the Sun as Counternarrative Carl A. Grant, 2023-09-29 Examining Lorraine Hansberry's *A Raisin in the Sun* as Counternarrative: Understanding the Black Family and Black Students shows how and why Lorraine Hansberry's play, *A Raisin in the Sun*, should be used as a teaching tool to help educators develop a more accurate and authentic understanding of the Black Family. The purpose of this book is to help educators develop a greater awareness of Black children and youth's, humanity, academic potential and learning capacity, and for teachers to develop the consciousness to disavow white supremacy, American exceptionalism, myths, racial innocence, and personal absolution within the education system. This counternarrative responds to the flawed and racist perceptions, stereotypes, and tropes that are perpetuated in schools and society about the African American family and Black students in US schools. It is deliberative and reverberating in addressing anti-Black racism. It argues that, if Education is to be reimagined through a social justice structure, teachers must be educated with works that include Black artists and educators, and teachers must be committed to decolonizing their own minds. Examining Lorraine Hansberry's *A Raisin in the Sun* as Counternarrative: Understanding the Black Family and Black Students is important reading for undergraduate and postgraduate courses in Educational Foundations, Curriculum and Instruction, Education Policy, Multicultural Education, Social Justice Education, and Black Studies. It will also be beneficial reading for in-service educators.

Lorraine Hansberry was born May 19, 1930 and grew up, like the characters in *A Raisin in the Sun*, in Chicago's South Side. She attended the University of Wisconsin at Madison, but left in 1950 before graduating. She then moved to New York City where she began working as a writer. *A Raisin in the Sun* is her most well known work. It was first produced on Broadway in 1959, and its success made Hansberry the first African American playwright to win the Best Play of the Year Award from the New York Drama Critics. Hansberry's promising career was cut short, however, when she died January 12, 1965 of pancreatic cancer. *A Raisin in the Sun* has become a landmark in American literature and drama. James Baldwin gave high praise to the work, writing that never before in the entire history of the American theater had so much of the truth of black people's lives been seen on the stage. First produced in 1959 when Hansberry was only 29 years old, it won the Best Play Award of the New York Drama Critics. It has since been adapted for film, television, and musical theater, and has been performed thousands of times around the United States, as well as on stages around the world in over 30 languages. Along with the popular and critical acclaim of the original stage production, these various adaptations of *A Raisin in the Sun* have been nominated for multiple Tony Awards, Cannes Festival Awards, and several Golden Globe awards.

Sundstrom, 2024 Just Shelter is a work of political philosophy that examines the core injustices of the contemporary U.S. housing crisis and its relation to enduring racial injustices. It investigates gentrification, segregation, desegregation, integration, and homelessness. Taking current conditions and the

historical practices that led to them into account, Ronald Sundstrom argues that to achieve justice in social-spatial arrangements we must prioritize the crafting and enforcement of housing policy that corrects the injustices of the past. If we do not address the history of racism in housing policy, we will never solve today's housing crisis.

a raisin in the sun by lorraine hansberry pdf: Breaking It Down Nicole Hodges Persley, Monica White Ndounou, 2021-07-15 Everyone involved in the performing arts, from professors to casting directors to actors to students, especially those just starting out, should read this eye-opening work. Library Journal, Starred Review A practical guide that shows BIPOC actors how to break down the audition process rather than being broken down by the entertainment industry and its practices of exclusion and bias. Working in an environment that often stereotypes or attempts to “universalize” experiences, it’s more important than ever that actors consider how culture, race, ethnicity, gender, sexuality, and ability are inseparable and important parts of their identity that should not be minimized and can instead enhance their work. In *Breaking It Down: Audition Techniques for Actors of the Global Majority*, Nicole Hodges Persley and Monica White Ndounou share real-world audition strategies that centers the experiences of actors of color. They combine practical advice, cultural studies, Black feminist perspectives, and lived experiences to offer intersectional approaches to auditioning. The ten steps outlined in this book aid actors across racial lines seeking to develop the necessary skills to break down a character and script while affirming their full selves into the audition to book the role. Building on the momentum of the #BlackLivesMatter, #MeToo, and Time’s Up movements, *Breaking It Down* emboldens actors of the global majority to embrace every aspect of their identities rather than leaving themselves behind in an effort to gain entry and access to the entertainment industry

a raisin in the sun by lorraine hansberry pdf: Readying the Revolution Jonathan Shandell, 2025-01-14 Starting in 1966, African American activist Stokely Carmichael and other political leaders adopted the phrase Black Power! The slogan captured a militant, revolutionary spirit that was already emerging in the work of playwrights, poets, musicians, and visual artists throughout the Black Arts movement of the mid-1960s. But the story of those theater artists and performers whose work helped bring about the Black Arts revolution has not fully been told. *Readying the Revolution: African American Theater and Performance from Post-World War II to the Black Arts Movement* explores the dynamic era of Black culture between the end of World War II and the start of the Black Arts Movement (1946-1964) by illuminating how artists and innovators such as Jackie Robinson, Lorraine Hansberry, Ossie Davis, Nina Simone, and others helped radicalize Black culture and Black political thought. In doing so, these artists defied white cultural hegemony in the United States, and built the foundation for the revolutionary movement in Black theater that followed in the mid 1960s. Through archival research, close textual reading, and an analysis of performance artifacts, Shandell demonstrates how these artists negotiated a space on the public stage for cultivating radical Black aesthetics and built the foundation for the revolutionary movement in Black theater that followed in the mid-1960s.

a raisin in the sun by lorraine hansberry pdf: Black Theater, City Life Macelle Mahala, 2022-08-15 Macelle Mahala’s rich study of contemporary African American theater institutions reveals how they reflect and shape the histories and cultural realities of their cities. Arguing that the community in which a play is staged is as important to the work’s meaning as the script or set, Mahala focuses on four cities’ “arts ecologies” to shed new light on the unique relationship between performance and place: Cleveland, home to the oldest continuously operating Black theater in the country; Pittsburgh, birthplace of the legendary playwright August Wilson; San Francisco, a metropolis currently experiencing displacement of its Black population; and Atlanta, a city with forty years of progressive Black leadership and reverse migration. *Black Theater, City Life* looks at

Karamu House Theatre, the August Wilson African American Cultural Center, Pittsburgh Playwrights' Theatre Company, the Lorraine Hansberry Theatre, the African American Shakespeare Company, the Atlanta Black Theatre Festival, and Kenny Leon's True Colors Theatre Company to demonstrate how each organization articulates the cultural specificities, sociopolitical realities, and histories of African Americans. These companies have faced challenges that mirror the larger racial and economic disparities in arts funding and social practice in America, while their achievements exemplify such institutions' vital role in enacting an artistic practice that reflects the cultural backgrounds of their local communities. Timely, significant, and deeply researched, this book spotlights the artistic and civic import of Black theaters in American cities.

a raisin in the sun by lorraine hansberry pdf: Prefiguring Postblackness Carol Bunch Davis, 2015-11-23 *Prefiguring Postblackness* explores the tensions between cultural memory of the African American freedom struggle and representations of African American identity staged in five plays between 1959 and 1969 during the civil rights era. Through close readings of the plays, their popular and African American print media reviews, and the cultural context in which they were produced, Carol Bunch Davis shows how these representations complicate narrow ideas of blackness, which often limit the freedom struggle era to Martin Luther King's nonviolent protest and cast Malcolm X's black nationalism as undermining the civil rights movement's advances. These five plays strategically revise the rhetoric, representations, ideologies, and iconography of the African American freedom struggle, subverting its dominant narrative. This revision critiques racial uplift ideology's tenets of civic and moral virtue as a condition of African American full citizenship. The dramas also reimagine the Black Arts movement's restrictive notions of black authenticity as a condition of racial identity, and their staged representations construct a counter-narrative to cultural memory of the freedom struggle during that very era. In their use of a postblack ethos to enact African American subjectivity, the plays envision black identity beyond the quest for freedom, anticipating what blackness might look like when it moves beyond the struggle. The plays under discussion range from the canonical (Lorraine Hansberry's *A Raisin in the Sun* and Amiri Baraka's *Dutchman*) to celebrated, yet understudied works (Alice Childress's *Wine in the Wilderness*, Howard Sackler's *The Great White Hope*, and Charles Gordone's *No Place to Be Somebody*). Finally, Davis discusses recent revivals, showing how these 1960s plays shape dimensions of modern drama well beyond the decade of their creation.

a raisin in the sun by lorraine hansberry pdf: Italian American Poetics of Place Sabrina Vellucci, 2024-11-19 This volume examines the significance of place in contemporary Italian American literature from an ecocritical perspective. It fills a gap in the theoretical discourse on Italian American culture, whose concerns about environmental justice have been mostly overlooked. From mid-twentieth-century poets such as John Ciardi and Diane di Prima to late twentieth- and twenty-first-century fiction writers such as Carole Maso and Salvatore Scibona, the study combines Italian American literary criticism with the spatial turn that, over the last decades, has asserted the interpretive significance of place and the environment in literary texts. Questioning the prejudice that sees Italian American culture as detached from ecological issues, these works show that such diasporic heritage has helped forge different modes of relationship and new forms of expression in contact with the "American" land. Their relevance lies not so much in defining or redefining Italian American ethnicity but in forging ideas and futures beyond their immediate framework and subject matter. By focusing on the intersection of gender and ethnicity with local and transnational spaces and aesthetic practices, *Italian American Poetics of Place* contributes to the growing field of inquiry that explores the resources of the literary in laying the basis for more dialogic and inclusive forms of awareness and community with both the human and other-than-human.

a raisin in the sun by lorraine hansberry pdf: A Raisin in the Sun Lorraine Hansberry, 2004-11-29 Never before, in the entire history of the American theater, has so much of the truth of Black people's lives been seen on the stage, observed James Baldwin shortly before *A Raisin in the Sun* opened on Broadway in 1959. This edition presents the fully restored, uncut version of Hansberry's landmark work with an introduction by Robert Nemiroff. Lorraine Hansberry's award-winning drama about the hopes and aspirations of a struggling, working-class family living on the South Side of Chicago connected profoundly with the psyche of Black America—and changed American theater forever. The play's title comes from a line in Langston Hughes's poem *Harlem*, which warns that a dream deferred might dry up/like a raisin in the sun. The events of every passing year add resonance to *A Raisin in the Sun*, said *The New York Times*. It is as if history is conspiring to make the play a classic.

a raisin in the sun by lorraine hansberry pdf: Inner-City Blues Darvin Anton Adams, 2023-04-13 Black theology's addressing of economic poverty in the Black neighborhoods and communities of the United States gives substantive reasoning to the fact that Black poverty is a theological problem. In connecting the narrative of idolatry to the irreversible harm that is associated with all forms of poverty, this new book interlocks the racial subjugation of Black Americans with the false assumptions of capitalism. Here the inner-city blues of poverty are experienced by those who reside in metropolitan cities and rural towns. The poverty of Black Americans is described with a vision of development and reconciliation—one that is intentional in its use of cultural language and inclusive to the destructive images of Black people's deprivation. In understanding how idolatry foundationalizes deprivation in the inner-city communities, I envision the liberation motif in Black theology working with the mission of the Black church for the purposes

of community empowerment and neighborhood development. As a form of material and structural poverty, Black poverty is an interdisciplinary study that requires a holistic approach to ministry. With a theological focus on deprived inner-city communities, this new volume strategically moves the conversation of Black poverty from description to construction to solution.

a raisin in the sun by lorraine hansberry pdf: Mehrsprachigkeitslernen im fremdsprachlichen Literaturunterricht Nevena Stamenkovic, 2023-12-11 Diese im Bereich der Mehrsprachigkeits- und der Literaturdidaktik situierte Studie untersucht, welche Erfahrungen Schüler:innen im Umgang mit mehrsprachigen Chicano/a-Texten machen. Im Zentrum stehen Unterrichtseinheiten zu zwei Jugendromanen und einem Film, die von US-Autor:innen mexikanischer Abstammung in Englisch und Spanisch verfasst wurden. Die Studie stellt dar, wie Schüler:innen die Texte dekodieren und welche Erfahrungen mit (eigener) Mehrsprachigkeit ihnen helfen, die mehrsprachigen Identitäten der Figuren nachzuvollziehen. Im Fokus stehen jene Unterrichtsdesigns, die zur mehrsprachigen Bildung der Lernenden beitragen, wie z.B. das Schreiben eigener mehrsprachiger Gedichte. Durch die Analyse von Unterrichtsvideos, Fragebögen, Interviews und Lernendentexten werden die Potenziale und die Grenzen des Mehrsprachigkeitslernens im Fremdsprachenunterricht aufgezeigt.

a raisin in the sun by lorraine hansberry pdf: The Transition Daniel Kiel, 2023-04-04 Every Supreme Court transition presents an opportunity for a shift in the balance of the third branch of American government, but the replacement of Thurgood Marshall with Clarence Thomas in 1991 proved particularly momentous. Not only did it shift the ideological balance on the Court; it was inextricably entangled with the persistent American dilemma of race. In *The Transition*, this most significant transition is explored through the lives and writings of the first two African American justices on Court, touching on the lasting consequences for understandings of American citizenship as well as the central currents of Black political thought over the past century. In their lives, Thurgood Marshall and Clarence Thomas experienced the challenge of living and learning in a world that had enslaved their relatives and that continued to subjugate members of their racial group. On the Court, their judicial writings—often in concurrences or dissents—richly illustrate the ways in which these two individuals embodied these crucial American (and African American) debates—on the balance between state and federal authority, on the government's responsibility to protect its citizens against discrimination, and on the best strategies for pursuing justice. The gap between Justices Marshall and Thomas on these questions cannot be overstated, and it reveals an extraordinary range of thought that has yet to be fully appreciated. The 1991 transition from Justice Marshall to Justice Thomas has had consequences that are still unfolding at the Court and in society. Arguing that the importance of this transition has been obscured by the relegation of these Justices to the sidelines of Supreme Court history, Daniel Kiel shows that it is their unique perspective as Black justices – the lives they have lived as African Americans and the rooting of their judicial philosophies in the relationship of government to African Americans – that makes this succession echo across generations.

a raisin in the sun by lorraine hansberry pdf: Acting Up and Getting Down Sandra M. Mayo, Elvin Holt, 2014-04-15 One of the few books of its kind, *Acting Up and Getting Down* brings together seven African American literary voices that all have a connection to the Lone Star state. Covering Texas themes and universal ones, this collection showcases often-overlooked literary talents to bring to life inspiring facets of black theatre history. Capturing the intensity of racial violence in Texas, from the Battle of San Jacinto to a World War I-era riot at a Houston training ground, Celeste Bedford Walker's *Camp Logan* and Ted Shine's *Ancestors* provide fascinating narratives through the lens of history. Thomas Meloncon's *Johnny B. Goode* and George Hawkins's *Br'er Rabbit* explore the cultural legacies of blues music and folktales. Three unflinching dramas (Sterling Houston's *Driving Wheel*, Eugene Lee's *Killingsworth*, and Elizabeth Brown-Guillory's *When the Ancestors Call*)

examine homosexuality, a death in the family, and child abuse, bringing to light the private tensions of intersections between the individual and the community. Supplemented by a chronology of black literary milestones as well as a playwrights' canon, *Acting Up and Getting Down* puts the spotlight on creative achievements that have for too long been excluded from Texas letters. The resulting anthology not only provides new insight into a regional experience but also completes the American story as told onstage.
