In *Reagan's Soviet Rhetoric: Telling the Soviet Redemption Story*, rhetorical scholar Mark LaVoie examines the ways Reagan negotiated his shift from a vehemently anti-communist discourse to a rhetoric of guarded optimism about the future of US-Soviet relations that ultimately revealed a Soviet redemption narrative. Following Reagan's Soviet rhetoric from his 1947 testimony before the House Un-American Activities Committee to his Farewell Address in 1989, LaVoie considers the President's use of "Soviet/Nazi analogy," "historical narrative," "reciprocity," and other rhetorical strategies in creating the narrative. do not go gentle into that good night poem pdf: *A Hole in the World* Amanda Held Opelt, 2022-07-19 In a raw and inspiring reflection on grief—selected by Publishers Weekly as one of the best books of the year—a mourning sister processes her personal story of loss by exploring the history of bereavement customs. When Amanda Held Opelt suffered a season of loss—including three miscarriages and the unexpected death of her sister, New York Times bestselling writer Rachel Held Evans—she was confronted with sorrow she didn't know how to face. Opelt struggled to process her grief and accept the reality of the pain in the world. She also wrestled with some unexpectedly difficult questions: What does it mean to truly grieve and to grieve well? Why is it so hard to move on? Why didn't my faith prepare me for this kind of pain? And what am I supposed to do now? Her search for answers led her to discover that generations past embraced rituals that served as vessels for pain and aided in the process of grieving and healing. Today, many of these traditions have been lost as religious practice declines, cultures amalgamate, death is sanitized, and pain is averted. In this raw and authentic memoir of bereavement, Opelt explores the history of human grief practices and how previous generations have journeyed through periods of suffering. She explores grief rituals and customs from various cultures, including: the Irish tradition of keening, or wailing in grief, which teaches her that healing can only begin when we dive headfirst

into our grief the Victorian tradition of post-mortem photographs and how we struggle to recall a loved one as they were the Jewish tradition of sitting shiva, which reminds her to rest in the strength of her community even when God feels absent the tradition of mourning clothing, which set the bereaved apart in society for a time, allowing them space to honor their grief As Opelt explores each bereavement practice, it gives her a framework for processing her own pain. She shares how, in spite of her doubt and anger, God met her in the midst of sorrow and grieved along with her, and shows that when we carefully and honestly attend to our losses, we are able to expand our capacity for love, faith, and healing.

This book questions the role of the sports-industrial complex in our society and argues that, while healthy competition and physical health can come from bodily exertion, corruption can contaminate these benefits with the wielding of influence and the acquisition of cultural and financial capital. Contributors examine how the ways that resources are allocated, the coverage of certain sports and athletes, and how viewers view competitive arenas speak to power and privilege in ways that can affect both athletes and athletic stakeholders, highlighting the importance of critically examining sports media.
