japji sahib english: *Japji Sahib* Narendrapal Dhillon, 2015-05-31 All renderings attempting to explain the Divine path are quite difficult to comprehend. The Japji Sahib of Guru Nanak Dev Ji, which is such a work, was rendered more than 500 years ago. Languages are not static but dynamic and Punjabi language is no exception to this. This fact has not helped in the matter but has rather made it more complex. The book 'JAPJI Sahib: A Complete Way of Life attempts to facilitate the understanding of Japji Sahib, the daily Morning Prayer of Sikhs - incorporated at the beginning of 'Shri Guru Granth Sahib' the scripture of Sikhs - which is to be viewed as a single continuous and compact message of Guru Nanak, depicting unity of the directive principles of Sikhism. There is a school of thought, which explains Japji Sahib as expansion of the introductory 'Mool Mantra'. In this context, Japji Sahib is also stated to be the essence of whole Guru Granth Sahib. Conversely, the whole Guru Granth Sahib is said to be the expansion of Japji Sahib. The commentary, in black print, attempts to reflect this oneness of the principles of this most modern & universal religion of the world. Apart from the commentary, this book also contains the translation of Japji Sahib in English. All the available translations of Japji Sahib are narrative in nature and therefore, make it impossible to relate them to each word of the original rendering in Gurmukhi script. This effort has been made with the idea of setting right this imbalance. The translation, in coloured print, is given in as many words as in the original rendering. Owing to the limitation of the difference in the grammar of the two languages, some words have been added, in the translation, to clarify the complete meaning. These additional words are mentioned in brackets. The commentary and the translation have been interspersed in such a manner that they complement each other for better comprehension by the reader. For easier segregated reading, the translation, in blue print, has been aligned right. However, where there is a direct instruction to be followed by human beings, the translation, in bold print, has been coloured red and has been center-aligned. Another aspect that may be mentioned is that Sikhism has certain concepts, which if not unique, are quite special to it. Few such important concepts are 'Guru', 'Baani/Gurbaani', 'Hukam', 'Maaya', 'Man', 'Haumain', 'Naam/Shabad', 'Sat/Sach/Waheguru' and 'Simran'. Understanding these concepts in right perspective would be a pre-requisite for anyone interested in gaining an in-depth familiarization with this religion. These concepts have also been explained in the book. Some of the difficult words / terms (with super-scribed numbering) used in the book have been clarified in detail separately. It can be said that Japji Sahib helps a person in understanding the very purpose of human life. It also explains the specific acts to be performed in life and the manner in which they are to be performed for achieving the laid down objective of human life. There can't be a more true and simple narration of why and how of the human life than the one detailed in Japji Sahib. Sri Guru Nanak Dev Ji's rendering of Japji Sahib is a service to mankind to which it is difficult to find another equal. Guru Nanak's message of

Japji Sahib transcends all religions and seeks welfare of all beings. It is a powerful tool provided to the human being for fulfillment of his destiny. However, the option remains with the individual as to whether he wants to know, understand and pursue the desired path.

japji sahib english: **Nitnem and Ardaas : English Transliteration** Manmohan Singh Sethi, This prayer book is the kind manifestation of Waheguru ji's grace. It is aimed to assist all, especially the young and those who do not understand Gurmukhi yet, to do Nitnem. Prayer is an essential part of Sikhism. As food nourishes and strengthens the body, prayer purifies the mind uplifts the soul. Sikhs are ordained to rise in the morning and meditate on the Name of God 'Waheguru'. They are also expected to do 'Nitnem' which literally means 'Daily Routine'. Nitnem is composed of a collection of five prayers to be done during different periods of the day. Morning (3 prayers) Japji Sahib, Jaap Sahib and Sawaiye. Evening (1 prayer) - Rehras Sahib Night (1 prayer) - Kirtan Sohila Ardaas should be done after every prayer session. I have included Ardaas for the reader in this book too. The person who forms the habit of doing Nitnem daily, ultimately experiences bliss and peace. While the best experience would be derived from reading the prayers in Gurmukhi, there should be no hindrance for anyone who does not know the Gurmukhi script, to do Nitnem While every effort has been made to simplify the transliteration, I encourage the reader to read the prayers while listening to them in audio format a couple of times. This will help them grasp the correct pronunciation. There is a section for links to the individual prayers in YouTube. This will help to get the correct pronunciation, or if you wish to just listen to the prayers. This prayer book is perfect to carry around in one's device, so the prayers can be performed from anywhere. It is also a wonderful gift to offer to friends and family. After doing prayers regularly, one can look for translation books to assist in helping understand the Bani. I am certain that by Waheguru ji's grace, the reader will eventually seek to learn the Gurmukhi script.

japji sahib english: **Narada Bhakti Sutra** Ashwini Kumar Aggarwal, 2019-02-10 Bhakti is a very special attitude. It is a rare kind of lifestyle. It requires tremendous guts, large-heartedness and purity of vision. Narada was an adventurer from long ago, who exemplified the qualities of a Bhakta. We have heard the famous quote - Beauty lies in the eyes of the Beholder. This is what Narada lived. To him each and every one was divine, so he extended his hand to the cruelest sinner and to the most benevolent king. He went out of his way to have a dialogue with serpents and goblins - braving harsh mountains and rough weathers - demons and despots, commoners, officers, soldiers, saints and children. Narada exuded such warmth and caring, he brought such innocence and spontaneity in his wake, that he not only infused his surroundings with vitality, but also imparted a measure of grace. This is the story of the values he lived, that an ancient sage penned down. It has come down to us as priceless nuggets evoking awe and inspiration. It has the charm of taking us on a journey to freedom. For the students of Sanskrit grammar, copious notes giving the case of each word have been clearly listed.

japji sahib english: The A to Z of Sikhism W. H. McLeod, 2009-07-24 Contrary to popular opinion, there is more to Sikhism than the distinctive dress. First of all, there is the emergence of Guru Nanak, the founder of Sikhism, and the long line of his successors. There are the precepts, many related to liberation through the divine name or nam. There is a particularly turbulent history in which the Sikhs have fought to affirm their beliefs and resist external domination that continues to this day. There is also, more recently, the dispersion from the Punjab throughout the rest of India and on to Europe and the Americas. With this emigration Sikhism has become considerably less exotic, but hardly better known to outsiders. This reference is an excellent place to learn more about the religion. It provides a chronology of events, a brief introduction that gives a general overview of the religion, and a dictionary with several hundred entries, which present the gurus and other leaders, trace the rather complex history, expound some of the precepts and concepts, describe many of the rites and rituals, and explain the meaning of numerous related expressions. All this, along with a bibliography, provides readers with an informative and accessible guide toward understanding Sikhism.

The book engages a number of scholarly disciplines in conversation with each other, including the study of translation and interpreting, religion, philosophy, anthropology, history, art history, and area studies. A range of leading and emerging international specialists critically engage with changing understandings of the key categories 'translation' and 'religion' as discursive constructs, thus contributing to the development of a new field of academic study, translation and religion. The 28 contributions, divided into six parts, analyze how translation constructs ideas, texts, or objects as 'sacred' or for 'religious purposes', often in competition with what is categorized as 'non-religious.' The part played by faith communities is treated as integral to analyses of the role of translation and religion. It investigates how or why translation functions in re-constructing and transforming religion(s) and for whom and examines a range of 'sacred texts' in translation— from the written to the spoken, manuscript to print, paper to digital, architectural form to objects of sacred art, intersemiotic scriptural texts, and where commentary, exegesis and translation interweave. This Handbook is an indispensable scholarly resource for researchers in translation studies and the study of religions.
