anandabazar today: *India Today* Arnold P. Kaminsky, Roger D. Long Ph.D., 2011-09-23

Containing almost 250 entries written by scholars from around the world, this two-volume resource provides current, accurate, and useful information on the politics, economics, society, and cultures of India since 1947. With more than a billion citizens—almost 18 percent of the world's population—India is a reflection of over 5,000 years of interaction and exchange across a wide spectrum of cultures and civilizations. *India Today: An Encyclopedia of Life in the Republic* describes the growth and development of the nation since it achieved independence from the British Raj in 1947. The two-volume work presents an analytical review of India's transition from fledgling state to the world's largest democracy and potential economic superpower. Providing current data and perspective backed by historical context as appropriate, the encyclopedia brings together the latest scholarship on India's diverse cultures, societies, religions, political cultures, and social and economic challenges. It covers such issues as foreign relations, security, and economic and political developments, helping readers understand India's people and appreciate the nation's importance as a political power and economic force, both regionally and globally.

anandabazar today: *India Today* , 2006

anandabazar today: *Divided Media* Suruchi Mazumdar, 2025-05-20 This book addresses the complex relationship between India's evolving, emerging media landscape, the political and economic interests of diverse media actors, and movements opposing contentious issues such as market-based economic reforms and religious nationalism. Through the complexities of mainstream news media and emerging digital culture in the eastern city of Kolkata, this book foregrounds regional and linguistic variations in the studies of media, movements, and politics in India. By focusing on popular movements against agricultural land acquisition in the state of West Bengal, in 2006 and 2007, and contemporary citizen-led activisms, this book captures the tension between mainstream media's political and commercial logic, movements and digital activisms questioning dominant development and religious nationalist agenda, and the possibilities of political diversity and democratic participation. Situating the study in a multi-hybrid digital space that intimately integrates the old and new media, this book draws on critical, thematic analysis of newspaper coverage, digital qualitative studies of techno-commercial features such as hashtags and viral videos, and extensive interviews. This book proposes the theoretical concept of a hybrid partisan system, and argues that heterogeneity -- the complex, dynamic interaction of commercially-run media's political alliances, the commercial logic, and hybrid professional norms -- remains consequential for movement visibilities, but contributes to deep ambiguities and commonalities in core issues such as industrialization in a developing economy. This book would be relevant to scholars of journalism, political communication, media systems, and mediated activisms in communication studies, sociology, political science, and South Asian studies.

anandabazar today: *Popular Cinema in Bengal* Madhuja Mukherjee, Kaustav Bakshi, 2020-06-09 *Popular Cinema in Bengal* marks a decisive turn in studies of Bengali language cinema by shifting the focus from auteur and text-based studies to exhaustive readings of the film industry. The book covers a wide range of themes and issues, including: generic tropes (like comedy and action); iconic figurations (of the detective and the city); (female) stars such as Kanan Bala, Sadhana Bose and Aparna Sen; intensities of public debates (subjects of high and low cultures, taste, viewership, gender and sexuality); print cultures (including posters, magazines and song-booklets); cinematic spaces; and trans-media and trans-cultural traffic. By locating cinema within the crosscurrents of geo-political transformations, the book highlights the new and persuasive research that has materialised over the last decade. The authors raise pertinent questions regarding 'regional' cinema as a category, in relation to 'national' cinema models, and trace the non-linear journey of the popular via multiple (media) trajectories. They address subjects of physicality, sexuality and its representations, industrial change, spaces of consumption, and cinema's meandering directions

through global circuits and low-end networks. Highlighting the ever-changing contours of cinema in Bengal in all its popular forms and proposing a new historiography, *Popular Cinema in Bengal* will be of great interest to scholars of film studies and South-Asian popular culture. The chapters were originally published in the journal *South Asian History and Culture*.

anandabazar today: Being Bengali Mridula Nath Chakraborty, 2014-03-26 Bengal has long been one of the key centres of civilisation and culture in the Indian subcontinent. However, Bengali identity – Bengaliness – is complicated by its long history of evolution, the fact that Bengal is now divided between India and Bangladesh, and by virtue of a very large international diaspora from both parts of Bengal. This book explores a wide range of issues connected with Bengali identity. Amongst other subjects, it considers the special problems arising as a result of the division of Bengal, and concludes by demonstrating that there are many factors which make for the idea of a Bengali identity.

anandabazar today: Markets, Capitalism and Urban Space in India Anirban Acharya, 2022-07-29 This book analyses the question of the right to the city, informal economies and the non-western shape of neoliberal governance in India through a new analytic: the right to sell. The book examines why and how states attempt to curb, control, and eliminate markets of urban informal street vendors. Focusing on Kolkata, the author provides a theoretical explanation of this puzzle by distilling and analysing the inherent tensions among the constitutive elements of neoliberal governance, namely, growth imperative, market activism, and corporatization, and demonstrates its implications for the formal/informal boundaries of the economy. A useful addition to the existing literatures on the right to the city, informal economies, and the shapes that neoliberalism takes in the non-west, the book provides a non-western counter to accounts of neoliberalism and will be of interest to academics working in the fields of South Asian Studies, Urban Studies, and Political Economy.

anandabazar today: The Bose Deception Anuj Dhar, 2024-10-30 What exactly is this controversy about Netaji's 'disappearance'? Efforts by the authors led to the declassification of more than 1,300 secret files on Bose. Does new material offer new evidence on Bose's reported death in 1945? *The Bose Deception: Declassified* opens a window to this and much more. In January 2016, the Government of India began declassifying classified PMO, MEA, MHA and Cabinet Secretariat files related to the mysterious 'disappearance' of Subhas Chandra Bose at the end of the Second World War. No one could have imagined that even seventy years after Bose's disappearance, the government had been holding hundreds of files related to him in utmost secrecy. The official view that Bose died in a plane crash in Taiwan never found public acceptance, leading to multiple inquiries. Claims, counter-claims and conspiracy theories continued to complicate the mystery for nearly seventy-five years, primarily because of keeping information hidden from public view. In this fascinating investigative work, Dhar and Ghose have rummaged through more than two thousand files declassified in India, and in the UK, USA and Taiwan to unentangle the complex web of a deception plan, that has kept the whole country on tenterhooks for decades. They unravel the plot layer by layer to tell a story that is bound to shock the readers.

anandabazar today: Two Bengals Arindam Banik, Munim Kumar Barai, 2023-05-18 Bangladesh and the Indian state of West Bengal share many characteristics, including a common language, fertile land, abundant rainfall, year-round warmth, and a dense population. This book examines the progress made in crucial economic sectors that have paved the way for the development of Bangladesh and West Bengal. The book begins by describing how Bangladesh is moving toward achieving the status of a middle-income nation, and how West Bengal seems to have fallen into the trap of developmental experiments with different political ideologies over time. The book then compares the trajectory of development in various economic sectors of the two economies. In doing so, it covers social development, education, health care, food habits, cinema and theatre, and the entrepreneurship of both entities. The chapters take an empirical and descriptive approach to address various issues, analyse results, draw conclusions, and make policy suggestions.

anandabazar today: *Dislocating Globality* Šarūnas Paunksnis, 2015-11-16 *Dislocating Globality: Deterritorialization, Difference and Resistance* offers a broad panorama of critical approaches to globalization, its effects, the critique of neoliberalism, and discusses various forms of resistance to its monocultural raison d'être. The authors in this volume address these issues from a variety of perspectives – theoretical, as well as geographically diverse case-based analyses ranging from South Asia, the Middle East, Latin America, Europe, and Australia in attempt to show the diverse effects of globalization, and varied forms of negotiating globalization on a local level. Contributors are: Allie Biswas, Katherine Burrows, Jacob P. Chamberlain, Vytis Čiubrinskas, Maria Halouva, Jeanne Kay, Mara Matta, Gintautas Mažeikis, Dennis Mehmet, Beatriz Miranda-Galarza, Mustafa Mustafa, Abhijeet Paul, Šarūnas Paunksnis, and Némésis Srour.

anandabazar today: *Decolonization in South Asia* Sekhar Bandyopadhyay, 2009-06-03 This book explores the meanings and complexities of India's experience of transition from colonial to the post-colonial period. It focuses on the first five years – from independence on 15th August 1947 to the first general election in January 1952 – in the politics of West Bengal, the new Indian province that was created as a result of the Partition. The author, a specialist on the history of modern India, discusses what freedom actually meant to various individuals, communities and political parties, how they responded to it, how they extended its meaning and how in their anxiety to confront the realities of free India, they began to invent new enemies of their newly acquired freedom. By emphasising the representations of popular mentality rather than the institutional changes brought in by the process of decolonization, he draws attention to other concerns and anxieties that were related to the problems of coming to terms with the newly achieved freedom and the responsibility of devising independent rules of governance that would suit the historic needs of a pluralist nation. *Decolonization in South Asia* analyses the transitional politics of West Bengal in light of recent developments in postcolonial theory on nationalism, treating the 'nation' as a space for contestation, rather than a natural breeding ground for homogeneity in the complex political scenario of post-independence India. It will appeal to academics interested in political science, sociology, social anthropology and cultural and Asian studies.

anandabazar today: *India's Foreign Relations, 1947-2007* Jayanta Kumar Ray, 2013-04-03 This book analyses India's relations with its neighbours (China, Pakistan, Bangladesh, Sri Lanka) and other world powers (USA, UK, and Russia) over a span of 60 years. It traces the roots of independent India's foreign policy from the Partition and its fallout, its nascent years under Nehru, and non-alignment to the influence of economic liberalization and globalization. The volume delves into the underlying reasons of persistent problems confronting India's foreign policy-makers, as well as foreign-policy interface with defence and domestic policies. This book will be indispensable to students, scholars and teachers of South Asian studies, international relations, political science, and modern Indian history.

anandabazar today: *Status Single* Sreemoyee Piu Kundu, 2018-02-12 *Marriage*. It's the obvious path for every girl in India. It's supposed to define us, shape us and give meaning to our life. But does it, really? Figures show that nearly 74.1 million women in India are either divorced, separated, widowed or have never been married. And the number is on the rise. In what promises to be a

path-breaking work on female identity, Sreemoyee Piu Kundu, a proud-to-be-single woman herself, spills the beans on what it is like being over 30 and unattached in India, through her own compelling story and the chequered lives and journeys of nearly 3,000 urban single Indian women from all walks of life. Women, whether single by choice or circumstance, are under scathing societal pressure, invasive scrutiny and pervasive criticism. Be it the difficulty in renting an apartment, being character-assassinated by your gynaecologist, or being slut-shamed as having slept your way to the top, even when you're successful professionally, a single woman's life choices are the easiest to dissect. From one of the most powerful voices in contemporary Indian writing, comes a passionate narrative of grit and gumption, anger and loneliness and the daily struggle of being single in a country where the highest validation of your gender remains marriage and motherhood. Fiercely honest and painfully vulnerable, *Status Single* is a book that every woman and man—single or otherwise—must read.

anandabazar today: *Marriage and Modernity* Rochona Majumdar, 2009-04-13 This cultural history of the evolution of modern marriage practices in colonial Bengal shows that arranged marriage as it is practiced today is a modern practice from the colonial era.

anandabazar today: *Boundaries of the Self* Debalina Banerjee, 2014-06-02 This book addresses the intersections between gender and identity by critically examining female spaces. It has famously been argued that men and women are made in culture. As such, this volume explores how spaces—social, political, cultural, historical, and even cyber—affect the creative, personal, urban and global identities of women. The scholarly approaches of the contributors here probe into these spaces and analyze the problematic of gender identities as they are constructed, reconstructed or deconstructed through processes of appropriation, subversion and signification. The functional politics of patriarchy influences a range of networks that include social, cultural, political, and religious archetypes. This book will open new vistas in women's studies through dialogues and discussions on the various facets of "Space", and how in turn they generate the rhetoric of agency and power or again how they annihilate attempts at emancipation and empowerment. Furthermore, the book explores the diversity of women's experiences and their contributions across cultures, and examines knowledge and practices in the light of gender differences, suggesting new ways to "conceptualize the relations between the self and the ever changing global communities". Its interdisciplinary nature, drawing on the humanities, arts, social sciences will give it a wide readership among students, teachers and researchers. In addition, since women's studies is one of the most sought-after academic disciplines of the contemporary academic world, this book will generate interest and contribute to the dynamic nature of women's studies research.

anandabazar today: *Justice on the Hills* Sanjai Banerji, 2023-12-22 In 'Justice on the Hills,' a gripping narrative unfolds as intricate relationships among the characters come to the forefront. They face many obstacles like the Covid-19 pandemic, death of an eminent actor and from a thrilling police chase at night with Alsatian dogs, along the banks of the Teesta River cumulating in harsh global conflicts. Genuine bonds of friendship are tested among three couples. Sumitra, Mobius's pragmatic and protective wife, grapples with her husband's involvement in the statehood issue and daughter Ayushi's medical problems, as she prioritizes stability and security for her family.
