the tripitaka book pdf: *The Cakrasamvara Tantra (The Discourse of Sri Heruka)* David B. Gray, 2019-04-09 This is the first complete, critical English translation of the Cakrasamvara Tantra, also known as the Sriherukabhidhana and Laghusamvara. This is the first complete, critical English translation of the Cakrasamvara Tantra. Composed in India during the eighth century, it is a foundational scripture of one of the most important Indian Buddhist tantric traditions. The translator's introductory essay provides an analysis of the historical and intellectual contexts in which the Cakrasamvara Tantra was composed. The heavily annotated translation was made on the basis of the surviving Sanskrit manuscripts of the tantra and its commentaries, parallel passages in related explanatory tantras (vyakhyatantra), two different Tibetan translations of the root text, and

several Tibetan commentaries. Includes a trilingual glossary and index. The author has also translated the commentary on this tantra by the great Tibetan scholar Tsong Khapa (1357–1419), *Illumination of the Hidden Meaning*, now published in two companion volumes. Taken together, these three volumes provide the reader with the first full study in English of this pivotal tantra. Composed in India during the late eighth or early ninth century, the Cakrasamvara Tantra is a foundational scripture of one of the most important Indian Buddhist tantric traditions, as evidenced by the vast number of commentaries and ritual literature associated with it. Along with the Hevajra Tantra, it is one of the earliest and most influential of the yogini tantras, a genre of tantric Buddhist scripture that emphasizes female deities, particularly the often fiercely depicted yoginis and ?akinis.

the tripitaka book pdf: Taixu's 'On the Establishment of the Pure Land in the Human Realm' Charles B. Jones, 2021-01-14 In this book, Charles B. Jones provides the first English language translation of one of the most important texts of modern Chinese Buddhism: monk-reformer Taixu's 'On the Establishment of the Pure Land in the Human Realm'. The essay, written in 1926 as part of Taixu's attempt to revive Chinese Buddhism with a Humanistic Buddhist approach, incorporates Western thought into a reconstruction of the idea of the 'Pure Land in the human realm'. In his commentary on the text, Jones argues that it has been widely misunderstood and mischaracterized. Jones demonstrates that, besides laying out the very modern idea of the Pure Land in the human realm as a slogan for Buddhist engagement with the problems of the modern world, the essay does not, as commonly assumed, discourage practices leading to rebirth in the Pure Land. He also shows that the 'human realm' can mean anywhere in Buddhist cosmology that humans reside, and that the essay's attempts to reconcile Buddhism with modern science is tentative and incomplete. Jones reveals that the essay promotes visions of both paradises and utopias, and that Taixu supports his ideas with many lengthy sutra quotations. The book concludes with an examination of how Taixu's followers developed the idea of the Pure Land in the human realm into a more coherent and

modernized ideal.

In doing so, this book profiles leading experts—librarians, archivists and museum curators—who specialise in East Asian collections from across the world. In examining the dynamically shifting role of the cultural institution in the context of managing information and collections, this book provides important themes offered by these cultural experts in understanding the necessary professional skills, knowledge and personalities that are required for working in such environments of varying size, scope and composition in LAMs. As galleries, LAMs manage preservation and access of history and culture, and their missions and goals as cultural institutions continue to converge. As collecting institutions, LAMs share the common mandate to preserve and make accessible primary resources valuable for researchers and professionals, as well as the public. LAMs are mostly publicly funded, publicly accountable institutions collecting cultural heritage materials. Another aim of this book is to enhance the visibility and recognise the efforts of the LAM professionals as cultural institution leaders, since much of their great contributions in the respective fields to preserving our cultural and documentary heritages have gone unnoticed outside their parent institutions. - Examines the roles and goals of cultural institutions - Brings collections to life through interviews with LAM experts - Presents LAMs with a focus on East Asia - Serves as a platform for LAM professionals to share and exchange experiences and insights

the tripitaka book pdf: Buddhism and International Humanitarian Law Andrew Bartles-Smith, Kate Crosby, Peter Harvey, Asanga Tilakaratne, Daniel Ratheiser, Noel Maurer Trew, Stefania Travagnin, Elizabeth J. Harris, Mahinda Deegalle, Christina A. A. Kilby, 2023-09-20 What guidance can Buddhism provide to those involved in armed conflict and to belligerents who must perhaps kill or be killed or defend their families, communities or countries from attack? How, moreover, does Buddhism compare with international humanitarian law (IHL) - otherwise known as the law of armed conflict - which protects non-combatants and restricts the means and methods of warfare to limit the suffering it causes? Despite the prevalence of armed conflict in parts of the Buddhist world, few contemporary studies have addressed these questions. While there is a wealth of material on Buddhist conflict prevention and resolution, remarkably little attention has been paid to what Buddhism says about the actual conduct of war. IHL is also still relatively little known in the Buddhist world and might not therefore influence the behaviour of belligerents who self-identify as Buddhists and are perhaps more likely to be guided by Buddhist principles. This ground-breaking volume is part of an International Committee of the Red Cross project which seeks to fill this gap by exploring correspondences between Buddhist and IHL principles, and by identifying Buddhist resources to improve compliance with IHL and equivalent Buddhist or humanitarian norms. This book will be of much interest to students and researchers of International Law, Buddhism, Ethics as well as War and Conflict studies. The chapters in this book were originally published as a special issue of Contemporary Buddhism.

the tripitaka book pdf: Women in Chinese Buddhism Jessica Huset Tilton, 2025-10-30 Tilton examines how cultural, political and economic forces exert pressures on the levels of freedom and equality for female Buddhists within the Buddhist community as well as women's rights within society. The book charts women's spiritual paths over four periods, beginning with the Buddha and his revolutionary stance on women, to the creation of a fully ordained female Saṅgha in China—which peaked during the Tang dynasty—and finally to its resurgence in the late Qing and early Republic period, ending with a sharp decline to near extinction during the Mao Zedong years (1949–1976). As the nun and lay communities arise directly from the broader female community, Tilton argues that there is a direct correlation between women's rights issues and those of liberties for Buddhist women within the Saṅgha. Specifically, women's equality within “this world” as well as their right to achieve liberation from “this world,” or saṃsāra. Charting the evolution of Buddhist women in China across multiple centuries, this book is a valuable resource for academics,

researchers and students of Asian Studies, Buddhist Studies, as well as those interested in the intersection of gender and religion.

the tripitaka book pdf: The Vajrabhairava Tantra Aleksandra Wenta, 2025-09-02 This book is a study and translation of the Vajrabhairava Tantra (henceforth, VBhT), a Buddhist tantric text in seven chapters that focuses on the means of attainment (sādhana) centered upon the wrathful tantric deity Vajrabhairava. The VBhT, composed in India in the eighth century and written in Sanskrit, is attributed to Lalitavajra (a.k.a. Līlāvajra), a Buddhist master (ācārya) at Nālandā Monastery, who is said to have retrieved it from the land of Oḍḍiyāna. It is a work of great importance to the development of tantric Buddhism in India as well as to the understanding of Tibetan Buddhist history more generally. Like most tantras, it is a ritual text, dedicated in all of its seven chapters to the description of rites, such as the drawing of the sacred diagram (maṇḍala), the ceremonies performed within it, as well as the performance of various rituals, such as magical rituals (karmas), fire offerings (homa), recitation of sacred spells (mantras), and so on. The VBhT deals with what might have been the earliest form of Vajrabhairava, the Solitary Hero (ekavīra), in the charnel ground surrounded by various mortuary objects, weapons, and eight zombies. All of these gruesome symbols clearly reflect the transgressive character of the tantra, associated with the tantric cult of the cremation ground and antinomian practices involving contact with impure places and substances as a means of attaining power. In the subsequent centuries, the pantheon of the Vajrabhairava maṇḍala grew, giving rise to the Seventeen-and the Thirteen-Deity maṇḍalas. The latter was directly influenced by the pantheon of the Guhyasamāja Tantra, and could be seen as its direct evolution (Tanaka 2018, 323). Indeed, Thirteen-Deity Vajrabhairava gained widespread popularity also outside India-in Tibet, Mongolia, and China--

the tripitaka book pdf: A könyv története Roderick Cave - Saya Ayad, 2016-09-30 Az emberek szeretik a listákat. A könyvek világában a listák külön műfajjá váltak: „az évszázad legjobb könyvei”, „100 könyv, amelyet el kell olvasnod, mielőtt meghalsz” és így tovább. Ez a kötet is egy ilyesféle lista: csodálatos tárgyak csodálatos felsorolása, amely korszakokon és kultúrákon átívelő összefüggéseket tár az olvasó elé. Kevés ember bír olyan széles és mély tudással, amely egy ilyen lista összeállításához szükséges. Rod Cave évtizedek óta dolgozik ezen a területen, több tucatnyi kötet és tanulmány áll mögötte. Páratlanul sokat tud a könyvről, arról, hogy milyen formákban jelent meg és milyen helyet töltött be a történelemben. Így hát nem meglepetés, hogy ebben a kötetben olyan kérdéseket tárgyal, amelyeket a könyv történetével foglalkozó szerzők ritkán tesznek fel maguknak. Ennek a lebilincselő könyvnek a másik szerzője Sara Ayad, az irodalom, a képzőművészet, valamint a könyvtörténet kutatója. Ayad és Cave a kiválasztott könyvek meséiből – mint kárpitot színes fonalakból – szövi meg a szépség és az intrika történetét. Az ilyesfajta

könyvekben természetesen megtalálhatók bizonyos alapvető munkák: barlang falára és állatcsontokra írt szövegek, agyagtáblák és bambuszkönyvek, az Íliász és a Beowulf, illuminált középkori kéziratok, a Gutenberg-Biblia és a Nürnbergi krónika. De találunk itt az Andokból származó csomóírástól az inkák korát megelőző időkbeli, papirusztekercseket, szerepel a Koreai Tripitaka és a kopt Biblia, hogy csak négyet említsünk. A pusztán felsorolást kiegészítő rövid esszék a könyveket – a legkorábbiaktól az e-könyvekig – helyezik el történeti környezetükben. A válogatás különleges azért is, mert a fontos – bár gyakran nem eléggé méltányolt – könyveket a tudós és a laikus olvasó érdeklődésének széles területeiről gyűjtötte össze. A koncepció eredetisége, a témák és az egyes könyvek fontossága, a nagyszerű képanyag, a hozzájuk tartozó ismertető és képaláírások együttesen teszik nagyszerűvé ezt a művet. Annyi más, könyvek listáit összeállító könyvtől eltérően ez a kötet elég merész és éleslátó ahhoz, hogy figyelembe vegye a táncról vagy a titkosírásról szóló szövegeket, a képregényeket, a mini- és nanokönyveket, a palimpszeszteket, a gyógyszeres munkákat és a jóskönyveket, Nyugatról és Keletről, vagyis bármit, ami a könyvtörténet és az egyetemes kultúra szempontjából fontos. Az a hatalmas mennyiségű tudásanyag, történelem, irodalom, tudomány, szórakoztatás és műveltség, ami ebben a száz könyvben megtestesül, csak kis része annak, amit a szerzők a művelődéstörténet, a nyomtatás és a könyvtörténet világáról tudnak. Ennek az értékes, lenyűgöző és informatív gyűjteménynek helye van minden, a történelem, a könyvtörténet és a kultúrhistoria iránt érdeklődő olvasó könyvespolcán.

the tripitaka book pdf: Himalayan Passages Andrew Quintman, Benjamin Bogin, 2014-08-12 Explore new research on the religious and cultural traditions of the Himalayan Buddhist world. Over decades, hundreds of American undergraduates spending a semester abroad have been introduced to Tibetan culture in India, Nepal, and China by Hubert Decleer. A number went on to become prominent scholars in the field at institutions such as Yale, Berkeley, and Georgetown, and as a tribute to him they have put together this collection of cutting-edge research in Himalayan studies, bringing together contributions of this new generation with those of senior researchers in the field. This new research on the religion and culture of the Himalayan Buddhist world spans a broad range of subjects, periods, and approaches, and the diversity and strength of the contributions ensures Himalayan Passages be warmly welcomed by scholars, travelers, and Tibetan Buddhists alike. Highlights include: Donald S. Lopez, Jr. tells the story of Gendun Chopel's unusual visit to Sri Lanka in 1941. Leonard van der Kuijp examines the Bodhicittavivarana, an ancient work on the enlightened resolve to free all beings. Kabir Mansingh Heimsath compares Western and Chinese curatorial approaches to Tibetan modern art. Alexander von Rospatt illuminates the fascinating history and artistic details of the famous Svayambhu stupa in Kathmandu. Sarah H. Jacoby translates the short autobiography of Sera Khandro, the celebrated female Tibetan mystic of a century ago. Additional contributors include Franz-Karl Ehrhard, Ernst Steinkellner, Jacob P. Dalton, Iain Sinclair, Anne Vergati, Punya Prasad Parajuli, and Dominique Townsend.
