Climb a tree! advised Chatter Squirrel, balancing on the tip end of a limb. And they had the Woodsfolk so excited they didn't know what to do. Most of them couldn't climb if they wanted to, and mighty few of them like to swim. So those who were there tried to run away, and those who weren't came to see what was going on. Tommy Peele's woods were just alive with scuttling and fluttering. All because Louie Thomson had brought a lantern to light his party with. He had brought all sorts of things to eat, too, and he planned to sleep all night in the Woods and Fields, in a tent made of one of his mother's blankets. Of course Louie couldn't think what was the matter with the Woodsfolk. But Tommy Peele's big furry dog, Watch, who was with him, knew well enough. He sat there with his tongue out, laughing at them. When Tad Coon saw Watch laughing he got over being frightened, and then he was curious. He waded out of the pond and came over to look at the little sputtery flame dancing inside the lantern. Of course he thought it was a bug. Most everything that hasn't leaves or fur or feathers is a bug to Tad Coon. Bugs do themselves up in very funny packages sometimes before they're all through hatching. He put out his handy-paw to catch it.

wicked weasel order status: Once Upon a Time in Melbourne Liam Houlihan, 2015-12-01

Once upon a time in Melbourne there was a gigolo who thought he was a vampire. He bit the tongue off a prostitute and was then murdered in broad daylight on a suburban street. His execution, top brass believed, was organised by police. The aftershocks of this killing-and the murder of a state witness and his wife inside their fortress home&mash;rocked the police force and the Parliament, vanquished one government and brought the next to its knees. This is the story of police corruption for years swept under the carpet to avoid a Royal Commission. It is the story of a police force politicised to the point of paralysis and a witness protection program that buries its mistakes. It involves a policeman still free and living in a very big house, a drug baron who survived the gangland war only to be murdered in the state's most secure jail, and battles royale within a police force comprised of thousands of pistol-packing members. This is the story of Melbourne around the first decade of the new millennium: its lawmen, villains and politicians. It is a bizarre, tawdry, unbelievable tale. But every word of it happened.

All along the way, a little bird preceded him, singing verse to introduce the next character that Puss, Jr. will meet. The road to the Castle of the Lord of Carabas is difficult, for, as Mrs. Tittle Mouse explains, New Mother Goose Country ... does not offer to us animals the loving care which we received from der Old Mother Goose. Tom Thumb, Jack (who planted the beanstalk), and others tell stories about their adventures. The hen that laid the golden eggs told her side of the story. Puss sat with the Fairy Godmother while Cinderella went to the ball. Mother Goose and her Gander stopped in on their way home, and give Puss, Jr. a ride since her house is on the way to the Castle. They took side trips to visit the Man in the Moon, and other familiar friends. Alas, by the end of the adventures in this book Puss, Jr. has not yet found his father, but perhaps they will meet in the next book.
