The study of language learning among aging populations has become a fast-growing area of research and this book is one of the first attempts to bring together what we know about this age group and their profiles as foreign language learners. do not go gentle pdf: The Dying of the Light Donald J. Richardson, 2009-11-20 As a community volunteer for several years, I have come to know many elderly people, to listen to the stories of their lives, and to witness their needs and complaints. Some are no longer with us, of course, but others soldier on, enduring life's challenges, suffering ungrateful children, and combating an indifferent society. One important discovery I have made is that it is elemental to listen. The listening is the best and most affirmative part of my service to the elderly. Hardly anyone actually cares what they say or what they think. It is necessary that their voices be heard. What I

have tried to do in *The Dying of the Light* is to restore their voices.

do not go gentle pdf: *Reagan's Soviet Rhetoric* Mark LaVoie, 2021-11-17

How did Ronald Reagan go from calling the Soviet Union an "evil empire" in his first term as president to saying the US had "forged a satisfying new closeness" with the Soviets by the end of his second term? In *Reagan's Soviet Rhetoric: Telling the Soviet Redemption Story*, rhetorical scholar Mark LaVoie examines the ways Reagan negotiated his shift from a vehemently anti-communist discourse to a rhetoric of guarded optimism about the future of US-Soviet relations that ultimately revealed a Soviet redemption narrative. Following Reagan's Soviet rhetoric from his 1947 testimony before the House Un-American Activities Committee to his Farewell Address in 1989, LaVoie considers the President's use of "Soviet/Nazi analogy," "historical narrative," "reciprocity," and other rhetorical strategies in creating the narrative. Scholars and students of rhetoric, history, and international relations will find this book particularly interesting.

do not go gentle pdf: *The Preacher's Guide to Suicide* H. C. Johnson, 2022-03-18

This book makes the startling claim that the pulpit is the appropriate place to address suicide. In *A Preacher's Guide to Suicide* Johnson chisels through the rusty prison bars of cultural pretense and the oppressive myths of suicide. Using history, the social and behavioral sciences, and biblical inquiry over the centuries of varied Christian voices, Johnson demonstrates that suicide is part of the very fabric of Christian identity. And to preach suicide awareness is to preach life into the very act of dying. While grappling with the contemporary understanding of neuroscience, psychopathology, societal values, and individualism, Johnson seeks to present suicide in a hopeful light as we all approach death in those daily moments of confession, forgiveness, and prayer. Johnson hopes to provoke further conversation within the Christian community about the richness of suicide within the Scriptures and seeks to be a source of inspiration for preachers.

do not go gentle pdf: *Healing Death* Christopher Levan, 2020-09-16

The apostle Paul said, "Oh death, where is your sting?" (1 Corinthians 15:55) And yet when faced with their own end, most believers are very anxious. We know death is a fact of living, but we are not too keen to go through the pain and anguish associated with it. And it is how we address death's anguish that is the subject of this book. Through a close examination of the recently legalized "medical assistance in dying (MAID)," Levan suggests that Canadians can now face their own end with a different spirit. While death is the disease that will get us all, he points out that dying is a process that can be "healed" if we are given the time and permission to face it. Taking insights that arise from the Abrahamic religious traditions, Levan shows how palliative care can be enhanced by MAID, a new tool in the repertoire of end-of-life therapies. For newcomers to the subject, Levan outlines the facts on MAID—what is allowed and who is excluded. He studies the many taboos surrounding the taking of one's own life and points a way forward for believers. *Healing Death* is a fresh and inspiring perspective on a very old and anxiety-ridden subject.

do not go gentle pdf: *A Hole in the World* Amanda Held Opelt, 2022-07-19 In a raw and inspiring reflection on grief--selected by Publishers Weekly as one of the best books of the year--a mourning sister processes her personal story of loss by exploring the history of bereavement customs. When Amanda Held Opelt suffered a season of loss—including three miscarriages and the unexpected death of her sister, New York Times bestselling writer Rachel Held Evans—she was confronted with sorrow she didn't know to how face. Opelt struggled to process her grief and accept the reality of the pain in the world. She also wrestled with some unexpectedly difficult questions: What does it mean to truly grieve and to grieve well? Why is it so hard to move on? Why didn't my faith prepare me for this kind of pain? And what am I supposed to do now? Her search for answers led her to discover that generations past embraced rituals that served as vessels for pain and aided in the process of grieving and healing. Today, many of these traditions have been lost as religious practice declines, cultures amalgamate, death is sanitized, and pain is averted. In this raw and authentic memoir of bereavement, Opelt explores the history of human grief practices and how previous generations have journeyed through periods of suffering. She explores grief rituals and customs from various cultures, including: the Irish tradition of keening, or wailing in grief, which teaches her that healing can only begin when we dive headfirst into our grief the Victorian tradition of post-mortem photographs and how we struggle to recall a loved one as they were the Jewish tradition of sitting shiva, which reminds her to rest in the strength of her community even when God feels absent the tradition of mourning clothing, which set the bereaved apart in society for a time, allowing them space to honor their grief As Opelt explores each bereavement practice, it gives her a framework for processing her own pain. She shares how, in spite of her doubt and anger, God met her in the midst of sorrow and grieved along with her, and shows that when we carefully and honestly attend to our losses, we are able to expand our capacity for love, faith, and healing.

do not go gentle pdf: *Stories of Sports* Crystal L. Beach, Katie Shepherd Dredger, Katherin Garland, Cathy Leogrande, 2021-03-12 *Stories of Sports: Critical Literacy in Media Production, Consumption, and Dissemination* discusses how media demonstrates privilege, policing, stereotypes, confirmation bias, and objectification in a world where the role of athletics in Western society speaks to privilege and power. Contributors use a critical media lens to analyze texts, including newspapers, magazines, film, television, social media, and sportscasts to demonstrate to readers the ways in which sports stories reinforce or disrupt patterns of power and the ways that power is

enacted. This book questions the role of the sports-industrial complex in our society and argues that, while healthy competition and physical health can come from bodily exertion, corruption can contaminate these benefits with the wielding of influence and the acquisition of cultural and financial capital. Contributors examine how the ways that resources are allocated, the coverage of certain sports and athletes, and how viewers view competitive arenas speak to power and privilege in ways that can affect both athletes and athletic stakeholders, highlighting the importance of critically examining sports media. Scholars of media studies and sports will find this book particularly useful.
