- Dominance (D): Assertive, goal-oriented, competitive.
- Influence (I): Sociable, persuasive, enthusiastic.
- Steadiness (S): Calm, dependable, patient.

A PDF manual on DISC provides detailed descriptions, behavioral insights, and strategies tailored to each style, making it a popular choice for corporate training and personal growth.

The Enneagram

This model describes nine interconnected personality types, each with distinct motivations, fears, and behaviors. Manuals on the Enneagram often delve into the nuanced motivations behind each type, offering deep self-awareness and growth paths.

Temperament Theory

Rooted in ancient Greece, this approach classifies personalities into four temperaments:

- Sanguine

Manuals based on temperament theory focus on how these temperaments influence behavior and how individuals can work towards balance.
