Schlather, Lindsey S. Stewart, Andrew Szegedy-Maszak, Ariadna Cervera Xicotencatl, 2019-01-28 In 1842, the pioneering French photographer Joseph-Philibert Girault de Prangey (1804-1892) set out eastward across the Mediterranean, daguerreotype equipment in tow. He spent the next three years documenting lands that were then largely unknown to the West, including Greece, Egypt, Turkey, Syria, and Lebanon, in some of the earliest surviving photographic images of these places. Monumental Journey, the first monograph in English on this brilliant yet enigmatic artist, explores the hundreds of daguerreotypes Girault made during his unprecedented trip, offering a rare, early look at sites and cities that have since been altered—sometimes irrevocably—by urban, environmental, and political change. Beautiful full-scale reproductions of Girault's photographs, many published here for the first time, and incisive essays shed new light on the arc of his career and his groundbreaking contributions to the burgeoning fields of photography, archaeology, and architectural history. mary oliver the journey pdf: Mothershift Jessie Harrold, 2024-11-12 Explore this supportive, grounding guide for new mothers navigating the cascade of identity change and transformation that is motherhood. Our modern, Western societal understanding of what happens to a woman when she becomes a mother—beyond emotional rollercoasters and healing her pelvic floor—remains largely uncharted territory. The transition to motherhood actually takes two to three years, not six weeks or three months as we've been led to believe. Mothershift offers a supportive, affirming road map to take women through this transformational process. Jessie Harrold introduces her "map for your becoming," a research-based, four-phase model that maps out how the transition to motherhood unfolds and helps women to navigate every step along the way. She has used this model to guide thousands of women through the shift into motherhood. Harrold also includes self-inquiry questions and journal prompts in each chapter to help women identify and thrive amidst the cascade of changes they can expect as they enter motherhood. Topics include: Normalizing the feelings of grief and loss of self you may feel along the way. Navigating the discomfort of not knowing who you are anymore now that you're a mother. Guiding you to cultivate a sense of empowerment and leadership in motherhood, showing you how mothering is a counterculture act. Showing you how to use the "superpowers" that motherhood can offer—self-tending, creativity, embodiment, ritual, community, inner knowing, and earth connection. Gently guiding you to explore who you are becoming.

mary oliver the journey pdf: Journey Into an Interfaith World Kenneth L. Vaux, 2010-04-01 In this comprehensive volume, Dr. Kenneth L. Vaux explores the shared theological ground of Judaism, Christianity, and Islam—the common God, the common good, the common word, and the common work. Based on the premise that the three Abrahamic faiths are given by God for some purpose in God's universal history, Journey Into An Interfaith World traces the ways in which these faith movements flow together from and into each other in synergistic ways. At the same time, the book reveals how each fraternal faith has missed the mark in disassociating from its sibling traditions. Vaux's journey examines the spiritual genealogy shared by the three cognate faiths—from whom we

come--as well as the mutual spiritual ontology--to whom we belong. All three traditions echo the same refrain: 'Do we not belong to One God?'

The book gives voice to some incredible women who bravely step out of the shadows to let themselves be seen. They each share honest and often moving accounts of how they have reclaimed themselves as women and now embody a strong leadership presence. These stories weave together to inspire, provoke and empower. Individual and collective transformation are interdependent and inseparable. When women come together and support one another it is possible to transcend the norms and social forces and shift the prevailing culture. We can create more inclusive cultures where everyone, women and men, can participate and contribute to the benefit of all. It's time to rewrite our interpretation of power, it's time to make a difference.

mary oliver the journey pdf: *The Scholar as Human* Anna Sims Bartel, Debra A. Castillo, 2021-01-15 *The Scholar as Human* brings together faculty from a wide range of disciplines—history; art; Africana, American, and Latinx studies; literature, law, performance and media arts, development sociology, anthropology, and Science and Technology Studies—to focus on how scholarship is informed, enlivened, deepened, and made more meaningful by each scholar's sense of identity, purpose, and place in the world. Designed to help model new paths for publicly-engaged humanities, the contributions to this groundbreaking volume are guided by one overarching question: How can scholars practice a more human scholarship? Recognizing that colleges and universities must be more responsive to the needs of both their students and surrounding communities, the essays in *The Scholar as Human* carve out new space for public scholars and practitioners whose rigor and passion are equally important forces in their work. Challenging the approach to research and teaching of earlier generations that valorized disinterestedness, each contributor here demonstrates how they have energized their own scholarship and its reception among their students and in the wider world through a deeper engagement with their own life stories and humanity. Contributors: Anna Sims Bartel, Debra A. Castillo, Ella Diaz, Carolina Osorio Gil, Christine Henseler, Caitlin Kane, Shawn McDaniel, A. T. Miller, Scott J. Peters, Bobby J. Smith II, José Ragas, Riché Richardson, Gerald Torres, Matthew Velasco, Sara Warner Thanks to generous funding from Cornell University, the ebook editions of this book are available as Open Access volumes from Cornell Open (cornellpress.cornell.edu/cornell-open) and other repositories.

mary oliver the journey pdf: Learning Together to Preach John S. McClure, Allie Utley, 2023-11-10 Preaching is best learned and improved when preachers receive excellent, supportive reflection on their lived experiences and sermons. For nearly ten years at Vanderbilt Divinity School a group of scholars and practicing preachers joined together to develop and hone several models of peer-group and individual coaching. In this book, they describe the key dimensions of collaborative coaching, a learner-centered approach to coaching that emphasizes covenant-building, deep spiritual curiosity, care-filled listening, ethical awareness, attention to bodies and places, parallel learning, careful sermon analysis, and the art of asking excellent questions. In the final section of the book, practitioners provide examples of this kind of coaching in practice.
