ramayana pdf: Chandrabati's Ramayan Chandrabati, 2020-01-25 Chandrabati, the first woman poet in Bangla, lived in the sixteenth century in Mymensingh district in present day Bangladesh. She was also the first poet in the Bangla language to present a retelling of the Ram story from the point of view of Sita. Idolised as a model of marital obedience and chastity in Valmiki's Ramayan, Chandrabati's lyrical retelling of Sita's story offers us a fresh perspective. Written in order to be sung before a non-courtly audience, mainly of womenfolk of rural Bengal, Chandrabati's Ramayan adds new characters and situations to the story to provide new interpretations of already known events drawing richly on elements of existing genres. Its location in the tales of everyday life has ensured that Chandrabati's Ramayan lives on in the hearts of village women of modern-day India.

Featuring four sections, the first part provides an overview of theoretical approaches to art and literature from philosophy and aesthetics through to cognitive neuroscience. Part two examines one of the most important intersections between text and image: the workings of ekphrasis across poetry, fiction, drama, comics, life and travel writing, and architectural treatises. Parts three and four consider intermedial crossings from antiquity to the present. The contributors examine the rich intermedial experiments that range from manuscript studies to infographics in graphic narratives, illuminating the vibrant ways in which texts have intersected with illustration, music, dance, architecture, painting, photography, media installations, and television. Throughout this dynamic collection of 37 chapters, the contributors evolve existing critical debates in innovative new directions.
