newchoti: The Last Color Vikas Khanna, 2019-02-04 It's Holi, 2012, the Hindu festival of spring, and back in Varanasi after twenty years, a young advocate is celebrating a nation-wide Supreme Court order against an age-old tradition of social injustice meted out to the destitute widows of India – to whom even the simple joys of color were denied. It was in this city that, twenty years ago, Choti, a sassy, tight-rope walker befriends an old widow, Noor. As a member of the ashram, she lives a life of complete abstinence, but her young friend's innocent exuberance and joy of life fills her with renewed hope. The two form an unlikely bond, with Noor looking out for Choti, inspiring her to 'fly high' by seeking an education and fighting for her rights with dignity. Choti listens enraptured by the memories her friend shares: of playing Holi dressed as Radha, the consort of Lord Krishna, and flinging great bursts of her favorite pink-colored gulal into the sky. Choti promises her that they will play the next Holi together. But then, one night, another friend of Choti's, Anarkali, is murdered by the heinous police chief and his goons. Being the only witness to her murder, Choti is imprisoned on the eve of Holi. Everything falls apart in the ensuing chaos. Will Choti be able to keep her promise of playing Holi with Noor? Pitting the smoke rising from the funeral pyres of Manikarnika Ghat, against the joyous color-bursts of Holi celebrations, Vikas Khanna's marvellously layered story of the survival of a delicate friendship, is brilliantly told and poignantly life-affirming.

newchoti: Fragile Hope Sandhya Fuchs, 2024-06-18 Against the backdrop of the global Black Lives Matter movement, debates around the social impact of hate crime legislation have come to the political fore. In 2019, the UN Commission on Crime Prevention and Criminal Justice urgently asked how legal systems can counter bias and discrimination. In India, a nation with vast socio-cultural diversity, and a complex colonial past, questions about the relationship between law and histories of oppression have become particularly pressing. Recently, India has seen a rise in violence against Dalits (ex-untouchables) and other minorities. Consequently, an emerging Dalit Lives Matter movement has campaigned for the effective implementation of India's only hate crime law: the 1989 Scheduled Castes/Scheduled Tribes Prevention of Atrocities Act (PoA). Drawing on long-term fieldwork with Dalit survivors of caste atrocities, human rights NGOs, police, and judiciary, Sandhya Fuchs unveils how Dalit communities in the state of Rajasthan interpret and mobilize the PoA. Fuchs shows that the PoA has emerged as a project of legal meliorism: the idea that persistent and creative legal labor can gradually improve the oppressive conditions that characterize Dalit lives. Moving beyond statistics and judicial arguments, Fuchs uses the intimate lens of personal narratives to lay bare how legal processes converge and conflict with political and gendered concerns about justice for caste atrocities, creating new controversies, inequalities, and hopes.

newchoti: Religious New Year's Celebrations Ann Morrill, 2009 New Year's celebrations are times when families and friends come together to celebrate endings and new beginnings. When a religious element is added to these celebrations, there is also a sense of spiritual duty. newchoti: The New India Rahul Bhatia, 2024-11-12 A sweeping journey through twenty-first century India's violent lurch towards autocracy. Since Narendra Modi's election in May 2014, India has become more dysfunctional and dangerous than ever. The world's largest democracy has seen a cascade of events ushered in by a nationalistic and religious government that have threatened the freedoms and identities of its citizens. If you support Modi, you are a bhakt, among the devoted. If you do not, you are an urban naxal, an unpatriotic traitor, and enemy of the Hindu faith. There is, increasingly, no room in between. In The New India, journalist Rahul Bhatia investigates this slow burn of democracy in India, connecting past and present to offer the first thorough account of how the country is sliding towards autocracy. He describes the religious, societal, and technological changes that have brought India to a point at which a nationalist mindset that despises democracy and human rights is spreading fast, all in an effort to bind the multiethnic, multilingual, and multicultural country into a single identity. Through a character-driven narrative informed by on the ground reporting, he investigates the disinformation machine at the heart of the Modi government, the corrupt lawmakers whose work targets religious minorities, the police force bent on raiding every public newsroom, and the CEO behind the largest data collecting agency in the world whose invention has forever altered Indian elections. At the same time, Bhatia shows us the consequences of these efforts on everyday citizens—from Muslims attempting to hold on to their property to students protesting the government's overreach of their education to journalists being threatened for uttering a single word against the BJP party. What emerges is a timely, urgent and at times shocking portrait of a country that has turned on itself.

newchoti: Urban Histories of Rajasthan Elizabeth M. Thelen, 2022-06-20 An exploration of

religious conflicts in premodern urban India. Diverse peoples intermingled in the streets and markets of premodern Indian cities. This book considers how these diverse residents lived together and negotiated their differences. Which differences mattered, when and to whom? How did state actions and policies affect urban society and the lives of various communities? How and why did conflict occur in urban spaces? Through these questions, this book explores the histories of urban communities in the three cities of Ajmer, Nagaur, and Pushkar in Rajasthan, between the sixteenth and eighteenth centuries. The focus of this study is on everyday life, contextualizing religious practices and conflicts by considering patterns of patronage and broader conflict patterns within society. The book examines various archival documents, from family and institutional records to state registers, and uses these documents to demonstrate the complex and sometimes contradictory ways religion intersected with politics, economics, and society. The author shows how many patronage patterns and processes persisted in altered forms, and how the robustness of these structures contributed to the resilience of urban spaces and society in precolonial Rajasthan.
