cary grant biograf a: Bio-Politicizing Cary Grant Joshua David Gonsalves, 2015-02-27 Who will Cary Grant have been when the future runs out? In the atrocity-rich wake of Hiroshima, Cold War America is enriched beyond belief. Hollywood radiates, in turn, images of a consumer utopia criss-crossed by segregation, social mobility, racial passing, anxieties about ethnicity and "white panic". Cary Grant's class-less classiness seems to denote this (sub)urban leisure class without an effort, yet he signifies more than this: ambivalent, bi-sex'd, inter-sected by the biopolitics of racialization, the policing of sexual agency and stereotypical ethnic identifications (including the invisible Anglo instanced by the high-angle shot). If biopolitics signifies the individuated control of populations, Bio-Politicizing Cary Grant: Pressing Race, Class and Ethnicity into Service in Amerika locates this anxious racialization of service persons, interracial sexuality and social mobility (passing) in an Americanized simulacrum of the Mediterranean world in *To Catch a Thief* (1955) and in a New York/Northeast-centered USA in *North by Northwest* (1959). Bio-Politicizing Cary Grant queries the criticism of Alfred J. Hitchcock's films so as to historically situate one of the first free agents in Hollywood. Yet this semblance of freedom pays a price in meat, murder, massification and the organized homicide of Cold War geopolitics. The book explicates, in sum, the ethnic, racial and sexual ambiguity of Cary Grant's star persona as both an inculcation of (and resistance to) biopolitical imperatives in fifties-era "America".

cary grant biograf a: Bisexuality in Education Maria Pallotta-Chiarolli, 2017-10-02 Although many schools and educational systems, from elementary to tertiary level, state that they endorse anti-homophobic policies, pedagogies and programs, there appears to be an absence of education about, and affirmation of, bisexuality and minimal specific attention paid to bi-phobia. Bisexuality appears to be falling into the gap between the binary of heterosexuality and homosexuality that informs anti-homophobic policies, programs, and practices in schools initiatives such as health education, sexuality education, and student welfare. These erasures and exclusions leave bisexual students, family members and educators feeling silenced and invisibilized within school communities. Also absent is attention to intersectionality, or how indigeneity, gender, class, ethnicity, rurality and age interweave with bisexuality. Indeed, as much research has shown, erasure, exclusion, and the absence of intersectionality have been considered major factors in bisexual young people, family members and educators in school communities experiencing worse mental, emotional, sexual and social health than their homosexual or heterosexual counterparts. This book is the first of its kind, providing an international collection of empirical research, theory and critical analysis of existing educational resources relating to bisexuality in education. Each chapter addresses three significant issues in relation to bisexuality and schooling: erasure, exclusion, and the absence of intersectionality. From indigenous to rural schools, from tertiary campuses to elementary schools, from films to picture books as curriculum resources, from educational theory to the health and wellbeing of bisexual students, this book's contributors share their experiences, expertise and ongoing questions. This book was originally published as a special issue of the Journal of Bisexuality.

cary grant biograf a: Deborah Kerr Michelangelo Capua, 2014-01-10 Blessed with a natural beauty, Scotland-born actress Deborah Kerr (1921-2007) provided the cinema with memorable studies of English gentility. A star in British pictures before she was 21 and a Hollywood fixture from 1946 on, she projected a cool reserve and stoic nobility, often hinting at passion and insecurity beneath the surface. Frequently portraying selfless, sympathetic women, she was brilliant in such roles as Anna Leonowens in *The King and I* (1956). And in a fascinating departure from her normal range, her portrayal of the sexually frustrated Army wife in *From Here to Eternity* (1953) resulted in the screen's most famous clinch--the beach scene with Burt Lancaster. Though she never won an Academy Award despite six nominations, Deborah Kerr received an honorary Oscar in 1994.

cary grant biograf a: John Ford Bill Levy, 1998-11-30 John Ford (1894-1973) is universally acknowledged as one of the greatest directors in the history of cinema. He is the only person to win four Academy Awards for Direction, for *The Informer* (1935), *The Grapes of Wrath* (1940), *How*

Green Was My Valley (1941), and The Quiet Man (1952). This reference book is a comprehensive guide to his career. The volume begins with a biography that looks at Ford as a person, a director, and a cinematic legend and influence. Ford's life is discussed chronologically, but the biography repeatedly considers how his early experiences shaped his creative vision and attempts to explain why he was so self-destructive and unhappy throughout his career. In addition, the biography carefully scrutinizes his methods, styles, techniques, and secrets of direction. A chronology presents his achievements in capsule form. The rest of the book provides detailed information about his many productions and about the response to his works. The heart of the volume is a filmography, which includes individual entries for 184 films with which Ford was involved, as either an actor, a director, a producer, a writer, an advisor, or an assistant. These entries include cast and credit information, a plot synopsis, critical commentary, and excerpts from reviews. The book also includes the most extensive annotated bibliography on Ford ever published, with more than 1000 entries for books, articles, dissertations, documentaries, and even four works of fiction concerning Ford. He played Svengali to Lauren Bacall, Montgomery Clift, and others, but Hawks's greatest creation may have been himself. As *The Atlantic Monthly* noted, "Todd McCarthy. . . has gone further than anyone else in sorting out the truths and lies of the life, the skills and the insight and the self-deceptions of the work." "A fluent biography of the great director, a frequently rotten guy but one whose artistic independence and standards of film morality never failed." —*The New York Times Book Review* "Hawks's life, until now rather an enigma, has been put into focus and made one with his art in Todd McCarthy's wise and funny *Howard Hawks*." —*The Wall Street Journal* "Excellent. . . A respectful, exhaustive, and appropriately smartass look at Hollywood's most versatile director." —*Newsweek*
