becoming strangers again novel read online free pdf download: *Becoming Strangers* Louise Dean, 2007-01-08 After more than half a century of marriage, Dorothy and George are embarking on their first journey abroad together. Three decades younger, Jan and Annemieke are taking their last, as illness and incompatibility bring their unhappy union to an end. At first the luxury of a Caribbean resort is no match for the well-worn patterns of domestic life. Then the couples' paths cross, and a series of surprises ensues--a disappearance and an assault, most dramatically, but also a teapot tempest of passions, slights, misunderstandings, and small awakenings that punctuate a week in which each pair struggles to come to terms with what's been keeping them apart. A hit with readers and critics alike when it was published in England last year, *Becoming Strangers* is a different kind of love story, in which there's seldom a happy ending but sometimes a chance to redeem a life half-lived.

becoming strangers again novel read online free pdf download: *If Only We Could Be Strangers Again* Mrunaal Gawhande, Komal R, Kalon Maple Publishing, 2018-11-25 Bliss lingered in the air when strangers became our shelters. Knowingly or unknowingly, we seek refuge in some unknown calm and with time we find ourselves sheltered in some strangers. Rather, they become our home forever. Times and again, we reminisce the journey 'from strangers to shelters'. Those moments of togetherness become the most scared feel for our soul and being. Life becomes the most beautiful and priceless gift when accompanied with our loved ones. We start loving the journey more than the longing for the destination. But at some unfortunate moment the leap of time soars in a way that we are left all homeless. Or at times the most alluring journey turns to be the path of thorns. Promises fade and darkness blankets our life. All that remain with us are the memories of a colourful past, which neither come to reality again nor let us accept the reality and move on. The only feel that chases our mind is 'If only we could be strangers again!'
