- Ancient Jewish traditions in Ethiopia, including early synagogal practices.
- Influence of the Coptic Church from Egypt, especially during the early spread of Christianity.
- Ethiopia's own ecclesiastical independence, which led to the development of a distinct biblical collection.

The canon was solidified by the 4th to 6th centuries, with local councils and church authorities endorsing the 81 books, thus making it one of the most comprehensive biblical collections in Christian history.

and Revelation, but with some variations and additional writings that reflect early Christian diversity.
