lucas county jail booking: *This Is My Jail* Melanie Newport, 2022-11-15 While state and federal prisons like Attica and Alcatraz occupy a central place in the national consciousness, most incarceration in the United States occurs within the walls of local jails. In *This Is My Jail*, Melanie D. Newport situates the late twentieth-century escalation of mass incarceration in a longer history of racialized, politically repressive jailing. Centering the political actions of people until now overlooked—jailed people, wardens, corrections officers, sheriffs, and the countless community members who battled over the functions and impact of jails—Newport shows how local, grassroots contestation shaped the rise of the carceral state. As ground zero for struggles over criminal justice reform, particularly in the latter half of the twentieth century, jails in Chicago and Cook County were models for jailers and advocates across the nation who aimed to redefine jails as institutions of benevolent transformation. From a slave sale on the jail steps to new jail buildings to electronic monitoring, from therapy to job training, these efforts further criminalized jailed people and diminished their capacity to organize for their civil rights. With prisoners as famous as Al Capone, Dick Gregory, and Harold Washington, and a place in culture ranging from Upton Sinclair’s *The Jungle* to B. B. King’s *Live in Cook County Jail*, *This Is My Jail* places jails at the heart of twentieth-century urban life and politics. As a sweeping history of urban incarceration, *This Is My Jail* shows that jails are critical sites of urban inequality that sustain the racist actions of the police and judges and exacerbate the harms wrought by housing discrimination, segregated schools, and inaccessible health care. Structured by liberal anti-Blackness and legacies of violence, today’s jails reflect longstanding local commitments to the unfreedom of poor people of color.

lucas county jail booking: *Start Here* Greg Berman, 2018-03-06 As heard on NPR's Fresh Air Recommended by The New York Times' Sam Roberts “Start Here is an urgent and timely primer on the approaches that are working and don’t require federal approval or political revolution to end one of the most pressing justice issues the country faces today.” —Brooklyn Daily Eagle A bold agenda for criminal justice reform based on equal parts pragmatism and idealism, from the visionary director of the Center for Court Innovation, a leader of the reform movement Everyone knows that the United States leads the world in incarceration, and that our political process is gridlocked. What can be done right now to reduce the number of people sent to jail and prison? This essential book offers a concrete roadmap for both professionals and general readers who want to move from analysis to action. In this forward-looking, next-generation criminal justice reform book, Greg Berman and Julian Adler of the Center for Court Innovation highlight the key lessons from these programs—engaging the public in preventing crime, treating all defendants with dignity and respect, and linking people to effective community-based interventions rather than locking them up. Along the way, they tell a series of gripping stories, highlighting gang members who have gotten their lives back on track, judges who are transforming their courtrooms, and reformers around the country who are rethinking what justice looks like. While *Start Here* offers no silver bullets, it does put forth a suite of proven reforms—from alternatives to bail to diversion programs for mentally ill defendants—that will improve the lives of thousands of people right now. *Start Here* is a must-read for everyone who wants to start dismantling mass incarceration without waiting for a revolution or permission. Proceeds from the book will support the Center for Court Innovation's reform efforts.
