lalitha sahasranamam sanskrit and english pdf: Sree Lalita Sahasranama Ramamurthy Natarajan, 2013-10-19 There are lot many books on Lalitā Sahasranāma in English. This is not just one more. The best feature of this book is that every name is compared with the corresponding meanings/ analogies in 20+ Upanishads, various mantras, Brahma Sūtram, Devee Bhāgavatam, Mahā Shodānyāsam, Nitya Shodāshikārnāvam, different Sūtras, Shiva and other Purānas, Soundaryalaharee, Sree Lalitā Trisatee, Sree Lalitopākhyānam, Sree Varivasyā Rahasyam, Sreemad Bhagavad Geeta, Sree Vidyasaparyapaddhati, Sruti, Smrutis, Vishnu Sahasranāma and what not? For instance 712th name Ē has explanations/ references running for 5 pages and the irony is that the smallest name and has got the longest explanation. The forty verses called Paribhāsha stotras is a self-contained research paper on Lalitā Sahasranāma. It is perfect allegory. At the outset the surface meaning of these verses is as praising and bowing Sree Devee. But the deep inner meaning is that, it explains the structure of all the thousand names - the starting letter of every name, etc. It is a delight to read these verses. This book does not intend scholarly readers, but expects a very common audience. Hence while transliterating the Sanskrit words in English, the international convention of diacritical markings have not been followed in its entirety, but still followed in an easy way of reading. The names are written in Devanāgarī also to make the reading easy for those who can read Sanskrit. Om Tat Sat

lalitha sahasranamam sanskrit and english pdf: Sri Lalitha Sahasranamam-A Brief

Overview M. Venkataraman, 2021-04-03 The Lalitha Sahasranamam is one of the important and famous hymn in the Hindu way of life. It is a hymn in praise of Lalitha Tripurasundari also called as Lalithambika. According to the Vedas, God is one without a second. Everything in this Universe is nothing but this divinity. Ordinarily, this abstract doctrine cannot easily be comprehensible to all. Most of the Hindu Puranas therefore present God in various forms including that of a human being so that this idea can be easily assimilated and adored. Lalitha Tripurasundari is one of the finest product of this line of thinking. The Lalitha Sahasranamam occurs in the Brahmanda Purana. It is a hymn that describes the 1000 various names of Sri Lalitha Tripurasundari as the Divine Mother. While doing so, the hymn provides a beautiful mix of poetry, romance, religion and philosophy. The Lalitha doctrine explains Goddess Lalitha as Chidswarupini and Anandarupini namely pure consciousness and blissful consciousness respectively. Human beings can remain cheerful in the world, like children playing by the side of their mother. Living exemplary lives, they finally find eternal rest on the lap of the Divine Mother. Read and get the blessings of the Almighty Goddess. I have also prepared and narrated an audio book on this. I have recited the entire Sahasranamam which is available as a separate audio book. They are available with audio booksellers.

Natarajan, Dr, 2013-11-04 There is many a book available on Lalita Sahasranama. This book is not on, but about Lalita Sahasranama. Paribhasha verses are an insight into, an analysis of, a research paper on and what not, about Lalita Sahasranama. These forty verses apparently look like praising/ bowing to Shreedevee. But it is full of mathematics using Katapayadhi and Bhoota Sankya methods of denoting numerals in Samskrit by letters/ words. Sahasranama about any God is always in the form stotra-s - i.e. verses. Different sages split the verses into 1000 names and thus we get namavali - series of names about that God. There could be minor differences in splitting the verses into name through different schools - however, the total count of 1000 will not be affected. The Paribhasha verses give the rules to divide the 182.5 verses of Lalita Sahasranama Stotra into 1000 names. When these verses are split into names using this method, the verses are split uniquely into 1000 names. Let Shreedevee shower her choicest blessings to all the readers. Om Tat Sat

lalitha sahasranamam sanskrit and english pdf: *Lalitā Priyadīpikā* Tejaswi Katravulapally, 2020-04-22 One line Summary: This is a commentary on each of the thousand names of Lalitā Sahasranāma. Detailed Summary: In the ancient lore that flourished in the land of Bhārat (India), there is one particular branch of wisdom which lived through the test of time. That is the worshipping of the lord through the thousand names. This is called by the name Sahasranāma. Sahasra means thousand or infinite and Nāma means a name. To worship the lord with thousand names means to utter each name through the vocals and meditate on its meaning. It is the proclamation of this wisdom branch that such a meditation can dissolve one's individual self in the universal self of the ONE Omniness. Splendors of that Omniscient lord are often addressed as the World Mother or Lalitā. Lalitā Sahasranāma are the thousand names that address the many qualities of the world mother and helps an aspirant who wishes to experience the splendors of the almighty. This series Lalitā Priyadīpika is an attempt to explore the nature of all the thousand names that are found in the original text of Lalitā Sahasranāma. The exploration will be in considerable depth. Word-to-word meaning of each of the names are given along with an explanation of the hymn containing the name and a detailed exposition of the manifold nature of the meaning of the name. This is done thorough the synthesis of many branches of wisdom. Only such a harmonious synthesis can lead to blissful understanding of hidden mysteries of creation as explored in ancient scriptures. For Volume-1 (present book), 1-51 names are taken and explored. Volume-2, having names from 52-111, is ready and will be published soon. Further volumes are planned to expound on remaining names. The reason to choose first 111 names is that these 111 names, in quintessence, capture the most important aspects of the whole text of Lalitā Sahasranāma. Reader is gently asked to note that for the source names, which are in Sanskrit, IAST (International Alphabet of Sanskrit Transliteration) scheme is used. Enjoy the Read!
