nyc corrections exam: Corrections and Beyond: My Story of Doing Time on the Other Side of the Bars Dr. Ivan Godfrey, 2021-09-23 When Ivan Godfrey began his career as a corrections officer in the New York State Corrections System, it was still reeling from the brutal retaliation to the prison riots at Attica. As a young African American, he grew up in the Bronx, then he worked in prisons, such as the notorious Sing-Sing Prison. In fact, Ivan often met inmates he knew on the streets from his New York City neighborhood. His memoir is a wonderful testament to his determination to strive for a better life and take care of his growing family while working in some of the most dangerous prisons in America. It is also a one-of-a-kind window into the life of a young Black prison guard as he struggled to climb the ladder of success despite inherent and overt racial barriers. Now he is an assistant professor, teaching criminal justice and behavioral science at SUNY Ulster CC, forensic mental health at Russell Sage College, and forensic social work and the criminal justice system at the University at Albany School of Social Welfare. Dr. Ivan Godfrey's memoir is an inspiring journey from the streets of the Bronx to the daily psychological and physical violence while working for over twenty years in the NY State Correction System and finally to the halls of academia.

nyc corrections exam: Captives Jarrod Shanahan, 2022-05-17 The definitive history of America's most notorious jail and the violent rise of New York City's law-and-order movement Captives combines a thrilling account of Rikers Island's descent into infamy with a dramatic retelling of the last seventy years of New York politics from the vantage point of the city's jails. It is the story of a crowded field of contending powers—city bureaucrats and unions, black power activists and guards, crooked cops and elected leaders—struggling for power and influence, a tale culminating in mass incarceration and the triumph of neoliberalism. It is a riveting chronicle of how the Rikers Island of today—and the social order it represents—came to be. Conjuring sweeping cinematic vistas, Captives records how the tempo of history was set by bloody and bruising clashes between guards and prisoners, between rank and filers and union bosses, between reformers and reactionaries, and between police officers and virtually everyone else. Written by a one-time Rikers prisoner, Captives draws on extensive archival research, decades of journalism, interviews, prisoner testimonials, and firsthand experience to deliver an urgent intervention into our national discussion about the future of mass incarceration and the call to abolish prisons. The contentious debate about the future of the Rikers Island penal colony rolls onward, and Captives is a must-read for anyone interested in the island and what it represents.
