dibs in search of self pdf: *Chasing the Intact Mind* Amy S. F. Lutz, 2023-09-20 In *Chasing the Intact Mind*, Amy Lutz traces the history of the intact mind concept, explaining how it influences current disability policy and practice in the United States. Lutz describes how we got to this moment, where the severely autistic are elided out of public discourse and the intensive, disability-specific supports they need defunded or closed altogether. Lutz argues that focusing on the intact mind and marginalizing those with severe disability reproduces historic patterns of discrimination that yoked human worth to intelligence, and that it is only by making space for the impaired mind that we will be able to resolve these ongoing clashes--as well as even larger questions of personhood, dependency, and care.

dibs in search of self pdf: Unmothering Autism Patty Douglas, 2025-01-15 As global rates of autism diagnosis rise, dominant cultural representations continue to define autism as a tragic neurological disorder. And mothers – as primary caregivers and advocates – are centrally implicated in the impulse to find both cause and cure. How should we care about autism and autistic people? *Unmothering Autism* emerged from Patty Douglas’s desire to understand a contradiction: she and her two sons (one autistic) experienced beauty living together, while their public encounters with doctors, school professionals, and agencies were fraught and sometimes violent. In this book, Douglas offers a critical history of popular and biomedical assumptions about autism, expressed through shifting social constructs that blame or valorize maternal care. Throughout, she also intersperses her own insights and shares conversations she has had with other “autism mothers.” *Unmothering Autism* theorizes an “ethics of disruption,” reorienting us to autism and autistic people as valuable and fundamentally human. It centres the previously marginalized perspectives of mothers and autistic individuals to affirm their knowledge of living well together in, and through, difference.
