vemma comic: *South Asian Pornographies* Darshana Sreedhar Mini, Anirban K. Baishya, 2024-06-21 *South Asian Pornographies* is the first consolidated volume that explores the relationships between pornography, obscenity, law and desire in South Asia. Focusing on case

studies from India, Sri Lanka and Bangladesh while gesturing towards other countries in South Asia, the authors of this volume come from fields as varied as history, literature, media and communication, and the visual arts. The book proposes that as a geo-political location, South Asia has a unique relationship to pornography, given the multiplicity of cultural and legal-censorial regimes that define the obscene and the permissible. South Asian case studies can demonstrate how pornography in the region is often defined in oblique terms, finding reflection in various modes of popular (and sometimes underground) culture, bypassing legal and censorial constraints. Like questions of identity that can only be answered in the plural (identities rather than identity), this book demonstrates how a range of pornographies constitutes the force field of sexualized media in South Asia. It will be of interest to researchers and advanced students of Communication Studies, Cultural Studies, Film Studies, History, Sociology, and Social and Cultural Anthropology. The chapters in this book were originally published in the journal *Porn Studies*.

velemma comic: Rated A Darshana Sreedhar Mini, 2024-08-06 A free ebook version of this title is available through Luminos, University of California Press's Open Access publishing program. Visit www.luminosoa.org to learn more. In the 1990s, India's mediascape saw the efflorescence of edgy soft-porn films in the Malayalam-speaking state of Kerala. In *Rated A*, Darshana Sreedhar Mini examines the local and transnational influences that shaped Malayalam soft-porn cinema—such as vernacular pulp fiction, illustrated erotic tales, and American exploitation cinema—and maps the genre's circulation among blue-collar workers of the Indian diaspora in the Middle East, where pirated versions circulate alongside low-budget Bangladeshi films and Pakistani mujra dance films as South Asian pornography. Through a mix of archival and ethnographic research, Mini also explores the soft-porn industry's utilization of gendered labor and trust-based arrangements, as well as how actresses and production personnel who are marked by their involvement with a taboo form negotiate their social lives. By locating the tense negotiations between sexuality, import policy, and censorship in contemporary India, this study offers a model for understanding film genres outside of screen space, emphasizing that they constitute not just industrial formations but entire fields of social relations and gendered imaginaries.

velemma comic: Hindi Hindu Histories Charu Gupta, 2024-12-01 What did everyday Hinduism in India look like a hundred years ago? Were its practices more varied and less politically curtailed than now? *Hindi Hindu Histories* provides illuminating historical accounts of Hindu life through individual actors, autobiographical narratives, and genres in the Hindi print-public culture of early twentieth-century North India. It focuses on four fascinating figures: a successful woman doctor in the Indigenous medical regime, a globe-trotting Hindu ascetic who opposed Gandhi, an anticaste campaigner who spoke for sexual equality, and a Hindu communist who envisioned an egalitarian utopia in the world of labor. These public intellectuals harbored vernacular dreams of freedom and Hindi-Hindu nationhood through their vantage points of caste, Ayurveda, travel, and communism. Opening up a vast and under-explored Hindi archive, this book presents a dynamic spectacle of a plural Hindi-Hindu universe of facets that coexisted, challenged each other, and comprised an idea of Hinduness far more inclusive than anything conceivable in the present moment.

velemma comic: Neighbourhoods in Urban India Sadan Jha, Dev Nath Pathak, Amiya Kumar Das, 2021-12-30 '...a brilliant exploration of urbanism between the concept city and the lived city.... The volume focuses on urban life lived between home and the world, institutions and experiences, representations and affects.... Its fascinating range of empirically rich and analytically sophisticated excavations of neighbourhoods make the volume a must-have in the bookshelf on South Asian urban studies.' -Gyan Prakash, Princeton University 'A must-read for those who wish to study the micro aspects of contemporary urbanity.' -Sujata Patel, Savitribai Phule Pune University 'This book is a powerful addition to the study of Indian urbanism.' -Ravi Sundaram, Centre for the Study of Developing Societies (CSDS) In the last couple of decades, the global South, in general, and India, in particular, have witnessed a massive growth of cities. In India, more than one-third of its population lives in cities. However, urban development, growth and expansion are not merely about infrastructures and enlargement of cityscapes. This edited volume focuses on neighbourhoods, their

particularities and their role in shaping our understanding of the urban in India. It locates Indian experiences in the larger context of the global South and seeks to decentre the dominant Euro-American discourse of urban social life. *Neighbourhoods in Urban India: In Between Home and the City* offers an understanding of neighbourhoods as changing socio-spatial units in their specific regional settings by underlining the way value regimes (religiosity and subjectivities) give neighbourhoods their social meanings and stereotypes. It unpacks discourses and knowledge practices, such as planning, architecture and urban discourses of governance. It further discloses the linkages and disjunctures between the social practices of neighbourhoods and the language, logic and experiences of dwelling, housing, urban planning and governance, and focuses on the particularities and heterogeneities of neighbourhoods and neighbourliness.
