoë Wicomb, J. M. Coetzee, Andrea Levy, Patrick McCabe, and David Diop. Aligning queer and gender perspectives with discussions of white supremacy, this book examines the urgency for contemporary geopolitics to imagine new discourses of community against the backdrop of a rise in neo-nationalisms steeped in homophobic and misogynistic rhetoric.
