enadu sunday book: **The Great Indian Phone Book** Assa Doron, Robin Jeffrey, 2013-04-02 In 2001, India had 4 million cell phone subscribers. Ten years later, that number had exploded to more than 750 million. Over just a decade, the mobile phone was transformed from a rare and unwieldy instrument to a palm-sized, affordable staple, taken for granted by poor fishermen in Kerala and affluent entrepreneurs in Mumbai alike. The Great Indian Phone Book investigates the social revolution ignited by what may be the most significant communications device in history, one which has disrupted more people and relationships than the printing press, wristwatch, automobile, or railways, though it has qualities of all four. In this fast-paced study, Assa Doron and Robin Jeffrey explore the whole ecosystem of the cheap mobile phone. Blending journalistic immediacy with years of field-research experience in India, they portray the capitalists and bureaucrats who control the cellular infrastructure and wrestle over bandwidth rights, the marketers and technicians who bring mobile phones to the masses, and the often poor, village-bound users who adapt these addictive and sometimes troublesome devices to their daily lives. Examining the challenges cell phones pose to a hierarchy-bound country, the authors argue that in India, where caste and gender restrictions have defined power for generations, the disruptive potential of mobile phones is even greater than elsewhere. The Great Indian Phone Book is a rigorously researched, multidimensional tale of what can happen when a powerful and readily available technology is placed in the hands of a large, still predominantly poor population.

enadu sunday book: Chutnefying English Rita Kothari, Rupert Snell, 2011 Contributed articles. Something has happened to English; and something has happened to Hindi. These two languages, widely spoken across India, need to be understood anew through their 'hybridization' into Hinglish -- a mixture of Hindi and English that has begun to make itself heard everywhere -- from daily conversation to news, films, advertisements and blogs. How did this popular form of urban communication evolve? Is this language the new and trendy idiom of a youthful population no longer competent in either English or Hindi? Or is it an Indianized version of a once-colonial language, claiming its legitimate place alongside India's many bhashas? Chutnefying English: The Phenomenon of Hinglish, the first book on the subject, takes a serious look at this widespread phenomenon of our times which has pervaded every aspect of our daily lives. It addresses the questions that many speakers of both languages ask time and again: should Hinglish be spurned as the bastard offspring of its two parent languages, or welcomed as the natural and legitimate result of their long-term cohabitation? Leading scholars from literature, cultural studies, translation, cinema and new media come together to offer a collection of essays that is refreshingly new in thought and content.--Page 2 of cover.

enadu sunday book: Bank Exam Pedia Bharath Seeman, 2015-02-17 In this present era of competition, every competitive examination consists of 5 sections Quantitative Aptitude, Reasoning, General English, Computer Science and General Awareness related to banking industry. After teaching more than 18,000 students in 28 years, we have seen a lot of students spending their time practicing aptitude and reasoning alone. But the students who cleared the exam would definitely say

the above method of practicing would not help because merely passing in Aptitude and Reasoning sections will not help. Students should also think about the other sections and overall cut off. We know a lot of students who cleared all the sections but failed to clear the overall cut off. In fact, Practicing GK and English is the only way to raise the overall cut-off. So, we have decided to dedicate this entire magazine just for General Awareness & Banking awareness. We sincerely believe that students who practice the next 100 pages would secure 40 marks from the Banking awareness section. We thank Google Play for publishing our e-magazine on their mobile platform. We also thank our students who assisted to bring this magazine out.
