jim rickards website: The Great Tribulation Frederick Guttman, This work is called 'Apocalypse, Remote Vision' in inspiration of the documentary we made, where the idea of it is to address the results of the ability of human beings to see the future. US Navy Remote Viewing Covert Ops Lieutenant Colonel 'Ed Dames' talks about some covert missions - and makes it clear that others he can't talk about - recounting how his nation and Russia use psychics to anticipate events to come. In his day the Israelite prophet Joel had predicted that in the twilight of this age that we are experiencing, many people of all kinds would have intuitive, premonitory and prophetic dreams and visions. I always believed that there were messages in dreams, but I did not know how to interpret what I dreamed, and as time passed I assumed that it was rash to give deliberate interpretations to dreams; but after certain incidents in my family life I began to consider it important not to discard this service that our 'esenaur's' (guardian angels) provide us.

jim rickards website: The Natural Gardener John Harris, Jim Rickards, 2016-10-13 GROW MORE FOR LESS - SHEER LUNACY LEARN THE SECRETS OF MOON GARDENING. SUITABLE FOR ALL GARDENS. FROM POSTAGE-STAMP ALLOTMENTS TO COUNTRY ESTATE This is not your average gardening book. In it you will discover how to increase your crop yield and grow healthier plants and better tasting food, while reducing work in your garden and forking out less on fertiliser. This seemingly impossible win-win is achieved by planting and reaping in tune with the phases of the moon. Lunar gardening has been around for as long as man has pulled food from the soil. It was practised by the Incas and the Native Americans, and is still followed by the Maoris and rural communities in Eastern Europe. Because it works. But with the mass adoption of fertilisers achieving quicker results for a need-it-now-generation, these techniques have been all but forgotten by the modern gardener. Until now. Head gardener at Cornwall's famous Tresillian Estate, John Harris has researched, studied and put in to practice the principles of gardening by the phases of the moon for more than forty years. The results he's achieved are nothing short of astonishing. He has never watered his garden (even during the drought of 1976), he only grows organically and yet he's won numerous show awards and prizes for the size, abundance and taste of his produce. In Moon Gardening, he shows you how you can do the same by following a few simple principles. Moon gardening is not some groundless fad. It's been followed for thousands of years with great success. Anyone who's met John Harris knows he's one of the most down-to-earth people you could wish to meet. This book, written in his own inimitable style, is packed full of tips that improve results, anecdotes that inspire and resources you can rely on. Its ultimate aim is to pass on John's treasure trove of horticultural knowledge to future generations, so that we can all get more from our garden. jim rickards website: The Black Panther Party and Transformative Pedagogy Omari L. Dyson, 2013-11-14 The Black Panther Party and Transformative Pedagogy: Place-Based Education in Philadelphia, by Omari L. Dyson, is the first scholarly text to detail the social relief efforts of the Philadelphia, Pennsylvania Branch of the Black Panther Party. Through a postcolonial lens, this story captures the lived resistances, highlights the socio-historical context, and examines the discourse of former members of the Black Panther Party and local residents of Philadelphia from 1968-1974. Overall, this book provides insight from a multiplicity of sources to better capture the identity(-ies) and complexity of the organization. Not only does this text resolve a dearth in the literature that highlights the multiple facets of the Black Panther Party (especially at the local level), but it serves as a template on effective strategies for researchers, educators, and policymakers to implement on their quest for social and educational transformation.

jim rickards website: APOKALYPSE, FERNBEDIENUNG I Frederick Guttman, Diese Arbeit heißt „Apocalypse, Remote Vision“ in Anlehnung an den von uns gedrehten Dokumentarfilm, dessen Idee es ist, die Ergebnisse der Fähigkeit des Menschen, die Zukunft zu sehen, zu thematisieren. US Navy Remote Viewing Covert Ops Lieutenant Colonel 'Ed Dames' spricht über einige verdeckte Missionen - und macht deutlich, dass er über andere nicht sprechen kann - und erzählt, wie seine Nation und Russland Hellseher einsetzen, um kommende Ereignisse vorherzusehen. Zu seiner Zeit hatte der israelitische Prophet Joel vorausgesagt, dass in der Dämmerung dieses Zeitalters, das wir erleben, viele Menschen aller Art intuitive, vorausschauende und prophetische Träume und Visionen haben würden. Ich habe immer geglaubt, dass es Botschaften in Träumen gibt, aber ich wusste nicht, wie ich meine Träume interpretieren sollte, und mit der Zeit nahm ich an, dass es voreilig war, Träume absichtlich zu interpretieren; Aber nach bestimmten Vorfällen in meinem Familienleben fing ich an, es für wichtig zu halten, diesen Dienst, den unsere Esenauern (Schutzengel) uns leisten, nicht zu verwerfen.

jim rickards website: Caribbean Migrations Anke Birkenmaier, 2020-12-18 2021 Choice

Outstanding Academic Title With mass migration changing the configuration of societies worldwide, we can look to the Caribbean to reflect on the long-standing, entangled relations between countries and areas as uneven in size and influence as the United States, Cuba, Hispaniola, Puerto Rico, and Jamaica. More so than other world regions, the Caribbean has been characterized as an always already colonial region. It has long been a key area for empires warring over influence spheres in the new world, and where migration waves from Africa, Europe, and Asia accompanied every political transformation over the last five centuries. In *Caribbean Migrations*, an interdisciplinary group of humanities and social science scholars study migration from a long-term perspective, analyzing the Caribbean's unincorporated subjects from a legal, historical, and cultural standpoint, and exploring how despite often fractured public spheres, Caribbean intellectuals, artists, filmmakers, and writers have been resourceful at showcasing migration as the hallmark of our modern age.
