Understanding Acupressure and Its Significance

Acupressure is an ancient healing technique rooted in Traditional Chinese Medicine (TCM). - Portability: PDF files are easy to store on devices, allowing you to carry your reference wherever you go.

A typical acupressure points chart PDF includes:

- Detailed diagrams of the human body—front, back, and sometimes side views.
- Markers indicating precise acupoint locations.
- Descriptions of each point's name, function, and associated health benefits.
- Meridian pathways illustrating the flow of energy (Qi or Chi) throughout the body.
- Guidelines for applying pressure, including recommended duration and pressure intensity.

Key Components of an Acupressure Points Chart

1. Meridian Lines and Energy Channels

The human body is mapped with several meridians—energy channels through which Qi flows. The most prominent meridians include:

- Lung Meridian

- Large Intestine Meridian
- Stomach Meridian
- Spleen Meridian
- Heart Meridian
- Small Intestine Meridian
- Bladder Meridian
- Kidney Meridian
- Pericardium Meridian
- Triple Burner (San Jiao) Meridian
- Gallbladder Meridian
- Liver Meridian

Understanding these pathways helps in locating acupoints along their course.

2. Major Acupressure Points

Some acupoints are more commonly used due to their wide-ranging benefits:

- LI4 (Hegu): Located on the hand; relieves headaches, facial pain, and promotes general energy flow.
- ST36 (Zusanli): Situated on the lower leg; boosts immunity, digestion, and energy.
- SP6 (Sanyinjiao): On the inner leg; used for menstrual issues, insomnia, and stress.
- CV17 (Shanzhong): Located on the chest; alleviates anxiety, chest tightness, and respiratory issues.
- LV3 (Taichong): On the foot; helps with liver energy, stress, and emotional balance.

3. Points for Specific Conditions

Many charts highlight acupoints relevant to particular ailments:

acupressure points chart pdf: EFT -Emotional Freedom Technique and Acupressure, Color Breathing, Visualization for Healthy Mind, Body and Clear Eyesight Clark Night, 2011-03-06 Color version. EFT is an Easy Type of Chinese Acupressure, Puncture without Needles or Hard Pressure. EFT is applied by 'TAPPING', activating energy points, meridians on/in the body with the fingertips. Tapping removes energy blocks, (stuck, stagnant energy), orients, 'polarizes', corrects, balances and strengthens the energy flow in the body, through the Meridians/Energy Pathways, Energy Points, Chakras, Nervous System. (Electric, Chi and other Energies, Physical and Spiritual.) Tai Chi, Qi Gong, Karate Energy Control Methods are related to EFT. EFT removes negative, destructive emotions, thoughts, feelings, stress from the mind/brain, system by correcting energy flow. The body's energies flow correct and strengthen. EFT balances and improves function of the left and right brain hemispheres. This produces good health, clear eyesight. Neck, chest, shoulder, eye muscle tension, stiff, infrequent eye 'shifting' movements, headaches, strain in the mind/brain, negative, unhappy past/present thoughts, emotions, experiences, blocked energy flow, lowered liver/kidney health, staring, squinting cause unclear eyesight. Negative, destructive thoughts, emotions, worry are a common cause of mental strain, back, chest, shoulder, neck, eye muscle tension and unclear eyesight. Lowered eyesight increases worry, mental strain, which then increases the body.., neck, eye muscle tension. Eye function is impaired. Light rays focus incorrect in the eye. Circulation to/in the eye lowers. Vision is more unclear. EFT, Nutrition, Natural Eyesight Improvement corrects these conditions; Blocked energy (experienced during a stressful event) happens first, before the negative emotions occur and locks them into the mind/body. Negative thoughts, emotions maintain blocked energy flow. Removing blocked energy first results in removal of the negative emotions, thoughts, feelings and often brings instant clear eyesight. As EFT Tapping removes energy blocks, corrects the energy flow, resulting in removal of negative emotions, thoughts, feelings; the person can then place positive, constructive thoughts into the mind, system; think, feel in a positive, constructive way about the past or present stressful event. Positive thoughts, emotions help to correct and strengthen the body's energy flow. Correct energy flow is now maintained. Mental and physical health improve, eye function returns to normal, eyesight is 20/20 and clearer at all distances, close and far. Health of body organs, systems improve as energy flows correct throughout the body. EFT improves the function of the brain, visual cortex, left and right brain hemisphere activation, integration. This improves function of the brain with the eyes, retina, eye muscles and body. Eyesight and mental, physical health improve. Memory, imagination, math, science, speech, learning, creativity, art, music., skills - all functions of the brain, left and right hemispheres even the oldest, deep survival areas of the brain improve.
