The need to better understand its unique, complex, and often obscure legal system, has become pressing. This is true across a wide range of sectors including, but not limited to, trade and investment, crime and terrorism, and human rights. family business ernesto j poza pdf: *Konflikte und Krisen in Familienunternehmen* Steffen Großmann, Steffen Grossmann, 2014 English summary: Due to their special architecture, their structural coupling potential of the different systems of families and firms, family businesses have a very specific conflict potential. The conflicts potentially arising thereof might cause the failure of the family business as a whole. The conflict process within the family businesses in this context is characterized as a complex interaction of interdependencies. Without an adequate conflict management including both preventive as well as curative elements, family businesses will be at the risk of favoring existential conflicts or not being able to meet these sufficiently. German description: Familienunternehmen besitzen aufgrund ihrer besonderen Architektur, der Kopplung der unterschiedlichen Systeme Familie und Unternehmen, ein spezifisches Konfliktpotenzial. Die hieraus potenziell erwachsenden Konflikte können dem Familienunternehmen als Ganzem zum Untergang gereichen, wenn ihnen nicht rechtzeitig Einhalt geboten wird. Das Konfliktgeschehen in Familienunternehmen ist durch ein komplexes Wechselspiel von Interdependenzen charakterisiert. Ohne ein adäquates Konfliktmanagement, das sowohl präventive als auch kurative Elemente integriert, laufen Familienunternehmen Gefahr, die Ausbreitung von existenzgefährdenden Konflikten zu begünstigen bzw. diesen nicht hinreichend zu begegnen. Das vorliegende Buch untersucht daher das konkrete Konfliktgeschehen in Familienunternehmen und wie diese daran scheitern. Es liefert Hinweise darauf, wie ein nachhaltiger und überlebenssichernder Umgang mit Konflikten aussehen kann.
