introduction to mass communication pdf: The Power of the Media in Health Communication Valentina Marinescu, Bianca Mitu, 2016-04-20 Health is a contested concept that has been defined in numerous ways. The media is extremely powerful in promoting health beliefs and in creating role models for contemporary people. The ways in which health is defined or understood can have wide-ranging implications and can have an impact on issues such as health promotion or health literacy. Health presentation in the media has a significant social impact because this type of message is important in changing people's beliefs, attitudes and behaviours relating to health and in promoting health-related knowledge among the target audience. The present volume provides an interdisciplinary and multicultural contemporary approach to the controversial link between medicine and media. The authors that have contributed to this volume analyse the media and medicine from different perspectives and different countries (USA, UK, Portugal, Turkey, Taiwan, Mexico, Estonia, Romania), thus offering a re-positioning of the study of media and medicine. The new perspectives offered by this volume will be of interest to any health communication or media studies student or academic since they bring to light new ideas, new methodologies and new results.

introduction to mass communication pdf: *Political Economy, New Media, and Nigerian Popular Cultures* Benjamin Olumuyiwa Popoola, Israel Ayinla Fadipe, 2025-04-15 The Nigerian media industry, with the introduction of information and communication technologies, social networking sites, and the internet, has energized popular cultures that revolve around movies (Nollywood, Hollywood, Bollywood etc.), music (Afro-hip hop, American music), sports (football, European leagues), fandom, celebrity worship, religious movements, pentecostalism, nationalistic identities, online streaming platforms, 'yahoo-yahoo' cultures, money ritualism and so on. Thus, the present book examines how political economy theory of the media has been used to shape these listed popular cultures in the country and what uses and gratifications people seek from them, how people symbolically interacted with them, and how they socially learn from these popular cultures. As a matter of fact, using cogent and relevant case studies with postulations of popular economy theory of the media, the papers have looked into the intersection between political economy theory, popular cultures and new media using postulations from other relevant media theories and methodologies. Communication, popular cultures and media studies' scholars and students will find this book useful for academic purposes.

introduction to mass communication pdf: *Converging Media* John Vernon Pavlik, Shawn McIntosh, 2004 *Converging Media* reflects the fundamental changes that digital technologies have made in the way people get their news and entertainment and conduct media commerce. The book does not contend that every media product, such as newspapers, magazines or books, are or ever will become digital. Rather, *Converging Media* proposes that the majority of the process of mass communication is or is becoming digital. --Publisher description.

introduction to mass communication pdf: The European Handbook of Media Accountability Tobias Eberwein, Susanne Fengler, Matthias Karmasin, 2017-11-08 In recent years, the Leveson Inquiry in Great Britain, as well as the EU High-Level Group on Media Freedom and Pluralism, have stirred heated debates about media accountability and media self-regulation across Europe. How responsible are journalists? How well-developed are infrastructures of media self-regulation in the different European countries? How much commitment to media accountability is there in the media industry - and how actively do media users become involved in the process of media criticism via social media? With contributions from leading scholars in the field of journalism and mass communication, this handbook brings together reports on the status quo of media accountability in all EU members states as well as key countries close to Europe, such as Turkey and Israel. Each chapter provides an up-to-date overview of media accountability structures as well as a synopsis of relevant research, exploring the role of media accountability instruments in each national setting, including both media self-regulation (such as codes of ethics, press councils, ombudspersons) and new instruments that involve audiences and stakeholder groups (such as media blogs and user comment systems). A theoretically informed, cross-national comparative analysis of the state of media accountability in contemporary Europe, this handbook constitutes an invaluable basis for further research and policy-making and will appeal to students and scholars of media studies and journalism, as well as policy-makers and practitioners.
