the selfish giant pdf: *Creativity in Primary Education* Anthony Wilson, 2014-12-04 An alien spaceship crash landed in my playground today For one primary school in England, this was not an ordinary day. It was a fabulous day of inspiration, writing, drawing, discovering and learning for the pupils, the staff and the parents. But the best thing of all? The only truly out of the ordinary thing was the alien spaceship. So how do you make creativity a more everyday part of primary teaching? Teachers and trainees agree that creativity is a fabulous thing. But to get creative approaches into everyday teaching, you need to tackle the question - what is creativity? This book explores this question in an accessible and practical way. It helps trainees to do more than 'know it when they see it', by helping them to understand the separate and very diverse elements of creativity. the selfish giant pdf: *Political Animals* So Mayer, 2015-10-22 Feminist filmmakers are hitting the headlines. The last decade has witnessed: the first Best Director Academy Award won by a woman; female filmmakers reviving, or starting, careers via analogue and digital television; women filmmakers emerging from Saudi Arabia, Palestine, Pakistan, South Korea, Paraguay, Peru, Burkina Faso, Kenya and The Cree Nation; a bold emergent trans cinema; feminist porn screened at public festivals; Sweden's A-Markt for films that pass the Bechdel Test; and Pussy Riot's online videos sending shockwaves around the world. A new generation of feminist filmmakers, curators and critics

is not only influencing contemporary debates on gender and sexuality, but starting to change cinema itself, calling for a film world that is intersectional, sustainable, family-friendly and far-reaching. Political Animals argues that, forty years since Laura Mulvey's seminal essay 'Visual Pleasure and Narrative Cinema' identified the urgent need for a feminist counter-cinema, this promise seems to be on the point of fulfilment. Forty years of a transnational, trans-generational cinema has given rise to conversations between the work of now well-established filmmakers such as Abigail Child, Sally Potter and Agnes Varda, twenty-first century auteurs including Kelly Reichardt and Lucretia Martel, and emerging directors such as Sandrine Bonnaire, Shonali Bose, Zeina Daccache, and Hana Makhmalbaf. A new and diverse generation of British independent filmmakers such as Franny Armstrong, Andrea Arnold, Amma Asante, Clio Barnard, Tina Gharavi, Sally El Hoseini, Carol Morley, Samantha Morton, Penny Woolcock, and Campbell X join a worldwide dialogue between filmmakers and viewers hungry for a new and informed point of view. Lovely, vigorous and brave, the new feminist cinema is a political animal that refuses to be domesticated by the persistence of everyday sexism, striking out boldly to claim the public sphere as its own.

the selfish giant pdf: Fairy Tales of Oscar Wilde: The Young King and The Remarkable Rocket Oscar Wilde, P. Russell, 2014-01-01 With brilliant illustrations by a master of comic art, this book of two of Oscar Wilde's fairy tales brings his lyrical prose to life. In the first tale, the Young King is taken from humble origins and revels in the finer possessions of his new, lofty position. However, a series of dreams reveal to him the suffering his people must go through to make the extravagant belongings for him. Casting them off, he finds paradoxically that he may be alienating the very people he wants to help. In "The Remarkable Rocket," a vain little rocket figures itself above all others and still manages to see glory in its dismal end. Perfect for middle school students as an introduction to the world-famous author, the dazzling illustrations in this book suit the timeless writings of Wilde.
