1000 splendid suns pdf: Mil soles espléndidos Khaled Hosseini, 2007 Superando con creces el rotundo éxito de Cometas en el cielo más de seis millones de ejemplares vendidos en treinta idiomas la segunda novela de Khaled Hosseini saltó de inmediato al primer puesto en todos los países donde se ha publicado. Nueva demostración del asombroso instinto de gran narrador de que goza el autor, el libro cuenta la conmovedora historia de amistad entre dos mujeres afganas de orígenes muy dispares, cuyos destinos se entrelazan por obra del azar y de las convulsiones que ha sufrido Afganistán en los últimos treinta años. Hija ilegítima de un rico hombre de negocios, Mariam se cría con su madre en una modesta vivienda a las afueras de Herat. A los quince años, su vida cambia drásticamente cuando su padre la envía a Kabul a casarse con Rashid, un hosco zapatero treinta años mayor que ella. Casi dos décadas más tarde, Rashid encuentra en las calles de Kabul a Laila, una joven de quince años sin hogar. Cuando el zapatero le ofrece cobijo en su casa, que deberá compartir con Mariam, entre las dos mujeres se inicia una relación que acabará siendo tan profunda como la de dos hermanas, tan fuerte como la de madre e hija. Pese a la diferencia de edad y las distintas experiencias que la vida les ha deparado, la necesidad de afrontar las terribles circunstancias que las rodean tanto de puertas adentro como en la calle, donde la violencia política asola el país, hará que Mariam y Laila vayan forjando un vínculo indestructible que les otorgará la fuerza necesaria para superar el miedo y dar cabida a la esperanza.
