our lady of 121st street pdf: Theater as Liturgy in the Post-Christian Age Matthew Yde, 2024-05-03 This is the first book-length study of one of the most talented and exciting American playwrights working today. Stephen Adly Guirgis has said that God is the starting point and the finish line of his work, and this book identifies him as a playwright with a distinctly Christian sensibility who uses the technique of inculturation to translate the gospel for a secular audience. Critics have noted that his plays are peopled with poor, suffering minority figures, but few have also noted that these figures bear a remarkable similarity to the dispossessed with whom Jesus identifies

in Matthew 25. Beginning with his early play *Den of Thieves* and proceeding through each of his dramas, this work examines Guirgis's plays within a biblical context. While noting that Guirgis is a writer of the post-Christian age who staunchly resists identification as a Christian playwright, the book situates him within the tradition of the drama of ideas as a powerful writer employing a dialectical method to inculcate the New Testament ethos and transform the theater space into a place of sacrament.
