the future of America. It's one of the iconic photographs of American history: A Black teenager, a policeman and his lunging German Shepherd. Birmingham, Alabama, May of 1963. In May of 2020, as reporter Paul Kix stared at a different photo—that of a Minneapolis police officer suffocating George Floyd—he kept returning to the other photo taken half a century earlier, haunted by its echoes. What, Kix wondered, was the full legacy of the Birmingham photo? And of the campaign it stemmed from? In *You Have To Be Prepared To Die Before You Can Begin To Live*, Paul Kix takes the reader behind the scenes as he tells the story of the Southern Christian Leadership Conference's pivotal 10 week campaign in 1963 to end segregation in Birmingham, Alabama. At the same time, he also provides a window into the minds of the four extraordinary men who led the campaign—Martin Luther King, Jr., Wyatt Walker, Fred Shuttlesworth, and James Bevel. With page-turning prose that read like a thriller, Kix's book is the first to zero in on the ten weeks of Project C, as it was known—its specific history and its echoes sounding throughout our culture now. It's about Where It All Began, for sure, but it's also the key to understanding Where We Are Now and Where We Will Be. As the fight for equality continues on many fronts, Project C is crucial to our understanding of our own time and the impact that strategic activism can have.

why we can't wait pdf: Healing Haunted Histories Elaine Enns, Ched Myers, 2021-02-01 *Healing Haunted Histories* tackles the oldest and deepest injustices on the North American continent. Violations which inhabit every intersection of settler and Indigenous worlds, past and present. Wounds inextricably woven into the fabric of our personal and political lives. And it argues we can heal those wounds through the inward and outward journey of decolonization. The authors write as, and for, settlers on this journey, exploring the places, peoples, and spirits that have formed (and deformed) us. They look at issues of Indigenous justice and settler response-ability through the lens of Elaine's Mennonite family narrative, tracing Landlines, Bloodlines, and Songlines like a braided river. From Ukrainian steppes to Canadian prairies to California chaparral, they examine her forebearers' immigrant travails and trauma, settler unknowing and complicity, and traditions of resilience and conscience. And they invite readers to do the same. Part memoir, part social, historical, and theological analysis, and part practical workbook, this process invites settler Christians (and other people of faith) into a discipleship of decolonization. How are our histories, landscapes, and communities haunted by continuing Indigenous dispossession? How do we transform our colonizing self-perceptions, lifeways, and structures? And how might we practice restorative solidarity with Indigenous communities today?

why we can't wait pdf: America's New Racial Battle Lines Rogers M. Smith, Desmond King, 2024-05-02 What is happening to the politics of race in America? In *America's New Racial Battle Lines: Protect versus Repair*, Rogers Smith and Desmond King argue that the nation has entered a new, more severely polarized era of racial policy disputes, displacing older debates over color-blind versus race-targeted measures. Drawing on primary sources, interviews, and studies of federal, state, and local initiatives linked to global developments, the authors map the memberships and the goals of two rival racial policy alliances, comprised of grassroots activists, NGOs, government agencies, and wealthy funders on both sides. Today's conservatives promise to protect traditionalist Americans against assaults from what they see as a radical American Left. Today's progressives seek to repair all American institutions and practices that embody systemic racism. Though these sides have some common ground, they advance sharply opposed visions of America that threaten to make profound racial policy conflicts, sometimes erupting into violence, all too pervasive in the nation's present and future--

why we can't wait pdf: The Courage to Dream Vincent Harding, Daisaku Ikeda, 2015-10-23 'I have a dream' declared Martin Luther King in 1967. Those words, which echoed round the world, soon became immortal. King gave his life in the cause of eradicating racism, eliminating poverty and resolutely opposing all forms of war and violence. This dialogue brings together two figures who likewise have striven in all their activities to promote peace and fight discrimination: one a Christian theologian, historian and nonviolent activist who knew King personally and who moved in 1958 from Chicago to the American South to participate in the nascent struggle for civil rights; the other a

foremost Buddhist leader who has been inspired in his own thinking by King's example. Vincent Harding and Daisaku Ikeda here bring the wisdom of their respective traditions and experiences to reflect on the personal cost of fighting for justice, and the courage that that entails. Their conversations range widely, across issues which include war and violence, the continuing blight in America of institutionalized racism, the need to overcome global disparities of wealth and the consequent dangers of materialism and consumerism

why we can t wait pdf: Defending Same-Sex Marriage Martin Dupuis, William A. Thompson, Traci C. West, 2006-12-30 Today we find ourselves at a crossroads of two powerful, unrelenting

currents that are completely at odds with one another. The movement for legal recognition of same-sex unions has gone beyond the separate but equal status of civil unions to demand equality in marriage for all couples. Progress is being made on many fronts: mayoral action, clergy officiating at same-sex marriage and union ceremonies, state legislative responses, and street protests, to name a few. Meanwhile, opposition to same-sex marriage has also been gathering strength. The struggle is sure to continue unabated for some time to come, pitting those who believe in the traditional definition of marriage as a union between a man and a woman—and who seek to codify this belief in the U.S. Constitution—against those who find the basis for marriage between two loving, committed individuals not only in the history of our civil rights legislation and court decisions, but also in scripture and sacred religious traditions. Those who believe in extending to same-sex couples the 1,049 rights conferred by marriage as well as the supportive embrace of religious communities seek to strengthen the institution of marriage by making it inclusive and by passing laws and broadening doctrines to uphold marriage rights for all couples. This three-volume set clarifies the legal, political, religious, cultural, and social ramifications of same-sex marriage for gay and lesbian couples and their families and friends, and for the general public interested in the future of civil rights in the United States.

why we can't wait pdf: Forward Together William J. Barber II, Barbara Zelter, 2014-10-30 In the spring of 2013, seventeen people gathered at the North Carolina state legislature to protest extreme legislation passed by the General Assembly attacking health insurance, unemployment insurance, labor, and voting rights. The ministers, labor, and human rights activists began praying, singing, and chanting, and were ultimately arrested. That group grew into crowds of thousands at successive Moral Mondays rallies, and by summer's end nearly 1,000 people had been arrested, making this sustained moral protest one of the largest acts of civil disobedience in U.S. history. The effort grew out of seven years of organizing with more than 160 groups. Rallies continued in 2014, with a Moral March of 80,000 people in February. Rev. Dr. William Barber II, a pastor and president of the North Carolina Conference of the NAACP, now the largest in the South, became one of the architects of the Forward Together Moral Movement. In a new book, *Forward Together*, Rev. Barber tells the story of a new fusion civil rights movement, a big tent, in which black and white, gay and straight, rich and poor, old and young, Republicans and Democrats are all welcome. Rev. Barber's sermons/speeches at the protests, many of them collected in *Forward Together*, became the inspiration and rallying cry for a new civil rights movement. North Carolina today is at the epicenter of the political and spiritual crisis affecting 21st-century America. What happens here, says Barber, can shift the center of gravity in the American political discourse. Similar movements are now growing in states around the country. *Forward Together* captures the essence of what it means to preach in the public square.

why we can't wait pdf: Education and Extremisms Farid Panjwani, Lynn Revell, Reza Gholami, Mike Diboll, 2017-08-09 *Education and Extremisms* addresses one of the most pressing questions facing societies today: how is education to respond to the challenge of extremism? It argues that the implementation of new teaching techniques, curricular reforms or top-down changes to education policy alone cannot solve the problem of extremism in educational establishments across the world. Instead, the authors of this thought-provoking volume argue that there is a need for those concerned with radicalisation to reconsider the relationship between instrumentalist ideologies shaping education and the multiple forms of extremism that exist. Beginning with a detailed discussion of the complicated and contested nature of different forms of extremism, including extremism of both a religious and secular nature, the authors show that common assumptions in contemporary discourses on education and extremism are problematic. Chapters in the book provide a careful selection of pertinent and topical case studies, policy analysis and insightful critique of extremist discourses. Taken together, the chapters in the book make a powerful case for re-engaging with liberal education in order to foster values of individual and social enrichment, intellectual freedom, criticality, open-mindedness, flexibility and reflection as antidotes to extremist ideologies. Recognising recent criticisms of liberalism and liberal education, the authors

argue for a new understanding of liberal education that is suitable for multicultural societies in a rapidly globalising world. This book is essential reading for academics, researchers and postgraduate students with an interest in religion, citizenship education, liberalism, secularism, counter-terrorism, social policy, Muslim education, youth studies and extremism. It is also relevant to teacher educators, teachers and policymakers.

why we can t wait pdf: *Fortune* Lisa Sharon Harper, 2022-02-08 A Word & Way 2022 Book of the Year Sojourners' 2022 Book Roundup to Inspire Faith and Justice Extraordinary. . . . Let this story of family, race, and resistance create anger in your spirit and ultimately inspire your heart to join the work to heal our nation and eventually our world.--Otis Moss III (from the foreword) Drawing on her lifelong journey to know her family's history, leading Christian activist Lisa Sharon Harper recovers the beauty of her heritage, exposes the brokenness that race has wrought in America, and casts a vision for collective repair. Harper has spent three decades researching ten generations of her family history through DNA research, oral histories, interviews, and genealogy. *Fortune*, the name of Harper's first nonindigenous ancestor born on American soil, bore the brunt of the nation's first race, gender, and citizenship laws. As Harper traces her family's story through succeeding generations, she shows how American ideas, customs, and laws robbed her ancestors--and the ancestors of so many others--of their humanity and flourishing. *Fortune* helps readers understand how America was built upon systems and structures that blessed some and cursed others, allowing Americans of European descent to benefit from the colonization, genocide, enslavement, rape, and exploitation of people of color. As Harper lights a path through national and religious history, she clarifies exactly how and when the world broke and shows the way to redemption for us all. The book culminates with a powerful and compelling vision of truth telling, reparation, and forgiveness that leads to Beloved Community. It includes a foreword by Otis Moss III, illustrations, and a glossy eight-page black-and-white insert featuring photos of Harper's family.
