As new generations of Sikhs engage with the world through sensibilities defined by their contemporary contexts, they find themselves constructed in images dissonant with their lived realities. The Sikh Next Door: An Identity in Transition traces these changes while also making an incisive analysis of old stereotypes-some heroic, some menacing and some farcical. It simultaneously brings into focus the real people behind these images, their varying social stances and their collective commitment to a common religious identity. The work attempts to reframe the Sikhs, bending a few existing narratives and offering an impetus for a more nuanced understanding of the community.
