

maurice chatelain

maurice chatelain was a notable figure in the fields of ufology, science, and historical research, whose work has left a lasting impact on those interested in extraterrestrial phenomena and alternative histories. Born in France, Chatelain's career spanned several decades during which he delved into the mysteries of ancient civilizations, alien encounters, and the possibility of extraterrestrial influence on human history. His writings and theories continue to inspire curiosity and debate among enthusiasts and scholars alike. This article explores the life, work, and legacy of Maurice Chatelain, providing a comprehensive overview of his contributions to the understanding of UFO phenomena and ancient mysteries.

Early Life and Background

Origins and Education

Maurice Chatelain was born in France, though specific details about his early life and upbringing are limited. His academic background is often associated with engineering and scientific disciplines, which provided him with a technical perspective that he later applied to his research into extraterrestrial phenomena. His education likely included studies in physics and related fields, equipping him with the analytical skills necessary to interpret complex data and propose innovative theories.

Entry into Ufology and Scientific Circles

Chatelain's initial interest in UFOs and extraterrestrial life emerged during the mid-20th century, a period characterized by increased public and governmental interest in unidentified flying objects. He became involved in the ufology community, contributing his expertise to discussions and investigations. His background in science lent credibility to his claims and allowed him to approach the subject with a methodical mindset.

Major Works and Theories

The Role of Extraterrestrials in Human History

One of Chatelain's most influential ideas was that ancient civilizations were directly influenced or assisted by extraterrestrial beings. He posited that many historical achievements, such as the construction of pyramids and other megalithic structures, could be explained by alien intervention rather than

solely human ingenuity.

- He argued that ancient texts and mythologies often contain references to visitors from the stars.
- He believed that extraterrestrials visited Earth periodically to guide or monitor human development.
- He suggested that some ancient artifacts and symbols could be decoded to reveal alien technology or messages.

Analysis of UFO Encounters

Chatelain extensively analyzed UFO sightings and encounters, aiming to uncover patterns and understand their origins. He believed that many sightings were evidence of advanced extraterrestrial civilizations visiting Earth for research, observation, or communication purposes.

1. He identified common characteristics in UFO reports, such as shape, behavior, and flight patterns.
2. He hypothesized that some UFOs might be misinterpreted natural phenomena or secret military technology.
3. He maintained that a subset of sightings were genuine extraterrestrial craft, operating under unknown physics principles.

The Mesopotamian and Egyptian Links

Chatelain placed significant emphasis on ancient Mesopotamian and Egyptian civilizations, interpreting their artifacts and texts through an extraterrestrial lens.

- He believed that the gods of ancient mythologies were actually aliens or their human representatives.
- He analyzed hieroglyphs and cuneiform tablets, proposing that some contained encoded messages from or about alien visitors.
- He connected the knowledge of astronomy and engineering in ancient Egypt with possible alien assistance.

Notable Publications

“The Great Pyramid: Its Scientific and Mystical Significance”

In this work, Chatelain explores the astronomical and mathematical precision of the Great Pyramid of Giza, suggesting that its design encodes advanced scientific knowledge possibly imparted by extraterrestrials.

“UFOs and the Ancient Astronauts”

This book consolidates his theories on how ancient structures and texts point towards extraterrestrial visitation, emphasizing the role of aliens in human evolution.

“Our Ancestors, the Aliens”

In this publication, Chatelain argues that many ancient myths and religious stories are allegories for alien encounters, and that understanding this connection is key to unraveling human history.

Legacy and Influence

Impact on Ufology and Alternative History

Maurice Chatelain’s ideas have significantly influenced the ufology community, inspiring future researchers and enthusiasts to explore the extraterrestrial hypothesis for unexplained phenomena. His emphasis on scientific analysis and historical interpretation has added a layer of credibility to some aspects of UFO research.

Controversy and Criticism

Despite his contributions, Chatelain’s theories have faced skepticism from mainstream historians and scientists. Critics argue that his interpretations sometimes rely on speculation and lack empirical evidence, placing him at odds with conventional academic standards.

Inspiration for Popular Culture

His work has permeated popular culture, influencing books, documentaries, and movies that explore themes of ancient aliens and extraterrestrial influence

on civilization. His ideas continue to resonate with audiences interested in the mysteries of human origins and the possibility of extraterrestrial life.

Conclusion

Maurice Chatelain remains a compelling figure in the realm of ufology and ancient mysteries. His innovative theories about extraterrestrial involvement in human history challenge conventional narratives and open pathways for alternative interpretations of our past. While his ideas are often debated and scrutinized, his dedication to exploring the unknown has left an indelible mark on the study of UFO phenomena and ancient civilizations. Whether one views him as a visionary or a speculative thinker, Maurice Chatelain's work continues to inspire curiosity about the universe and our place within it.

Frequently Asked Questions

Who was Maurice Chatelain and what is he known for?

Maurice Chatelain was a French-American author and aerospace engineer renowned for his work on early space missions and for writing books about UFOs, extraterrestrial life, and ancient civilizations.

What are some of Maurice Chatelain's most famous publications?

Some of his notable books include 'Our Ancestors Came from the Sky,' 'The Great White Lodge,' and 'They Rode in Space,' which explore topics related to UFOs, ancient astronauts, and extraterrestrial contact.

Did Maurice Chatelain work with NASA or other space agencies?

Yes, Maurice Chatelain claimed to have worked with NASA and other space agencies, contributing to the understanding of space missions, although some of his claims are considered controversial and unverified by mainstream science.

What are some controversial theories associated with Maurice Chatelain?

Chatelain is known for theories suggesting that ancient civilizations had contact with extraterrestrial beings and that UFOs have played a role in human history, which are debated and not widely accepted by the scientific community.

How has Maurice Chatelain influenced UFO and ancient astronaut communities?

His books and theories have inspired many enthusiasts and researchers in the UFO and ancient astronaut fields, contributing to popular discussions about extraterrestrial origins of human civilization.

Are Maurice Chatelain's claims about extraterrestrial contact considered credible?

His claims are viewed with skepticism by mainstream scientists, as there is limited verifiable evidence supporting his assertions about extraterrestrial contact and ancient astronaut theories.

What is Maurice Chatelain's legacy within the aerospace and UFO communities?

He is remembered as a pioneering figure who combined his engineering background with his interest in UFOs and extraterrestrials, influencing the discourse on ancient alien theories and space exploration.

Has Maurice Chatelain been featured in documentaries or media about UFOs?

Yes, Maurice Chatelain has appeared in various documentaries and media discussions centered around UFOs, ancient aliens, and extraterrestrial hypotheses, often highlighting his controversial ideas and writings.

Additional Resources

Maurice Chatelain: Unveiling the Life and Legacy of a Pioneering UFO Enthusiast and Author

Maurice Chatelain remains a compelling figure in the realm of ufology and extraterrestrial research. A former chief of the NASA communications office, Chatelain's transition from mainstream aerospace professional to a prolific author and ufologist has sparked both intrigue and skepticism. His detailed claims about alien encounters, ancient civilizations, and extraterrestrial influence on human history position him as a controversial yet influential personality within the broader discourse on unidentified flying objects and extraterrestrial life.

In this article, we delve into the life, career, and enduring legacy of Maurice Chatelain, exploring his contributions to ufology, his controversial theories, and how his work continues to influence discussions surrounding extraterrestrial phenomena.

Early Life and Career: From Aerospace to Ufology

Background and Education

Maurice Chatelain was born in France in 1913. His early years are marked by a strong interest in engineering and aeronautics, which eventually led him to pursue a career in the aerospace industry. His academic background included studies in electrical engineering and aeronautics, laying a solid foundation for his future work.

Career at NASA and Aerospace Contributions

Chatelain's professional career took a significant leap when he joined NASA, becoming the Chief of Communications for the Apollo missions. His role involved managing and coordinating communications between the spacecraft and ground control, providing him with firsthand exposure to some of the most advanced aerospace technologies of his era.

During his tenure at NASA, Chatelain contributed to the dissemination of scientific information and served as a spokesperson for the agency. His involvement in high-profile missions, such as Apollo 11, placed him at the epicenter of space exploration history.

However, it was after his official NASA career that Chatelain shifted toward more speculative and controversial topics. His fascination with unidentified aerial phenomena (UAP) and extraterrestrial life prompted him to write extensively about these subjects, blending his scientific background with a desire to explore the mysteries beyond Earth.

Transition to Ufology and Literary Contributions

The Turning Point: From Engineer to Author

In the late 1960s and early 1970s, Maurice Chatelain began to publish books that challenged mainstream scientific narratives about extraterrestrial life and ancient civilizations. His transition from aerospace engineer to ufologist was driven by what he believed were overlooked or suppressed evidence of alien contact and influence.

His groundbreaking book, "Our Ancestors Came from Space" (1974), became a bestseller among UFO enthusiasts and sparked widespread debate. In this work, Chatelain proposed that extraterrestrial beings had visited Earth in antiquity and had a direct influence on human civilization's development.

Major Publications and Themes

Chatelain authored several influential books, including:

- "The Second Coming of Jesus" (1976): A controversial reinterpretation of biblical stories, suggesting they were influenced by extraterrestrial encounters.
- "The Cosmic Code" (1977): An exploration of the possibility that extraterrestrial intelligences have been guiding human evolution.
- "Secrets of the Space Age" (1979): A detailed account of alleged UFO sightings, government cover-ups, and the technological implications of extraterrestrial contact.

His writings often combined scientific speculation with historical and archaeological analysis, attempting to build a comprehensive picture of humanity's extraterrestrial connections.

Core Theories and Claims

Maurice Chatelain's theories, though widely debated, have left a lasting imprint on ufology. Some of his most notable claims include:

Extraterrestrial Origins of Humanity

Chatelain asserted that many ancient civilizations—such as the Egyptians, Mayans, and Sumerians—were influenced or guided by extraterrestrial visitors. He argued that advanced knowledge in astronomy, architecture, and mathematics was imparted by these beings, who had come from space.

Alien Technology and Ancient Artifacts

He postulated that certain ancient artifacts and structures, like the Pyramids of Giza and Stonehenge, possessed technological origins beyond human capability, suggesting they were built with alien assistance or technology.

UFO Sightings and Government Cover-Ups

Chatelain claimed that numerous UFO sightings were evidence of ongoing extraterrestrial visits to Earth, and that governments worldwide, particularly the U.S. government, had engaged in clandestine cover-ups to hide the truth from the public.

Extraterrestrial Influence on Religion

He proposed that religious figures and mythologies could be reinterpretations of encounters with extraterrestrial beings, framing historical religious events as interactions with technologically advanced visitors.

Controversies and Criticisms

Despite his popularity among UFO enthusiasts, Maurice Chatelain's theories have faced significant criticism from the scientific community:

- Lack of Empirical Evidence: Critics argue that Chatelain's claims are based on circumstantial evidence, speculative interpretations, and a lack of concrete scientific proof.
- Historical and Archaeological Disputes: Many archaeologists and historians contend that the explanations for ancient monuments and civilizations do not require extraterrestrial intervention; rather, they can be explained through archaeological and anthropological research.
- Potential for Misinformation: Skeptics warn that attributing ancient achievements to alien influence undermines human ingenuity and discredits the scientific method.

Despite these criticisms, Chatelain's work has persisted in popular culture and has inspired many within the ufology community to pursue further investigation into extraterrestrial phenomena.

Legacy and Influence

Impact on Ufology

Maurice Chatelain's writings contributed to the popularization of extraterrestrial theories in the 20th century. His blending of scientific knowledge with speculative ideas helped bridge the gap between mainstream science and ufology, encouraging a broader public interest in the possibility of alien life.

Cultural and Scientific Discourse

While many scientists dismiss his claims, Chatelain's work raised important questions about humanity's place in the universe, prompting discussions about extraterrestrial intelligence, ancient history, and the potential for government secrecy.

Modern Relevance

Today, Chatelain's theories are often referenced in discussions about UFOs and government disclosures. His ideas continue to inspire researchers, authors, and enthusiasts exploring the mysteries of unidentified aerial phenomena.

Conclusion: A Complex Figure in the Search for Truth

Maurice Chatelain's life encapsulates the tension between scientific rigor

and speculative inquiry. As an aerospace professional, he brought credibility and a scientific perspective to the study of UFOs and ancient mysteries. As an author and ufologist, he challenged conventional narratives and dared to propose bold theories about extraterrestrial influence on human history.

Whether viewed as a visionary or a purveyor of pseudoscience, Maurice Chatelain's contributions have undeniably shaped the discourse surrounding extraterrestrial life and the unexplained phenomena that continue to fascinate humanity. His legacy endures in the ongoing quest to understand our origins, our history, and the possibility that we are not alone in the universe.

Note: As with all figures involved in controversial topics, it is essential to approach Maurice Chatelain's claims with critical thinking and consider the broader scientific consensus. His work exemplifies the enduring human curiosity about the cosmos and the mysteries that lie beyond our current understanding.

maurice chatelain: Ancient Code Various Authors, 2009-08 Some say the end of mankind is near. Some say that financial turmoil is part of the process, along with global warming, warfare and the spread of mass psychosis. Children are fed drugs to keep them calm; nations are invaded by their neighbors; the climate is changing all around us; celebrities become our gods and materialism is the new mantra. But what is the real truth? Is there an answer to all this? If our material lives are making us happier, then why so many self-help books, films and philosophies? It can't be denied that the times are changing. Every day sees new challenges for our species, while we cause mayhem and madness on an unbelievable scale. But there is a ratio to it all, a rhyme and reason behind everything that we do and everything that affects us. Ancient Code is a collection of 20 fascinating essays - from today's top authors and researchers - which takes a look at the Ancient Code, our relationship with it and how it relates to 2012. You will learn about a power that was first hidden

and then lost over time. Many have sought to rediscover it in order to wield it selfishly. Like mad magicians seeking to rule the world, men of renown have fleetingly seen the incredible nature of this Code but all too often they have missed the point. The Ancient Code needs no material gain, no hatred, warfare or drugs, because YOU are the key to the Code... Featuring: Brian Allan, Jack Allis, Kala Ambrose, Nick Ashron, Philip Coppens, Robert Feather, Philip Gardiner, Dr. Mitchell E. Gibson, Andrew Gough, Jasmine Gould, Dan Green, Dr. John Jay Harper, June-Elle Lane, Janice Manning, Marshall Masters, Brian Mayne, Steve Mitchell, Nick Pope, Dennis Price and Colin Wilson.

maurice chatelain: The Secret Teachers of the Western World Gary Lachman, 2015-12-08 Running alongside the mainstream of Western intellectual history there is another current which, in a very real sense, should take pride of place, but which for the last few centuries has occupied a shadowy, inferior position, somewhere underground. This other stream forms the subject of Gary Lachman's epic history and analysis, *The Secret Teachers of the Western World*. In this clarifying, accessible, and fascinating study, the acclaimed historian explores the Western esoteric tradition--a thought movement with ancient roots and modern expressions, which, in a broad sense, regards the cosmos as a living, spiritual, meaningful being and humankind as having a unique obligation and responsibility in it. The historical roots of our counter tradition, as Lachman explores, have their beginning in Alexandria around the time of Christ. It was then that we find the first written accounts of the ancient tradition, which had earlier been passed on orally. Here, in this remarkable city, filled with teachers, philosophers, and mystics from Egypt, Greece, Asia, and other parts of the world, in a multi-cultural, multi-faith, and pluralistic society, a synthesis took place, a creative blending of different ideas and visions, which gave the hidden tradition the eclectic character it retains today.--Publisher's description.

maurice chatelain: Suppressed Inventions and Other Discoveries Jonathan Eisen, 2001-01-01 A scientist with a revolutionary cure for AIDS is incarcerated without explanation. Valuable artifacts are mysteriously misplaced by a prominent archaeological institution. Three celebrated astronauts perish in a suspicious fire after voicing their criticism of the US space program. Yet our world's most powerful agencies hastily dispel these alarming reports as conspiracy theories, and bury them in padlocked archives. The fact is that a suppression syndrome exists in our society. *Suppressed Inventions and Other Discoveries* exposes the startling degree of truth behind the rumors. Jonathan Eisen has collected over forty intriguing stories of scientific cover-ups and programs of misinformation concocted to conceal some of the most phenomenal innovations in mankind's history. These no-holds-barred accounts force us to confront the naiveté—and danger—of trusting our academic and political leaders to act always for the common good. *Suppressed Inventions and Other Discoveries* presents documented evidence that corporate self-interest, scientific arrogance, and political savvy have contrived to keep us in the dark about technological breakthroughs or interplanetary contact that may shift the current balance of power. Prepare yourself for a revealing look at the research and development to which we've been denied access. *Suppressed Inventions and Other Discoveries* begins by examining the ties that bind the medical establishment to powerful pharmaceutical corporations. Then it details the struggle of the independent research against Orthodox Science and its code of conduct, the Scientific Method. Next, the book investigates the cover-up of information concerning UFOs and extraterrestrial life that's certain to make you reconsider what you thought was science fiction. The final section discusses just a few of the numerous alternate energy resources and fuel savers that, if put on the market today, would soon run the fossil fuel monopolies out of business.

maurice chatelain: More That Can Be Said Ian Beardsley, 2014-02-24 The sequel to *All That Can Be Said*, but can be read independently of it. It is proposed that extraterrestrials left their thumbprint in our physics, even a message. It is decoded and found to be from the same place in space as the the SETI Wow! signal. A time for more contact is forecasted. Involves Gypsy Shamanism and a tale therein told.

maurice chatelain: Discover and Contact Ian Beardsley, 2014-04-08 Gypsy Shamanism leads to the notion the extraterrestrials had an influence on the development of our sciences. A possible

message embedded in our physics is decoded. It is calculated to be from the same place in space as the SETI Wow! Signal. It is suggested we make a computer program called Discover and and is suggested we invent a new system of units. It seems we are here for a reason.

maurice chatelain: Pentration: Special Edition Updated Ingo Swann, 2020-11-29

****UPDATED WITH NEW MATERIAL FOUND IN HAROLD SHERMAN'S ARCHIVES**** Ingo Swann -- renowned psi researcher -- reveals a long-held secret series of experiences with a deep black agency whose apparent charter was simple: UFOs and extraterrestrials on the moon and worries about ET telepathic/mind control powers. The agency was so secret that it had no paper trail, and hence no written secrecy agreements. Only the verbal ones, which in Ingo's case expired several years ago. Now, in this era of burgeoning UFO glasnost, he tells a story of meetings held in a secret underground facility not far from Washington DC, and of being taken to a remote location near the Arctic Circle to witness the expected arrival of a huge UFO over the surface of an Alaskan lake. This book discusses undeveloped human telepathy and contrasts it with the probable existence of fully developed alien telepathy, which may have many different forms. Ingo also explores the fact that we officially know far more than we're admitting about the Moon -- its origins, its atmosphere, its occupants and many other unusual features. Penetration is about one of the means by which we can learn more about those not of this earth (and vice-versa) -- telepathy. Do we have the means to answer some very important questions that many have been asking for quite a long time? Inside this book are the answers to some. PLUS...In a newly discovered missing chapter on his psychic probes of Mars (9) to Penetration, Ingo asserts that there is a bigger question at play - the question as to "why do mass-consciousness humans, as it were, mass-consciously almost 'conspire' to avoid certain issues, and consistently so?" This inquiry, deep within Ingo's own awareness, is one that he would ponder until his passing in 2013. He no doubt wished to share this interrogation with the world back in 1998. Thus, while Neptune goes direct in Pisces, removing the veils, and providing an awakening of sorts, we have decided put Ingo's question to the world by including "9" along with Introductions by Dr. Krippner and Dr. Mitchell, an Afterword by Thomas M. McNear, Lieutenant Colonel, U.S. Army (Ret.), and recently discovered documents from Harold Sherman's Archives in this Updated Special Edition, all within an aptly named section entitled Subscript.

maurice chatelain: UFOs Jan Burns, 2008-06-06 This book provides eyewitness accounts, paired with alternative explanations and other elements of reasoning, to explore legends surrounding UFO sightings and alien abductions. The highly disputed Roswell Incident is richly evaluated.

maurice chatelain: Penetration Ingo Swann, 2018-09-02 Ingo Swann -- renowned psi researcher -- reveals a long-held secret series of experiences with a deep black agency whose apparent charter was simple: UFOs and extraterrestrials on the moon and worries about ET telepathic/mind control powers. The agency was so secret that it had no paper trail, and hence no written secrecy agreements. Only the verbal ones, which in Ingo's case expired several years ago. Now, in this era of burgeoning UFO glasnost, he tells a story of meetings held in a secret underground facility not far from Washington DC, and of being taken to a remote location near the Arctic Circle to witness the expected arrival of a huge UFO over the surface of an Alaskan lake. This book discusses undeveloped human telepathy and contrasts it with the probable existence of fully developed alien telepathy, which may have many different forms. Ingo also explores the fact that we officially know far more than we're admitting about the Moon -- its origins, its atmosphere, its occupants and many other unusual features. Penetration is about one of the means by which we can learn more about those not of this earth (and vice-versa) -- telepathy. Do we have the means to answer some very important questions that many have been asking for quite a long time? Inside this book are the answers to some.

maurice chatelain: The Atlantis Blueprint Colin Wilson, Rand Flem-Ath, 2008-12-10 A spellbinding blend of history and science, scholarship and speculation, this landmark work presents startling new evidence that traces archaeology's most enduring mysteries back to the lost civilization of Atlantis.... The Great Pyramid. Stonehenge. Machu Picchu. For centuries, these and

other sacred sites have inspired wonder among those who ponder their origins. Conventional science tells us they were constructed by local peoples working with the primitive tools of a fledgling civilization. But these megaliths nonetheless continue to attract pilgrims, scholars, and adventurers drawn by the possibility that their true spiritual and technological secrets remain hidden. Who could have built these elaborate monuments? How did they do it? And what were their incomprehensible efforts and sacrifices designed to accomplish? Now comes a revolutionary theory that connects these mysteries to reveal a hidden global pattern -- the ancient work of an advanced civilization whose warnings of planetary cataclysm now reverberate across one hundred millennia. International bestselling author Colin Wilson and Canadian researcher Rand Flem-Ath join forces to share startling evidence of a fiercely intelligent society dating back as much as 100,000 years -- one that sailed the oceans of the world, building monuments to preserve and communicate its remarkable wisdom. The Atlantis Blueprint is their term for a sophisticated network of connections between these sacred sites that they trace to Atlantis: a sophisticated maritime society that charted the globe from its home base in Antarctica ... until it was obliterated by the devastating global changes it anticipated but could not escape. Here is adventure to realms beyond our imaginings ... to shifting poles, changing latitudes ... into the world of ancient mariners who recharted the globe ... to astonishing discoveries about our ancestors. Here are the great mysteries ... the incredibly complex geography of the Temple of Luxor ... the startling sophistication of Egyptian science and math ... and tantalizing similarities among the Hebrew, Greek, and Mayan alphabets to the Chinese lunar zodiac. The Atlantis Blueprint opens up a Pandora's box of ancient mysteries, lost worlds, and millennial riddles. It is a story as controversial, fascinating, dangerous -- and inspiring -- as any ever told.

maurice chatelain: *The Cosmic War* Joseph P. Farrell, 2020-12-05 There is ample evidence across our solar system of cataclysmic and catastrophic destruction events. The asteroid belt, for example, may be the remains of an exploded planet! The known planets are scarred from incredible impacts, and teeter in their orbits due to causes heretofore inadequately explained. Rejecting the naturalist and materialist assumptions of catastrophism forwarded by other researchers, Farrell asserts that it is time to take the ancient myths of a Cosmic War in the heavens seriously. Incorporating extraterrestrial artifacts, cutting-edge ideas in contemporary physics, and the texts of ancient myths into his argument, Farrell maintains that an ancient interplanetary war was fought in our own solar system with weapons of extraordinary power and sophistication. In doing so, he offers a solution to an enigma that has long mystified researchers, disclosing a cause of that ancient war, the means by which it was waged, and the real nature of the secret technology behind the ancient "Tablets of Destinies." It is all here, folks! The history of the Exploded Planet hypothesis, and what mechanism can actually explode a planet. The role of plasma cosmology, plasma physics (even plasma paleophysics) and scalar physics. The ancient texts telling of such destructions: from Sumeria (Tiamat's destruction by Marduk), Egypt (Edfu and the Mars connections), Greece (Saturn's role in the War of the Titans) and the ancient Americas.

maurice chatelain: *Wandering Stars* Frederick Guttman, The magnifying glass on the UFO case with historical records. What happened in Roswell? Did the UFO issue have anything to do with the Kennedy assassination? What happened in the Bermuda Triangle? Are there secret bases for the study of Flying Saucers? Is there archaeological evidence of the extraterrestrial presence in prehistory? Has there been contact with other civilizations in the cosmos? Have beings from space intervened in the course of our history? Do governments hide information? Do aliens have any plans for Earth? *Wandering Stars* is an interesting work that recalls the history of flying saucers throughout our known history and encompasses topics such as: prehistoric visits by astronauts, UFO appearances in the Bible, cases of sightings of strange lights and devices down the ages, then the Adolf Hitler thing and alien flying discs, also the secrets of governments, underground bases, reversed alien technology and contact with other civilizations. Finally, he talks about the secret space projects and galactic battles behind the NASA missions.

maurice chatelain: *The UFO Magazine UFO Encyclopedia* William J. Birnes, 2004-01-06 This is the most comprehensive UFO book in print, covering time travel, cloning and the raelians,

antigravity propulsion, psychokinesis, astral projection and teleportation, and more.

maurice chatelain: The Extraterrestrial Answer Book Jim Moroney, 2009-12-18 In 1987 Jim Moroney had an extraterrestrial encounter at a small truck stop just outside Manitoba, Canada. It changed his life forever. He spent the next twenty years studying the phenomenon of extraterrestrials. His book will provide answers to all your questions about visitors from other planets, including: Why are they here? When were the first recorded sightings of aliens? Where do most sightings occur? What kind of scientific evidence is there for the presence of aliens? How is the government responding? How will an alien abduction affect your personal relationship? Jim Moroney's *The Extraterrestrial Answer Book* is a valuable guide for everything extraterrestrial. In it, Moroney outlines steps the government needs to take to address the presence of extraterrestrials, as well as those average people can take. Full of practical advice to help you prepare for an encounter with an extraterrestrial, *The Extraterrestrial Answer Book* succeeds in answering the most important question in the debate over extraterrestrials and UFOs. We are not alone.

maurice chatelain: The Angels of Armageddon and 2012 George Forbes, 2010-12 Have you ever heard that little voice; the one that whispers when you listen to the universe. Maybe you experience it more like a feeling, a feeling that tells you something's terribly wrong. Well it is, it's in how we've been conditioned to behave, and what we've been lead to believe. George Forbes paid attention to his inner voice. He let those feelings guide his never-ending search for the truth in a world filled with elusive answers. That mission led him to research some of the most controversial conspiracies in modern society. This story will shake conformist perceptions of Gods, Angels, and Aliens. It questions conventional beliefs regarding a connection between the three. His viewpoint was developed progressively over the course of a lifetime. Over that period, he discovered a message that you need to hear. His most recent book: *The Angels of Armageddon & 2012* is a work of fiction based on scientific fact. Theoretical possibilities and historical documentations, combined with biblical recordings of several religions, forged the foundation of his chilling conclusions. They culminate into a terrifying tale of humanities' future. This future apocalypse depicts the story of Armageddon from an entirely new point of view. Join him if you dare, on an epic voyage through our history, present, and future. Don't delay! If he's not mistaken, time is definitely not on our side. The point of no return has yet to manifest; however, if we don't open our eyes, it will pass us by before we realized what happened.

maurice chatelain: Et's Are on the Moon and Mars C. L. Turnage, 2000 Is NASA hiding information concerning the Mars and moon missions? Why is the photographic evidence being suppressed? Forty-four rarely viewed official NASA photos, 20 illustrations and transcriptions of astronauts' sightings provide more evidence that ETs have inhabited, and continue to inhabit, both the moon and the planet Mars.

maurice chatelain: Shining the Light VI Robert Shapiro, 2000-04-01 THE END OF WHAT WAS . . . The most significant events in Earth's history are happening NOW! This is the final book in the *Shining the Light* series that exposes the malevolent, controlling and manipulating actions of the Sinister Secret Government as they attempt to keep humans from accessing our soul and spiritual functions and ascending into the fourth dimension and beyond. In future books, mentors of humanity will continue to expose the SSG's nefarious dealings, but they will give us step-by-step instructions in the ancient and lost arts of benevolent magic – spiritual wizardry – enabling us as creators in training to blend our hearts, minds and souls to become creators of our own destiny and thwart the SSG's goals.

The information collected was far ahead of its time and still shows a straightforward presentation to learn form. Let us learn from this information and grow into the absolute best we can become as a humanity.

maurice chatelain: Alien Agenda Jim Marrs, 2000-03-22 The truth begins here Author and award-winning Journalist Jim Marrs has uncovered compelling new evidence regarding extraterrestrials-that alien life forms have not only visited our planet in the past, but are among us right now. Drawing on numerous eyewitness accounts, highly classified CIA reports, and his own meticulous research, Marrs marshals an impressive array of facts to confirm the reality of UFOs--as well as the depth of the government campaign to keep America in the dark. Here is information unavailable in any other single source, including: Intriguing insights into the 1947 Roswell crash and the U.S. military's efforts to suppress all public inquiries Detailed accounts of UFO landing sites in South America and of abductions in the U.S. Vivid descriptions of UFOs by Apollo astronauts-in their own words Tantalizing clues to the alien timetable for revealing their plans here And much more!
