pistis sophia pdf: The Books of Jeu and the Pistis Sophia as Handbooks to Eternity Erin Evans, 2015-08-11 Despite the surge of interest in Gnostic texts following the discovery of the Nag Hammadi library, the Coptic Books of Jeu and Pistis Sophia remain understudied. Often dismissed as convoluted, confused, and repetitious, Erin Evans convincingly shows that these texts represent the writings of a distinct religious group with a consistent system of theology, cosmology, and ritual practice. This book offers an in-depth examination of these texts, their relationship to other contemporary Gnostic ideas, and their use in the context of a practicing religious group. Three thematic sections demonstrate how the collection of texts functions as a whole, covering baptisms

and mystical ascent procedures, guides to moral living, and introductory texts and myths.

pistis sophia pdf: The Sign Thomas de Wesselow, 2013-03-05 How did a first-century Jew called Jesus manage to spark a new religion? Christianity was born nearly two thousand years ago and has won untold millions of followers. Yet, historians still cannot say how it really began. The Sign finally provides the answer. Traditionally, the birth of Christianity has been explained via the miracle of the Resurrection, but historians have been unable to account for Christianity's remarkable success without the Resurrection to spark it. If no one really saw the Risen Jesus, how were people convinced that he was their immortal Messiah? Art historian Thomas de Wesselow has spent the last seven years deducing the answer to this puzzle. Reassessing a much-misunderstood historical source and reinterpreting critical biblical passages, de Wesselow shows that the solution has been staring us in the face for more than a century. The Shroud of Turin, widely thought to be a fake, is, in fact, authentic. And it holds the key to the greatest mystery in human history.

pistis sophia pdf: Reign of the Anunnaki Jan Erik Sigdell, 2018-09-11 Reveals the ongoing alien manipulation of humanity and how we can break free • Explores how the Anunnaki have maintained invisible surveillance over us and how they control our development through religion, secret societies, and catastrophes • Reveals how they feed off our energies and how this ability has allowed them to remain here on Earth as multidimensional entities, enforcing their control invisibly • Explains how they established religion to control us and how Gnostic Christianity--which came from Christ and not the Anunnaki--offers a way out of their matrix of control Cuneiform texts found on clay plates in Mesopotamia tell us about an extraterrestrial race, called the Anunnaki, who came from space to exploit our planet. Through genetic manipulation, they created modern humans from existing earthly life forms to serve them as slaves. They physically left our planet millennia ago, but as Jan Erik Sigdell reveals, their influence and control over humanity is still pervasive and significant. Sigdell explains how the Anunnaki have maintained invisible surveillance over us as well as control over how humanity develops, setting limits on our evolution and holding back our development by means of manipulation and catastrophes, including the deluge immortalized in the Bible and many other ancient myths. He shows how they still manipulate our politics and affairs via secret societies, such as the Illuminati, and the political elite, such as the Bilderberg Group. Examining ancient descriptions of the Anunnaki as entities that resemble winged reptiles or amphibians, the author also explores their diet and how they feed off blood and the energies given off by lower life forms, such as humans, when they are expressing extreme negative emotions,

having sex, or dying. This energy-feeding ability has allowed them to remain here on Earth as multidimensional entities, enforcing their control invisibly. He explains how the Anunnaki established religions as tools for control, setting up the major religions with themselves as “gods” and playing them against each other to keep humanity’s attention away from ongoing Anunnaki manipulation. They have also hidden from us the existence of the true highest creator, who created the cosmos as well as the Anunnaki themselves. The author reveals how the highest creator sent a messenger called Jesus to expose the Anunnaki and show us a way out of their matrix of control through a spirituality based on love, empathy, and sacred sexuality. But the “god” of the Anunnaki defeated this messenger and replaced him with a false Christ. This led to the development of Paulinian Christianity under Anunnaki influence, as well as other parallel religions such as Islam, and the suppression and elimination of the original Christianity, Gnostic Christianity. With the discovery of hidden Gnostic texts and teachings at Nag Hammadi in 1945, the way is now paved for our release from the reign of the Anunnaki.

pistis sophia pdf: THE PATH OF THE HOLY GRAIL Luigi Antonio Macrì, 2024-11-05 This book is not so much an addition to the long bibliography already existing on the subject, but rather an examination of a particular element, already present in the literary tradition of the Grail: the arrival of the Marys in the south of France and the subsequent journey of Joseph of Arimathea to Glastonbury, Wales, Great Britain. My intention is to focus, among the many themes of the Grail, mainly on the “path of the Holy Grail”, that is, the journey of the Marys from Palestine to their arrival in Provence, in the south of France, as told by Jacopo da Varazze, or Varagine, (1228-1298) and before him by Rabanus Maurus (776-856). Joseph of Arimathea is also mentioned as part of the group that, starting from the south of France, founded the first church in Great Britain, on the plain of Glastonbury, another extraordinary place with very strong ties to the Grail and the Arthurian cycle. Some of the main characters, such as Mary Magdalene and Joseph of Arimathea, have been represented in a comparative way, using the canonical and apocryphal gospels and some codices and documents found at Qumran.

pistis sophia pdf: Squaring the circle in heaven, or sphering the cube on earth? Helena Petrovna Blavatsky, 2023-01-21 Quick Overview of the Primal Symbols of Cosmogogenesis. How do the Two Ones form the Intelligible World? The First One is a Ray from Parabrahman (Absoluteness). The Second One, Logos Demiourgos (Creative), is a mere reflection of the First. The Virgin Matrix of the Universe is cold Fire — cool Radiance, colourless, formless, devoid of every quality. Only the eye of the Seer can follow and behold the basic line of the Pythagorean Triangle in all its pregenetic glory. How did the Heavenly Snails clothed themselves in the Fabric of Darkness? How does the Triangle becomes Square, and the Square a Six-faced Cube? What is the key to the septenary significance of the Primordial Circle? What are the Four Cardinal Points upon which the rock-cut temples of India were built? The Four Maharajahs, or Great Kings, are the Divine Instructors of nascent humanity and agents of Karma on Earth, whereas the Lipikas are concerned with humanity’s hereafter. The Pythagorean Monas is a Solitary Ray. It strides through the Regions of the Universe in steps, the steps of Vishnu. Unmanifested Logos is The First One. The meaning of the Two Ones explained. Second Logos is The One made Three, concreting into the Third Logos, where the Three live within The One, thus making up the Perfect Square in heaven and a Cube on earth. The meaning of the dotted line explained. Light drops one Solitary Ray. Then number strides in the regions of the universe. Eastern and Kabbalistic Cosmogonies are Identical (Diagram). Cosmogogenesis and Anthropogenesis numerically and geometrically expressed. The One attracts within itself the Divine Unity of the One Circle and forms out of It the Perfect Square, thus “squaring the circle.” The Great Circle or Ring Pass-Not is the “Rope of the Angels” hedging off the phenomenal from the noumenal Kosmos. That Circle is the Universal Principle which, from any given point, expands to embrace all things, while embodying the potentiality of every action in Kosmos. How does the Triangle become the Square? How does the Square become the Six-faced Cube? How does the Triad becomes a Tetrad, the Pythagorean Perfect Square in heaven, and a Cube on earth? Mathematically expressed, Logos become Tetragrammaton, i.e., the Three become Four. When the Spiritual Ego, the holy

number, germ and matrix of the, enters the animal body, the faces of the cube unfold, thus forming the cross of passions upon which material man (Chrēstos) crucifies himself and disappoints his glorious Spirit (Christos). Kabbalistic interpretation of the "crucifixion nails" reveals their sexual meaning. The occult meaning of the Svastika, emblem of the activity of Fohat, symbolised by the figure and the Sacred Four, explained. The true Word may only be found by tracing the mystery of the passage inward and outward of Life Eternal, through the states typified in the Unmanifested Circle, the Triangle, and the Perfect Square. "The true Word may only be found by tracing the mystery of the passage inward and outward of the Eternal Life, through the states typified in these three geometric figures," says a Master of Wisdom. The Divine Heptad is the key to squaring the circle and to the philosophers' stone, which is no stone. The Ineffable Word, being composed of Seven Letters, represents the First Hebdomad. The Seventh Letter is the highest in initiations; the remaining six are substitutes. The Sacred Word is the Central Mathematical Point, around which the Six-pointed star, emblem of the Theosophical Society, revolves and evolves. The meaning of two Interlaced Triangles explained by a Master of Wisdom. The Unmanifested Circle or Absolute Life, is non-existent outside the Ideal Triangle and Perfect Square. It manifests through them as the "Son," i.e., Kosmos and Man. On the outward Path of Action, the Second One (Atma), in order to manifest itself as Logos, Its concealed duality (Atma-Buddhi) has to become three (Atma-Buddhi-Manas). On the inward Path of Renunciation, Logos Revealed attracts within Itself the Circle and reverts to Its original state of Absolute Unity by forming out of it the Perfect Square, and inscribing within it the Ineffable Name. The Rope of the Angels expressed numerically.

pistis sophia pdf: *Esoteric Catholicism / Esoterischer Katholizismus* Viktoria Vitanova-Kerber, Helmut Zander, 2025-05-06 Catholicism and esotericism seem to have hostile relations but in fact the opposite is true. In both traditions, we find stigmata, revelations, visions, "magic", spiritualistic contacts... We explore which are the theological and sociological concepts which make this possible. The porous transfer zone between "orthodox" theology and "heretical" ideas is central. For example, the legitimating structure of "scripture and tradition" allowed for the integration of religious practices that did not originate in Christianity or justified revelations apart from the Bible. This kept groups within the church which in Protestantism were often "separated" - and thus hardly noticed by researchers. This means for religious studies to revise the strongly Protestant boundary-work to determine the demarcation lines of a Christian "orthodoxy" and thereby to redefine the role of spiritualistic theologies. Catholicism is characterized here by a border landscape in which esoteric ideas were flexibly adapted - and in which one often renounced the definition of a precise, eliminatory boundary line.

traditions around the narrative of Jesus' resurrection are considered in this landmark work by Dale C. Allison, Jr, drawing together the fruits of his decades of research into this issue at the very core of Christian identity. Allison returns to the ancient sources and earliest traditions, charting them alongside the development of faith in the resurrection in the early church and throughout Christian history. Beginning with historical-critical methodology that examines the empty tomb narratives and early confessions, Allison moves on to consider the resurrection in parallel with other traditions and stories, including Tibetan accounts of saintly figures being assumed into the light, in the chapter "Rainbow Body". Finally, Allison considers what might be said by way of results or conclusions on the topic of resurrection, offering perspectives from both apologetic and sceptical viewpoints. In his final section of "modest results" he considers scholarly approaches to the resurrection in light of human experience, adding fresh nuance to a debate that has often been characterised in overly simplistic terms of "it happened" or "it didn't".

pistis sophia pdf: American Crisis: The Collapse of Christian Culture William D. Howard, 2024-02-19 All Americans know we are in a state of cultural crisis, but how did we get to this point? It has been said, if we seek an actual legal date for the fall of Judeo-Christian culture in America, it would be June 26, 2015, the day the Supreme Court ruled that homosexual marriage was a constitutionally protected right. But according to William D. Howard, the destruction of our country started well before that when states began changing laws and incorporating changes that had lasting repercussions on the culture as a whole. In *American Crisis: The Collapse of Christian Culture*, Howard takes an in-depth look at civilizations in the past, provides insights on our current culture, and warns of a future that can mean only the destruction of everything we hold dear. But this book is not without hope. Howard uses God's Word to show Christians how we can counter the social and political norms and fight for our country's moral, political, and social outlook. As our moral high ground is being chipped away one corner at a time, we need to take up the call to action and fight against the powers that seek our demise.

pistis sophia pdf: Cyber Worship in Multifaith Perspectives Mohamed Taher, 2006 Cyber Worship in Multifaith Perspectives, as is implied by its name, explores worship (i.e., Prayer, Praise, Scripture, Sacrament, Rituals, Confessions, Eucharist, Rites, Pilgrimages, Reflection, Contemplation, etc.) on the Internet. It is not an 'everything you need to know' guide about the subjects of faith and belief, religions-online, religions on the Net, or religions in cyberspace. Rather, it is a book about religious and spiritual experience under the rubric, cyber worship, which is the variety of ways religious devotion is performed and carried out on the Internet. The term 'Cyber Worship' is a catchall phrase, which includes variants such as online worship, virtual worship, electronic prayer, cyber puja, cyber synagogue, and so on. Dr. Mohamed Taher has thus assembled a quick reference for two groups: those communities that are involved in Cyber Worship and business Webs that collaborate in sustaining wired environments. As such, this book provides an interesting and current perspective on a practice that will continue to grow in the future.
