pure imagination piano sheet music: Play It Again Alan Rusbridger, 2013-09-17 The Guardian editor and amateur pianist's account of a remarkable musical challenge during an extraordinary year for news. As editor of the Guardian, one of the world's foremost newspapers, Alan Rusbridger lives by the relentless twenty-four-hour news cycle. But increasingly in midlife, he feels the gravitational pull of music—especially the piano. He sets himself a formidable challenge: within a year, to fluently learn Chopin's magnificent Ballade No. 1 in G minor, arguably one of the most difficult Romantic compositions in the repertoire. With pyrotechnic passages that require feats of memory, dexterity, and power, the piece is one that causes alarm even in battle-hardened concert

pianists. Under ideal circumstances, this would have been a daunting task. But the particular year Rusbridger chooses turns out to be one of frenetic intensity, beginning with WikiLeaks' massive dump of state secrets and ending with the Guardian's revelations about widespread phone hacking at News of the World. "In between, there were the Japanese tsunami, the Arab Spring, the English riots . . . and the death of Osama Bin Laden," writes Rusbridger. The test would be to "nibble out" twenty minutes per day to do something totally unrelated to these events. Rusbridger's subject is larger than any one piece of music: *Play It Again* deals with focus, discipline, and desire but is, above all, about the sanctity of one's inner life in a world dominated by deadlines and distractions. Praise for *Play It Again* "An absorbing, adroitly crafted tale of humility, discipline and the sheer love of music . . . [Alan Rusbridger's] triumph is an inspiration." —Katie Hafner, *The New York Times Book Review* "A unique mélange of political and musical reportage . . .
