the lone ranger and tonto fistfight in heaven pdf: The Oxford Handbook of Indigenous American Literature James H. Cox, Daniel Heath Justice, 2014-07-31 Over the course of the last twenty years, Native American and Indigenous American literary studies has experienced a dramatic shift from a critical focus on identity and authenticity to the intellectual, cultural, political, historical, and tribal nation contexts from which these Indigenous literatures emerge. The Oxford Handbook of Indigenous American Literature reflects on these changes and provides a complete overview of the current state of the field. The Handbook's forty-three essays, organized into four sections, cover oral traditions, poetry, drama, non-fiction, fiction, and other forms of Indigenous American writing from the seventeenth through the twenty-first century. Part I attends to literary histories across a range of communities, providing, for example, analyses of Inuit, Chicana/o, Anishinaabe, and Métis literary practices. Part II draws on earlier disciplinary and historical contexts to focus on specific genres, as authors discuss Indigenous non-fiction, emergent trans-Indigenous autobiography, Mexicanoh and Spanish poetry, Native drama in the U.S. and Canada, and even a new Indigenous children's literature canon. The third section delves into contemporary modes of critical inquiry to expound on politics of place, comparative Indigenism, trans-Indigenism, Native rhetoric, and the power of Indigenous writing to communities of readers. A final section thoroughly explores the geographical breadth and expanded definition of Indigenous American through detailed accounts of literature from Indian Territory, the Red Atlantic, the far North, Yucatán, Amerika Samoa, and Francophone Quebec. Together, the volume is the most comprehensive and expansive critical handbook of Indigenous American literatures published to date. It is the first to fully take into account the last twenty years of recovery and scholarship, and the first to most significantly address the diverse range of texts, secondary archives, writing traditions, literary histories, geographic and political contexts, and critical discourses in the field.

Brown, 2020-02-07 African Americans have made substantial contributions to the sporting world, and vice versa. the lone ranger and tonto fistfight in heaven pdf: *Indigeneity: Before and Beyond the Law* Kathleen Birrell, 2016-07-01 Examining contested notions of indigeneity, and the positioning of the Indigenous subject before and beyond the law, this book focuses upon the animation of indigeneities within textual imaginaries, both literary and juridical. Engaging the philosophy of Jacques Derrida and Walter Benjamin, as well as other continental philosophy and critical legal theory, the book uniquely addresses the troubled juxtaposition of law and justice in the context of Indigenous legal claims and literary expressions, discourses of rights and recognition, postcolonialism and resistance in settler nation states, and the mutually constitutive relation between law and literature. Ultimately, the book suggests no less than a literary revolution, and the reassertion of Indigenous Law. To date, the oppressive specificity with which Indigenous peoples have been defined in international and domestic law has not been subject to the scrutiny undertaken in this book. As an interdisciplinary engagement with a variety of scholarly approaches, this book will appeal to a broad variety of legal and humanist scholars concerned with the intersections between Indigenous peoples and law, including those engaged in critical legal studies and legal philosophy, sociolegal studies, human rights and native title law.

the lone ranger and tonto fistfight in heaven pdf: *Woodstock Scholarship* Jeffrey N. Gatten, 2016-11-11 Since August 1969, the Woodstock Music and Art Fair looms large when recounting the history and impact of the baby boom generation and the societal upheavals of the Sixties. Scholars study the sociological, political, musical, and artistic impact of the event and use it as a cultural touchstone when exploring alternative perspectives or seeking clarity. This interdisciplinary annotated bibliography records the details of over 400 English-language resources on the Festival, including books, chapters, articles, websites, transcriptions and videos. Divided into six main subsections—Culture & Society, History, Biography, Music, Film, Arts & Literature—for ease of consultation Woodstock Scholarship sheds light on all facets of a key happening in our collective history. Throughout the 1960s, popular music became increasingly reflective and suggestive of the rising political and social consciousness of the youth culture. Examples can be seen in the development of the protest song genre within the folk music boom of the early Sixties and the marriage of lifestyle to music first reflected by The Beatles with fashion, followed by psychedelic music with the emerging drug culture. Woodstock was where these themes coalesced, thus becoming the defining and last great moment of the 1960s. However, Woodstock also represented an abundant amount of experiences and ideas and moments. Thus, when exploring the complicated accounts and numerous facets of America during the turbulent Sixties one discovers scholarship on the key subjects, such as the Vietnam War or the Civil Rights Movement, often considering and debating the importance, relevance, and epic nature of Woodstock. Multiple narratives emerge: a radical engagement of the hippie movement, an overt commercial exploitation of youth culture, a political statement. Woodstock scholarship does not stand alone as field of study, but it is at the cross-road of a number of disciplines—music history, cultural studies, sociology, arts and literature, media studies, politics and economics. Providing full bibliographical details and concise, informative annotation for each entry, Woodstock Scholarship is an essential tool for students, scholars, teachers, and librarians in all these areas, as well as for anyone seeking a deeper understanding of both the Woodstock Music and Art Fair phenomenon and of the confluence of music, commerce and politics.

and nature in the context of the environmental challenges and Biblical studies. Chapters include topics on creation care and Sabbath, sacramental approaches to earth care, classical and medieval cosmologies, ecotheodicy, how we understand the problem of nonhuman suffering in a world controlled by a good God, ecojustice, and how humans help to alleviate nonhuman suffering. The book seeks to provide a way to understand Judeo-Christian perspectives on human-to-nonhuman interaction through Biblical, literary, cultural, film, and music studies, and as such, offers an interdisciplinary approach with emphasis on the humanities, which provides a broader platform for ecotheology.

the lone ranger and tonto fistfight in heaven pdf: Culturally Responsive Reading Durthy A. Washington, 2023 “A book that is brilliantly incisive and generative beyond words, Culturally Responsive Reading is a gift that will be welcomed in classrooms everywhere.” —Junot Díaz, author, *This Is How You Lose Her* Help students to explore the intertextuality of literature and to think more deeply and compassionately about the world. This book shows high school teachers and college instructors how to foreground a work’s cultural context, recognizing that every culture has its own narrative tradition of oral and written classics that inform its literature. The author introduces readers to the LIST Paradigm, a guided approach to culturally responsive reading that encourages readers to access and analyze a text by asking significant questions designed to foster close, critical reading. By combining aspects of both literary analysis (exploring the elements of fiction such as plot, setting, and character) and literary criticism (exploring works from multiple perspectives such as historical, psychological, and archetypal), the LIST Paradigm helps educators “unlock” literature with four keys to culture: Language, Identity, Space, and Time. In *Culturally Responsive Reading*, Washington exposes cultural myths, reveals racist and culturally biased language, dismantles stereotypes, and prevents the egregious misreading of works written by people of color. Book Features: Describes a unique approach to culturally responsive reading, including specific teaching strategies and rich classroom examples. Explores numerous texts by writers of color that are rarely included as required reading in literature courses. Provides examples and illustrations of innovative ways to incorporate multicultural texts into an introductory literature course. Incorporates epigraphs and questions that highlight each component of the LIST approach. Includes a critical essay that guides teachers through the process of teaching a complex postmodern novel (Junot Díaz’s *The Brief Wondrous Life of Oscar Wao*).

the lone ranger and tonto fistfight in heaven pdf: *Beyond Access* Stephanie J. Waterman, Shelly C. Lowe, Heather J. Shotton, 2023-07-03 This book argues that two principal factors are inhibiting Native students from transitioning from school to college and from succeeding in their post-secondary studies. It presents models and examples of pathways to success that align with Native American students’ aspirations and cultural values. Many attend schools that are poorly resourced where they are often discouraged from aspiring to college. Many are alienated from the educational system by a lack of culturally appropriate and meaningful environment or support systems that reflect Indigenous values of community, sharing, honoring extended family, giving-back to one’s community, and respect for creation. The contributors to this book highlight Indigenized college access programs--meaning programs developed by, not just for--the Indigenous community, and are adapted, or developed, for the unique Indigenous populations they serve. Individual chapters cover a K-12 program to develop a Native college-going culture through community engagement; a “crash course” offered by a higher education institution to compensate for the lack of college counseling and academic advising at students’ schools; the role of tribal colleges and universities; the recruitment and retention of Native American students in STEM and nursing programs; financial aid; educational leadership programs to prepare Native principals, superintendents, and other school leaders; and, finally, data regarding Native American college students with disabilities. The chapters are interspersed with narratives from current Indigenous graduate students. This is an invaluable resource for student affairs practitioners and higher education administrators wanting to understand and serve their Indigenous students.

the lone ranger and tonto fistfight in heaven pdf: *Rezballers and Skate Elders* David Kamper, 2025-06 Ethnographer and American Indian studies scholar David Kamper examines how Indigenous youth and adults are making basketball and skateboarding meaningful to their communities by sustaining the transmission of intergenerational knowledge and combatting intergenerational trauma. Kamper looks at how the events and tournaments built around rezball are similar to powwows in how they bring people together across localized communities and generations and he coins the phrase skate elders for those who use the social nature of skateboarding to build community and mentorships. Through a broad picture of North America, Kamper demonstrates how Native peoples have long indigenized cultural practices and material culture to assert Native sovereignty, creating joy and hope in the process. In *Rezballers and Skate Elders* Kamper considers how Native expressions of basketball and skateboarding show continuities with the historical transformation of practices that originated outside Indian Country to make them meaningful in Native life.

the lone ranger and tonto fistfight in heaven pdf: *That Dream Shall Have a Name* David L. Moore, 2020-04-01 The founding idea of America has been based largely on the expected sweeping away of Native Americans to make room for EuroAmericans and their cultures. In this authoritative study, David L. Moore examines the works of five well-known Native American writers and their efforts, beginning in the colonial period, to redefine an America and American identity that includes Native Americans. *That Dream Shall Have a Name* focuses on the writing of Pequot Methodist minister William Apess in the 1830s; on Northern Paiute activist Sarah Winnemucca in the 1880s; on Salish/Métis novelist, historian, and activist D'Arcy McNickle in the 1930s; and on Laguna poet and novelist Leslie Marmon Silko and on Spokane poet, novelist, humorist, and filmmaker Sherman Alexie, both in the latter twentieth and early twenty-first centuries. Moore studies these five writers' stories about the conflicted topics of sovereignty, community, identity, and authenticity--always tinged with irony and often with humor. He shows how Native Americans have tried from the beginning to shape an American narrative closer to its own ideals, one that does not include the death and destruction of their peoples. This compelling work offers keen insights into the relationships between Native and American identity and politics in a way that is both accessible to newcomers and compelling to those already familiar with these fields of study.

the lone ranger and tonto fistfight in heaven pdf: *Facing Trauma in Contemporary American Literary Discourse* Laura Virginia Castor, 2019-10-08 Trauma has always been part of the American collective experience, but only since September 11, 2001 has it been acknowledged on a widespread scale. Most people will experience some form of trauma during their lifetime, but in contemporary American culture, it is often understood as a problem to be blamed on someone, fought, or repressed entirely. Despite burgeoning trauma studies, popular responses to trauma - from the media to politics - produce ever more aggression and fear. This book responds to this

growing awareness through literary analyses of texts by Louise Erdrich, Siri Hustvedt, Melanie Thernstrom, Nicole Krauss, Joy Harjo, Linda Hogan, Jhumpa Lahiri, and Toni Morrison. Considered separately, each chapter provides a lens into a historically-situated trauma and the process of renegotiating it. Read together, they function as voices in an ongoing conversation that affirms the power of narrative. A good story can become a space for curiosity in the face of trauma and uncertainty. A story opens imaginative possibilities for asking, "in what ways can readers bring more awareness to the benefits of seeing our planetary interdependence in the midst of global polarization?" The readings of novels, autobiographical texts, and poems here suggest how this question is among the most valuable we can ask in the early 21st century.

the lone ranger and tonto fistfight in heaven pdf: Edward J. Steptoe and the Indian Wars Ron McFarland, 2016-02-11 Lieutenant Colonel Edward J. Steptoe's escape from encirclement by 1,000 Northern Plateau Indians in 1858 is a familiar story from the Indian Wars. Yet the details of the Battle of Pine Creek (or Tohotonimme) and its aftermath remain subjects of debate. Outnumbered six to one, Steptoe's 164 troops slipped away in the night. Newspapers called it a disaster. A few weeks later, Colonel George Wright avenged the defeat and Steptoe, who had suffered a stroke months before the battle, lived his final years in relative obscurity in his native Virginia as the Civil War erupted. This definitive biography of Steptoe chronicles the career of a field officer who served nearly four years in the Second Seminole War, won commendation for gallantry during the Mexican War, performed admirably (though controversially) in the Utah Territory, undertook construction of forts at Walla Walla in the newly defined Washington Territory and engaged with various tribes throughout his deployments. His personal letters reveal a thoughtful, sensitive commander who came to question his choice of career even before his final battle.
