sunday eenadu book: Other Tongues , 2009-01-01 Other Tongues: Rethinking the Language Debates in India explores the implications of the energetic and, at times, acrimonious public debate among Indian authors and academics over the hegemonic role of Indian writing in English. From the

This volume : • offers nuanced analysis of the language, audience and canon debate; • provides a multivocal debate in which academics, writers and publishers are brought together in a multi-genre format (academic essay, interview, personal essay); • explores how translation mediates this debate and the complex choices that translation must entail. *Other Tongues* is the first collective study by to bring together voices from differing national, linguistic and professional contexts in an examination of the nuances of this debate over language. By creating dialogue between different stakeholders – seven scholars, three writers, and three publishers from India – the volume brings to the forefront underrepresented aspects of Indian literary culture.

sunday eenadu book: Bank Exam Pedia Bharath Seeman, 2015-02-17 In this present era of competition, every competitive examination consists of 5 sections Quantitative Aptitude, Reasoning, General English, Computer Science and General Awareness related to banking industry. After teaching more than 18,000 students in 28 years, we have seen a lot of students spending their time practicing aptitude and reasoning alone. But the students who cleared the exam would definitely say the above method of practicing would not help because merely passing in Aptitude and Reasoning sections will not help. Students should also think about the other sections and overall cut off. We know a lot of students who cleared all the sections but failed to clear the overall cut off. In fact, Practicing GK and English is the only way to raise the overall cut-off. So, we have decided to dedicate this entire magazine just for General Awareness & Banking awareness. We sincerely believe that students who practice the next 100 pages would secure 40 marks from the Banking awareness section. We thank Google Play for publishing our e-magazine on their mobile platform. We also thank our students who assisted to bring this magazine out.

sunday eenadu book: Chutnefying English Rita Kothari, Rupert Snell, 2011 Contributed articles. Something has happened to English; and something has happened to Hindi. These two languages, widely spoken across India, need to be understood anew through their 'hybridization' into Hinglish -- a mixture of Hindi and English that has begun to make itself heard everywhere -- from daily conversation to news, films, advertisements and blogs. How did this popular form of urban communication evolve? Is this language the new and trendy idiom of a youthful population no longer competent in either English or Hindi? Or is it an Indianized version of a once-colonial language, claiming its legitimate place alongside India's many bhashas? *Chutnefying English: The Phenomenon of Hinglish*, the first book on the subject, takes a serious look at this widespread phenomenon of our times which has pervaded every aspect of our daily lives. It addresses the questions that many speakers of both languages ask time and again: should Hinglish be spurned as the bastard offspring of its two parent languages, or welcomed as the natural and legitimate result of their long-term cohabitation? Leading scholars from literature, cultural studies, translation, cinema and new media come together to offer a collection of essays that is refreshingly new in thought and content.--Page 2 of cover.

sunday eenadu book: Promising Rituals Beatrix Hauser, 2020-11-29 This book shows how the performance of rituals influences the understanding that Hindu women form of their own selves, their sense of femininity, identity as well as their role and position in the lived-in world, and vice versa. Drawn from an intensive ethnographic fieldwork in southern Orissa, each section of the book takes a close look at a specific ritual practice, in exploring concepts such as purity/pollution, religious observances (such as fasting), deity possession, associated beliefs and attitudes, as also celebrated traditions such as Thākūrānī Yātrā, local processions, and the role of female ritual specialists. The study uses the premise that religious practices in themselves are neither restricting nor liberating; rather rituals provide a perceptual context with the ability to affect the self-understanding of participants, as also their conception of agency, in a way that spills across non-ritual spheres. Conceptualizing gender identity as resulting from seen, but mostly unnoticed, everyday activities and approaching cultural performances as sites of collectively defining the self, the author offers a telling and vivid account of how women perceive, realize and reflect on religious ideas, while engaging in rituals and, by doing so, negotiate complex gender norms. The book also examines the assumptions of recent theories on the social construction of identities, often-debated impact of religion on women, performativity, self-identity, and ritual agency in considering 'doing' gender in a traditional, non-Western context. This book will serve as essential reading for scholars of sociology, anthropology, gender studies, cultural studies, history, religion, performance, and folklore studies.

sunday eenadu book: Hrd Practices in Apsrtc Dr. Santosha Pavani Tammineni, 2016-06-28 A complete study on implementation of HRD practices in APSRTC at zonal level is rare in number. In contrast to the earlier practices, an attempt has been made by the researcher to trace out the impact of HRD practices on employees at zonal level and to investigate whether it is implemented in letter and spirit or not by reviewing operational performance of APSRTC and its financial function. This work is not only an in-depth study of HRD practices in APSRTC; the study also presents an overview of the road transport sector in India. With the advent of globalization, transport sectors are confronted with challenges in improving productivity by successfully meeting the intense level of competition from its counterparts. Business today is in a period of change and uncertainty. The success will largely depend on how these challenges are matched with the utilization of human resources that is at our disposal. It has been very unfortunate that the APSRTC has limited its human resource developmental practices for some cadres at apex level only without taking organizational climate of various zones into account while training their managerial personnel. But the need of the hour is to put more emphasis on all the HRD practices at managerial level in the background of their level of climate. The researcher looks at the problems of implementing HRD practices in the context of changing technological advancement and government policies.

sunday eenadu book: LAW OF COPYRIGHT, SECOND EDITION DAS, JATINDRA KUMAR, 2021-02-01 The book attempts to critically analyse the cases on the law of copyright as well as statutory provisions of law of copyright. When the first edition of the book was published in 2015, there was no readable and dependable book for the general reader interested to be acquainted with the changing features of the law of copyright immediate after the enactment of the Copyright (Amendment) Act 2012. Since the publication of this book, the Finance Act 2017 has introduced Appellate Board in place of Copyright Board as well as the Supreme Court and High Courts in India have also delivered a large number of judicial decisions on the law of copyright. In this edition the author has surveyed all such Courts decisions and analysed them and inserted them in appropriate places of the book and also examined the impact of the Appellate Board. It presents not only the provisions of the Copyright Act 1957 in the form of a normative, but points out the changes made thereon by formal amendments as well as conflicts of law which have been settled by judicial interpretations. The book is divided into ten chapters. Chapter 1 is introductory, while Chapters 2 and 3 discuss the origin and development of law of copyright at international as well as national level. The most important debatable issue in copyright law is "works in which copyright subsists",

and the Chapter 4 is devoted to this aspect. Chapter 5 explores various issues relating to author of work, owner of copyright and recognised rights of copyright owner. The terms of copyright, licensing of copyright, international copyright and registration of copyright are the subject matter of Chapter 6, while rights of broadcasting organisation and of performers (neighbouring rights) are the subject matter of Chapter 7. Internet is the greatest communication medium of the contemporary era, and there is an inherent link between law of copyright and internet. Therefore, Chapter 8 is devoted to discuss various issues relating to "protection of copyright in internet." While Chapter 9 demonstrates the law relating to infringement of copyright and defences of copyright liability. Chapter 10, the concluding chapter, discusses the enforcement of copyright in India in detail. Though the book is designed for the undergraduate and postgraduate students of Law, it will be equally beneficial for the researchers, academicians, jurists, lawyers, judges as well as members of civil society. **TARGET AUDIENCE** • Undergraduate and postgraduate students of Law. • Researchers, Academicians, Jurists, Lawyers, Judges as well as members of Civil Society.
