sara tout: *Vies Dans L'Ombre Avec J. Krishnamurti* Radha Rajagopal Sloss, 2012-01-17 Durant sa longue existence, le penseur religieux J. Krishnamurti (1895-1986) a conquis l'esprit de millions de gens à travers l'Europe, l'Inde, l'Australie et l'Amérique du Nord. Disparu en 1986, il reste pour beaucoup une référence centrale dans les mouvements de libération spirituelle qui ont fleuri au XXe siècle. Parmi les nombreuses biographies qui lui ont été consacrées, celle qu'a écrite Radha Sloss occupe une place tout à fait à part qu'elle est sûre de conserver compte tenu de l'exceptionnelle

qualité des souvenirs sur lesquels elle est basée: ceux de l'auteur, fille adoptive de Krishnamurti, ceux de son père ensuite, Desikacharya Rajagopal (dit Raja), meilleur ami et plus proche collaborateur de Krishnamurti pendant plus de quarante ans, et ceux de sa mère enfin, Rosalind, l'âme de leur foyer commun. Qu'est-ce que c'était que vivre avec Krishnamurti, et non pas seulement assister à ses conférences ou participer à des causeries avec lui, mais également partager sa vie de tous les jours, jouer avec lui et faire l'expérience de son inépuisable gentillesse avec les enfants et les animaux, contempler un ciel étoilé en sa compagnie. L'écouter évoquer sa propre enfance en Inde et la figure vénérée de sa mère trop tôt disparue. Faire grâce à lui la connaissance de personnages aussi intéressants qu'Aldous Huxley... Ecouter encore, de la bouche des autres adultes de son entourage, ces histoires extraordinaires: la création de la Société Théosophique, la sélection de Krishnamurti à l'âge de 15 ans par les Théosophes C.W. Leadbeater et Annie Besant pour servir de «véhicule» (moyen d'incarnation) à Lord Maitreya, l'accession de Krishnamurti à une indépendance spirituelle iconoclaste une vingtaine d'années plus tard. Avec talent, l'auteur nous raconte aussi, et c'est la partie dramatique de son livre-témoignage, comment, après avoir formé une véritable famille admirée pour son harmonie, Krishnamurti et ses parents ont été amenés à «divorcer». «Comment des idéaux de fraternité humaine, de renoncement à la violence contre toute créature, de libération de la peur, de l'ambition et de la culpabilité, comment des idéaux d'une telle élévation ont-ils pu dégénérer en une telle discorde ?» Vies dans l'Ombre avec J. Krishnamurti est à la fois une biographie non autorisée du philosophe religieux, une autobiographie où l'auteur revit avec nous sa merveilleuse enfance auprès de celui-ci et un réquisitoire affectueux mais sans concession contre le Krishnamurti des années 1960-80. Un document unique sur un guide spirituel de premier plan et un témoignage profondément émouvant.

sara tout: Sodomy, Masculinity and Law in Medieval Literature William E. Burgwinkle, 2004-07-08 William Burgwinkle surveys poetry and letters, histories and literary fiction - including Grail romances - to offer a historical survey of attitudes towards same-sex love during the centuries that gave us the Plantagenet court of Henry II and Eleanor of Aquitaine, courtly love, and Arthurian lore. Burgwinkle illustrates how 'sodomy' becomes a problematic feature of narratives of romance and knighthood. Most texts of the period denounce sodomy and use accusations of sodomitical practice as a way of maintaining a sacrificial climate in which masculine identity is set in opposition to the stigmatised other, for example the foreign, the feminine, and the heretical. What emerges from these readings, however, is that even the most homophobic, masculinist and normative texts of the period demonstrate an inability or unwillingness to separate the sodomitical from the orthodox. These blurred boundaries allow readers to glimpse alternative, even homoerotic, readings.

sara tout: The Continuations of Chrétien's Perceval Leah Tether, 2012 The Continuations of Chretien de Troyes' Perceval are here examined as constituting a discrete genre of medieval literature. The notion of Continuation in medieval literature is a familiar one - but difficult to define precisely. Despite the existence of important texts which are commonly referred to as Continuations, such as Le Roman de la Rose, Le Chevalier de la Charrette and, of course, the Perceval Continuations, the mechanics and processes involved in actually producing a Continuation have found themselves indistinguishable from those associated with other forms of medieval réécriture. The Perceval Continuations (composed c.1200-1230) constitute a vast body of material which incorporates four separately authored Continuations, each of which seeks to further, in some way, the unfinished Perceval of Chrétien de Troyes - though they are not merely responses to his work. Chronologically, they were composed one after the other, and the next in line picks up where the previous one left off; they thus respond intertextually to each other as well as to Chrétien, and only one actually furnishes the story as a whole with an ending. Here, these fascinating texts are used as a lens for examining, defining and distinguishing the whole concept of a Continuation; the author

also employs theories as to what constitutes an end and what is unfinished, alongside scrutiny of other medieval ends and Continuations. Dr Leah Tether is a Postdoctoral Research Fellow at the Cultures of the Digital Economy Institute, Anglia Ruskin University.
