bible study fellowship lessons pdf: Cultural Methods in Psychology Kate C. McLean, 2022
As I sat down to write this chapter about the use of life story methods for capturing cultural-historical aspects of LGBTQ+ identity development, I was transported back in time... It was a hot summer day in 2004. I had travelled back from the big city where I was attending university to visit my family. This was my first summer away from home. At that moment, my family and I sat in the parking lot of a diner, having just finished breakfast at a local greasy spoon—a ritualistic send off before I started my four-hour return drive. In those moments, our car felt unusually cramped. My dad was in the back seat with me, my mom and brother in the front. I didn't have much of an appetite that morning knowing that in mere minutes, I would come out to my family as gay. On our way out of the restaurant, walking to our separate cars, I somehow managed to muster up the courage to tell my family there was something important I wanted them to know. So, there I was, in the backseat of the car with a message for my family. Looking back on it, the message was more like an ultimatum. They could learn to love this new version of me, as I had done, or our routine see you later might be a goodbye. This is the beginning of my story—both my coming out story and, in some ways, my life story. Thankfully, my family is still an important part of this story--

bible study fellowship lessons pdf: Daniel in Babylon Mark T. Clark, 2025-02-04 Daniel lived an exemplary life of faith during historic political events. He excelled at his job in exile while committing himself to God's kingdom purposes for his day. Because he did, he models how people may live exemplary lives of faith by committing themselves to God's kingdom purposes for their day, even in these troubled political times. In this book, Clark reveals the nuances of Daniel's wisdom while living in exile. He evaluates how Daniel appealed to increasingly higher political and celestial authorities throughout his time in office in two different empires, the Babylonian and Persian. Daniel's righteous living and wisdom in these five appeals reveal why he was considered "highly esteemed" in the kingdom of heaven. In the final chapter, Clark uses intelligence analysis methods to demonstrate the reliability of the authorship of the book of Daniel.

bible study fellowship lessons pdf: So All Israel Shall Be Saved Nathaniel Parker, 2025-01-28
Is it feasible to speak of a Moore School of Biblical Theology? The biblical theology program at Moore Theological College can be traced back to Donald Robinson. One unique contribution of Robinson to Moore's program was his distinction theology concerning the role of Israel in redemption history as his attempt at providing an alternative to dispensationalism and covenant theology. By examining Robinson's view of Jew and gentile in the New Testament church, the reciprocal role of the gospel going forth from Jewish Christians to the gentiles and back to unbelieving Jews (to fulfill the Rom 11 promise "so all Israel shall be saved") and Robinson's eschatological concept of both Jew and gentile forming a new man, and by tracing how his view has been affirmed, revised, rejected, or ignored by biblical theologians at Moore College who were influenced by or who followed Robinson (including Graeme Goldsworthy, Lionel Windsor, D. Broughton Knox, and William Dumbrell), this book seeks to clarify the reception of Robinson's legacy at Moore College as well as offer an assessment on the plausibility of a distinct Moore School of

Biblical Theology.

bible study fellowship lessons pdf: Receptive Ecumenism as Transformative Ecclesial Learning Paul D. Murray, Gregory A. Ryan, Paul Lakeland, 2022-05-26 Receptive Ecumenism asks not what other churches can learn from us, but 'what can we learn and receive with integrity from our ecclesial others?' Since the publication of *Receptive Ecumenism and the Call to Catholic Learning: Exploring a Way for Contemporary Ecumenism* (OUP, 2008), this fresh ecumenical strategy has been adopted, critiqued, and developed in different Christian traditions, and in local, national, and international settings, including the most recent bilateral dialogue of the Anglican-Roman Catholic International Commission (ARCIC III). The thirty-eight chapters in this new volume, by academics, church leaders, and ecumenical practitioners who have adopted and adapted Receptive Ecumenism in various ecclesial and cultural contexts, show how Receptive Ecumenism has grown and matured. Part One demonstrates how Receptive Ecumenism itself is capable of being received with integrity into very different ecclesiologies and ecclesial traditions. In Part Two, this approach to transformative ecumenical learning is applied to some recurrent ecclesial problems, such as the understanding and practice of ministry, revealing new insights and practical opportunities. Part Three examines the potential and challenges for Receptive Ecumenism in different international settings. Part Four draws on scripture, hermeneutics, and pneumatology to offer critical reflection on how Receptive Ecumenism itself implements transformative ecclesial learning. Addressing the 70th Anniversary of the World Council of Churches, Archbishop Justin Welby, said that 'One of the most important of recent ecumenical developments has been the concept of Receptive Ecumenism'. This volume provides an indispensable point of reference for understanding and applying that concept in the life of the Christian churches today.

bible study fellowship lessons pdf: *Denomination* Paul M. Collins, Barry A. Ensign-George, 2011-06-16 The term denomination is now widely used to describe a Christian community or church. But what is a 'denomination'? In this highly creative collection of essays, representatives of all major Christian traditions give an answer to this question. What does the term mean in their own tradition? And does that tradition understand itself to be a 'denomination'? If so, what is that understanding of 'denomination'; and if not, how does the tradition understand itself vis à vis those churches which do and those churches which do not understand themselves as 'denominations'? In dialogue with the argument and ideas set forth in Barry Ensign-George's essay, each contributor offers a response from the perspective of a particular church (tradition). Each essay also considers questions concerning the current landscape of ecumenical dialogue; ecumenical method and the goals of the ecumenical movement; as well as questions of Christian identity and belonging.

Trauma is also a severely neglected topic in Christian literature, and while it can challenge someone's faith in Christ, God and the ministry of his Word is central to dealing with the emotional and psychological impact of trauma. By his Spirit, through his Word, and through his church, God is

available to minister to people suffering from trauma and bring transformation to their lives. In this book, a team of experienced and informed Christian professionals from around the world promote a deep biblical response to trauma through clinical and theological wisdom and their first-hand experience of witnessing and experiencing trauma. The contributions provide practical responses to people's trauma, rather than mere descriptions of the problems, making it an ideal resource for pastors, counsellors, humanitarian workers and students.

bible study fellowship lessons pdf: *English Ministry Crisis in Chinese Canadian Churches* Matthew Richard Sheldon Todd, 2015-03-26 In this book, Dr. Matthew Todd looks into the anecdotal reporting of high numbers of Canadian-born Chinese leaving Western Canadian Chinese churches--what is termed the silent exodus. Some of the fastest-growing Canadian churches are Chinese, yet reportedly the highest dropout rates are among Chinese and Asian church adult ministries. This book recommends solutions towards the retention of Canadian-born Chinese adults in Chinese bicultural churches through empowerment. To address retention, the key factors that contribute to a silent exodus are established through qualitative research with participants of diverse church affiliations. Todd examines various models and proposed solutions the Chinese church has used to retain its English-speaking congregants, and gives attention to a theological basis for being inclusive in mission initiatives and for empowerment through passing the leadership baton. Todd makes some recommendations on the new wave of an emerging congregational model that requires negotiation with Chinese church leadership to give power away to English ministry leaders and congregations. He anticipates that this will permit transformational leadership practices that contribute to shalom, community transformation, and lasting congregations.
