cuentos cortos volume 2 pdf: Concepción Gimeno De Flaquer (1850-1919): Cartas, cuentos cortos y artículos periodísticos Ana Isabel Simón Alegre, 2023-09-26 Concepción Gimeno de Flaquer (Alcañiz, 1850-Buenos Aires, 1919) fue una periodista y editora española que dedicó su vida al mundo de las letras. Fue, además de escritora, una apasionada viajera en una época en la que cruzar el Atlántico no era una tarea fácil. En sus viajes transatlánticos puso en marcha y participó en numerosas tertulias y se dedicó a dirigir periódicos, escribir novelas, cuentos cortos, cartas, ensayos, críticas de teatro, artículos de opinión y columnas de sociedad en diferentes periódicos. En este libro se explora cómo en la trayectoria vital y profesional de Concepción Gimeno de Flaquer quedó entrelazado su proyecto político literario en el que el activismo feminista jugaría un importante papel. Esta edición anotada contribuye a las investigaciones previas sobre Gimeno de Flaquer analizando una colección de textos que no se han estudiado aún en detalle. 'Concepción Gimeno De Flaquer (1850-1919): Cartas, cuentos cortos y artículos periodísticos' incluye diez cartas que Concepción Gimeno escribió al actor y empresario teatral Manuel Catalina y Rodríguez (1820-1886), siete cuentos y una selección de diecisiete de sus artículos periodísticos más representativos.

cuentos cortos volume 2 pdf: Juegos de la edad tardía Luis Landero, 2018-04-12 Galardonada con premios tan prestigiosos como el de la Crítica y el Nacional de Literatura, opera prima de un escritor desconocido hasta ese momento, la novela *Juegos de la edad tardía*, publicada en 1989, sorprendió y maravilló por su madurez, originalidad y genialidad. Desde su mismo título, la novela invita al lector a jugar, sumiéndolo en un universo laberíntico, por la abundancia de datos y un argumento exuberante con bifurcaciones imprevistas, riqueza y variedad de personajes y anécdotas, en un caudaloso fluir. De ese juego surge una escritura única, original: a partir de un legado variopinto, *Juegos de la edad tardía* parece brotar como un fruto híbrido hecho de múltiples voces entrecruzadas entre las cuales domina otra voz, la suya propia.

cuentos cortos volume 2 pdf: Eduardo Halfon and the Itinerary of Memory Marilyn G. Miller, 2024-09-30 Arguably, all of Guatemalan writer Eduardo Halfon's fictional works deal with quandaries of translation, even in their original versions. The award-winning author of fifteen books claims to have lost his mother tongue when his family fled to the United States after his tenth birthday. This displacement, echoing the displacement of his four grandparents from different corners of the Jewish diaspora to Guatemala, gives Halfon, like his ancestors before him, good reason to consider translation a natural environment for his creative work and for life itself. Indeed, Halfon's uncanny ability to translate his family's history into "fictions" that resonate across the globe with readers in Spanish, English, and several other languages helps explain why he has received numerous prizes in the United States, Spain, Guatemala, and even France, some as a Latin American author, others as a Latino or Jewish author. Marilyn G. Miller has written the first study to focus exclusively on this important voice in Jewish-Latin American letters. Only after returning to Guatemala and regaining his command of Spanish through reading literature did Halfon begin to build his life as a writer and translator. Nonetheless, the author admits that "one thing is stubbornly true, and it's this: every sentence that I write, every verb or adjective that I painstakingly insert or remove, every literary thought that I have while writing, always . . . begins and ends in English." Halfon's translated works are never parallel texts, however. Thus, translation and its side effects (foreign words, linguistic lacunae, multilingual modes of perception) offer us crucial keys to understanding the author's fictional world as a vehicle for retelling and surviving Jewish trauma and finding his own particular plurilingual voice.

cuentos cortos volume 2 pdf: Androiceno Miguel Ángel Serrano, 2025-05-08 Si la base del

Antropoceno es que la acción del hombre cambia el destino del planeta, al proponer el término «Androiceno» Miguel Ángel Serrano quiere llamar la atención sobre los cambios de inmenso calado que la aparición de la mal llamada Inteligencia Artificial (IA) y su adopción sin un marco regulatorio adecuado y respetuoso con los derechos de las personas afectadas, entre ellas los escritores, puede acarrear. No es descabellado pensar que la próxima crisis climática sea causada por las máquinas, dotadas de cada vez mayor autonomía, o para las máquinas, en lo que parece un ciego empeño de las grandes corporaciones por alimentar a cualquier precio a los nuevos androides. Los gurús de la IA prometen un mundo más innovador, libre de enfermedades, en el que las máquinas harán que la vida sea mucho más fácil, pero ¿será esto así? ¿Lo será para todo el mundo? En pos de esa promesa (que veremos si se hace realidad), se desvían ingentes recursos naturales, energéticos, económicos, humanos y de todo tipo, entre ellos, los culturales. Ninguna tecnología debe ser aceptada sin crítica y análisis, y menos aún cuando entraña consecuencias éticas y sociales tan demoledoras: incluso con sus aspectos positivos, la IA, en su alocada carrera, puede llevarse por delante los derechos de una gran cantidad de colectivos sin ni siquiera un debate previo. Miguel Ángel Serrano ofrece un paseo, guiado por otros escritores, sobre múltiples aspectos de esta nueva era de la inteligencia artificial, en una reflexión que dará mucho que pensar al lector... humano.

cuentos cortos volume 2 pdf: Dicotomías culturales José Ismael Gutiérrez, 2023-09-18 Este volumen reúne una decena de trabajos elaborados por distintos componentes y algunos/as colaboradores/as del grupo de investigación de la ULPGC conocido por el acrónimo PeCRaEC. Pese a la heterogeneidad de su contenido, todos los capítulos escrudiñan en algunas de las instancias duales en torno a las que pivotan la literatura y el cine de las últimas décadas del siglo XX y de lo que llevamos del XXI, instancias que, no obstante su riqueza, se perciben como antagónicas y que unas veces, en el volátil espacio de la posmodernidad, han acabado por avenirse renunciando a los fraccionamientos disciplinares y a las especializaciones rígidas, mientras que otras han optado por favorecer a uno de los extremos de la oposición. Aun cuando partan del análisis de la palabra y de la imagen artística, las cuestiones abordadas en estos ensayos son generalizables a otros campos del plano cultural o de la realidad empírica, destacando como vasos comunicantes entre todos ellos el énfasis en lo dicotómico, en la representación de la otredad, así como el silenciado valor de determinados cánones subalternos.

These selected paragraphs distill the contents and give you a quick look inside The Works of Edgar Allan Poe , Volume 2: Look inside the book: And do you not see also, that such recherchés nooks for concealment are adapted only for ordinary occasions, and would be adopted only by ordinary intellects; for, in all cases of concealment, a disposal of the article concealed—a disposal of it in this recherché manner,—is, in the very first instance, presumable and presumed; and thus its discovery depends, not at all upon

the acumen, but altogether upon the mere care, patience, and determination of the seekers; and where the case is of importance—or, what amounts to the same thing in the policial eyes, when the reward is of magnitude,—the qualities in question have never been known to fail. ...HAVING had occasion, lately, in the course of some Oriental investigations, to consult the Tellmenow Isitsoornot, a work which (like the Zohar of Simeon Jochaides) is scarcely known at all, even in Europe; and which has never been quoted, to my knowledge, by any American—if we except, perhaps, the author of the 'Curiosities of American Literature';—having had occasion, I say, to turn over some pages of the first-mentioned very remarkable work, I was not a little astonished to discover that the literary world has hitherto been strangely in error respecting the fate of the vizier's daughter, Scheherazade, as that fate is depicted in the 'Arabian Nights'; and that the denouement there given, if not altogether inaccurate, as far as it goes, is at least to blame in not having gone very much farther. About Edgar Allan Poe, the Author: 19 Poe gave up on the university after a year, and, not feeling welcome in Richmond, especially when he learned that his sweetheart Royster had married Alexander Shelton, he traveled to Boston in April 1827, sustaining himself with odd jobs as a clerk and newspaper writer. ...Poe is believed to have lived in the home at the age of 23 when he first lived with Maria Clemm and Virginia (as well as his grandmother and possibly his brother William Henry Leonard Poe).
