gospel parallels throckmorton pdf: Jesus in Galilee Roger S. Busse, 2021-10-22 What was

Galilee actually like in the first century? Whether one was a peasant or a wealthy landowner, a member of the Herodian ruling class or Roman aristocracy, Galilee was known to be inhabited by dangerous, malevolent phantasms, demons and evil spirits. The evidence, drawn from an exhaustive review of contemporary sources and literature, is overwhelming—a world completely alien to our own. There was no middle class, only the powerful and the poor. Poverty, foreign occupation, demonic proliferation, corrupt overseers, and onerous quotas, all underscored the daily struggle for subsistence among the peasants of Galilee who lived tiny, poor working villages. Life lasted only twenty-six years; forty percent of children died by the age of twelve. Contextual risk analysis allows entry into this first-century world of Jesus with remarkable clarity. How and why did Jesus engage with demons and condemn the elite and demonic imperialism? Why was he labeled an “evil-doer?” Why were traditions about the Galilean women suppressed? Why was Jesus ritually killed? The figures of Jesus, his opponents and those who followed into peril emerge in startling clarity, leaving us standing with Jesus in Galilee.

gospel parallels throcmorton pdf: The Enemies of Paul: Demons, Satan, Betrayers, and Apostles Roger S. Busse, 2018-08-23 Paul's conflict with viscous enemies, human and otherwise, led him to employ efficacious powers, charismata (charismatic powers), and controversial and sometimes illegal practices that are only coherent when placed in context of the first century Hellenistic-Roman world. These included soul and spirit transportation, possession, and exorcisms, special techniques to repel demonic attack, as well as what was considered the darkest of black magic in the ancient world--the casting of death curses, which called on Satan to infect, harm, and even kill his enemies. All of these can be recovered in striking detail using risk analysis of his undisputed writings and comparing them with contemporary sources, papyri, and documents independent of the New Testament. The results demonstrate that Paul's letters are so much more than simply intellectual and rhetorical correspondences--they are infused with dangerous mystical and charismatic powers feared in an ancient world that was saturated with prevalent, active dark forces and multi-layered human and supernatural conflicts; of angels and demons at war; of charismata and anathemata (deadly curses); and Paul's expectation of the hemera kuriou, Day of the Lord, that would defeat Satan and the curse of death via pistis (faith) in the efficacious euangelion (gospel) of agape (love).

gospel parallels throcmorton pdf: Cover-up Lawrence Goudge, 2012 The Christian church hides a multitude of secrets; it is, after all, a mysterious religion. For instance, what if Jesus did not start Christianity? What if Paul, who knew Jesus only through visions, created it? In Cover-Up, author and lay minister Lawrence Goudge disputes the Christian theology that has dominated the world for millennia. Goudge, who has spent more than twenty-four years researching the suppressed history of Jesus's Jewish followers, demonstrates how the church has corrupted Jesus's message. Cover-Up takes an innovative and investigative approach to Christianity, St. Paul's credibility, and ways in which theological truths have been concealed for two thousand years. Goudge's analysis debunks the myths and provides alternative theories. As hatred and heresy haunt Christianity's shadows, this study addresses the intolerant nature of the Christian church and sets out to right the wrongs by bringing the truth about the Nazarenes into the light of day. Goudge's message presents hope for a just world.
