poems for softball: Selected Poems Richard Hugo, 1979-07-17 The poems in this volume were selected by the poet in 1978 from his first three books—A Run of Jacks, Death of the Kapowsin Tavern, and Good Luck in Cracked Italian—and from his three more recent books, The Lady in Kicking Horse Reservoir, What Thou Lovest Well Remains American, and 31 Letters and 13 Dreams. The result easily demonstrated, then as now, the massive achievement of the writer whom Carolyn Kizer called one of the most passionate, energetic, and honest poets living.

poems for softball: The Lady in Kicking Horse Reservoir: Poems Richard Hugo, 1973-01-17 Richard Hugo's concern is the unenviable, the unvisited, even the uninviting, which he must invest with his own deprivations, his own private war. The distinctiveness of impulse in his language, the movement organized in single syllables by the craving mind, this credible richness is related to, is even derived from, the poverty of the places, local emanations, free (or freed) to be the poet's own. --Richard Howard Richard Hugo is such an important poet because the difficulties inherent in his art provide him a means of saying what he has to say. It is no accident that he must develop a negative in order to produce a true image. --Richard Howard

This, then, is the definitive collection of a major American poet's enduring works.

poems for softball: A Poet's Assortment Of Poems Ken Martinez, 2015-06-23 This book is like a plant growing from a stone wall, a poem growing from a story. A few months ago, I opened my laptop and resumed last night's work on this new literary project, which had no working title — centered on a collection of my poems and their stories. Some of the poems here are written or suggested in my autobiography, 'Koko Ken'. I am having a hard time writing this section because the stories and elucidations are written within this book. Being a Spina-Bifida baby boomer, I wasn't to live past six weeks. I'm sixty-four - by the blessings of the Lord, the plant is alive from the stone wall. So, here we are, growing from the wall, the stories and me behind the poems.

poems for softball: Warren, Jarrell, and Lowell Joan Romano Shifflett, 2020-06-03 Robert Penn Warren, Randall Jarrell, and Robert Lowell maintained lifelong, well-documented friendships with one another, often discussing each other's work in private correspondence and published reviews. Joan Romano Shifflett's *Warren, Jarrell, and Lowell: Collaboration in the Reshaping of American Poetry* traces the artistic and personal connections between the three writers. Her study uncovers the significance of their parallel literary development and reevaluates dominant views of how American poetry evolved during the mid-twentieth century. Familiar accounts of literary history, most prominently the celebration of Lowell's *Life Studies* as a revolutionary breakthrough into confessional poetry, have obscured the significance of the deep connections that Lowell shared with Warren and Jarrell. They all became quite close in the 1930s, with the content and style of their early poetry revealing the impact of their mentors John Crowe Ransom and Allen Tate, whose aesthetics the three would ultimately modify and transform. The three poets achieved professional maturity and success in the 1940s, during which time they relied on one another's honest critiques as they experimented with changes in subject matter and modes of expression. Shifflett shows that their works of the late 1940s were heavily influenced by Robert Frost. This period found Warren, Jarrell, and Lowell infusing ostensibly simple verse with multifaceted layers of meaning, capturing the language of speech in diction and rhythm, and striving to raise human experience to a universal level. During the 1950s, the three poets became public figures, producing major works that addressed the nation's postwar need to reconnect with humanity. Warren, Jarrell, and Lowell continued to respond in interlocking ways throughout the 1960s, with each writer using innovative stylistic techniques to create a colloquy with readers that directed attention away from superficial matters and toward the important work of self-reflection. Drawing from biographical materials and correspondence, along with detailed readings of many poems, Warren, Jarrell, and Lowell offers a compelling new perspective on the shaping of twentieth-century American poetry.

poems for softball: A Reader's Guide to Wallace Stevens Eleanor Cook, 2009-03-09 Wallace Stevens is one of the major poets of the twentieth century, and also among the most challenging. His poems can be dazzling in their verbal brilliance. They are often shot through with lavish imagery and wit, informed by a lawyer's logic, and disarmingly unexpected: a singing jackrabbit, the seductive Nanzia Nunzio. They also spoke--and still speak--to contemporary concerns. Though his work is popular and his readership continues to grow, many readers encountering it are baffled by such rich and strange poetry. Eleanor Cook, a leading critic of poetry and expert on Stevens, gives us here the essential reader's guide to this important American poet. Cook goes through each of Stevens's poems in his six major collections as well as his later lyrics, in chronological order. For each poem she provides an introductory head note and a series of annotations on difficult phrases and references, illuminating for us just why and how Stevens was a master at his art. Her annotations, which include both previously unpublished scholarship and interpretive remarks, will benefit beginners and specialists alike. Cook also provides a brief biography of Stevens, and offers a detailed appendix on how to read modern poetry. *A Reader's Guide to Wallace Stevens* is an indispensable resource and the perfect companion to *The Collected Poems of Wallace Stevens*, first published in 1954 in honor of Stevens's seventy-fifth birthday, as well as to the 1997 collection *Wallace Stevens: Collected Poetry and Prose*.

poems for softball: The Republic of Poetry: Poems Martín Espada, 2008-04-17 The eighth collection by the Pablo Neruda of North American authors (Sandra Cisneros) was a finalist for the 2007 Pulitzer Prize. In his eighth collection of poems, Martín Espada celebrates the power of poetry itself. *The Republic of Poetry* is a place of odes and elegies, collective memory and hidden history, miraculous happenings and redemptive justice. Here poets return from the dead, visit in dreams, even rent a helicopter to drop poems on bookmarks.

poems for softball: Writing and Understanding Poetry for Teachers and Students

Suzanne Keyworth, Cassandra Robison, 2015-02-19 Grounded in craft, this book was composed on three premises: That the study and modeling of great poems is integral to understanding poetry and learning to write poems, that scaffolded learning builds a writer's and a reader's confidence and knowledge base and increases learning, and that teachers and facilitators of poetry can and should build learning environments we call "our hearts in a safe place." Each chapter contains an introduction to a main focus, new terms, a model poem, an explication, short prompts heuristic to each chapter's focus, and a model exercise. Student poem samples are included in each chapter. The last chapter discusses syllabi, portfolios and alternate grading. A Heart's Craft differs from other poetry "how to books" because it combines art with pedagogy in a unique and effective fashion.
