Kincaid's incantatory, poetic, and often shockingly frank recounting of her brother's life and death is also a story of her family on the island of Antigua, a constellation centered on the powerful, sometimes threatening figure of the writer's mother. jamaica kincaid my brother pdf: Transnational Narratives from the Caribbean Elvira Pulitano, 2016-03-10 This book offers a timely intervention in current debates on diaspora and diasporic identity by affirming the importance of narrative as a discursive mode to understand the human face of contemporary migrations and dislocations. Focusing on the Caribbean double-diaspora, Pulitano offers a close-reading of a range of popular works by four well-known writers currently living in the United States: Jamaica Kincaid, Michelle Cliff, Edwidge Danticat, and Caryl Phillips. Navigating the map of fictional characters, testimonial accounts, and autobiographical experiences, Pulitano draws attention to the lived experience of contemporary diasporic formations. The book offers a provocative re-thinking of socio-scientific analyses of diaspora by discussing the embodied experience of contemporary diasporic communities, drawing on disciplines such as Caribbean, Postcolonial, Diaspora, and Indigenous Studies along with theories on border thinking and coloniality/modernity. Contesting restrictive, national, and linguistic boundaries when discussing literature originating from the Caribbean, Pulitano situates the transnational location of Caribbean-born writers within current debates of Transnational American Studies and investigates the role of immigrant writers in discourses of race, ethnicity, citizenship, and belonging. Exploring the multifarious intersections between home, exile, migration and displacement, the book makes a significant contribution to memory and trauma studies, human rights debates, and international law, aiming at a wide range of scholars and specialized agents beyond the strictly literary circle. This volume affirms the humanity of personal stories and experiences against the invisibility of immigrant subjects in most theoretical accounts of diaspora and migration.

jamaica kincaid my brother pdf: Reconfigurations of the Bildungsroman Gonçalo Cholant, 2022-06-21 The present work deals with the representation of trauma and violence in coming-of-age stories written by African-American and Afro-Caribbean women authors in the United States. The kinds of violence explored in this work are related to the post-colonial condition the women protagonists experience, in which racism, sexism, classism, among other kinds of discrimination, are co-created in an intersectional experience of oppression. The titles analyzed in this work are: Lucy (1990), written by Jamaica Kincaid; Breath, Eyes, Memory (1994), written by Edwidge Danticat; Bone Black - Memories of Girlhood (1996), written by bell hooks; and God Help the Child (2015), written by Toni Morrison. The Bildungsroman genre serves as the form with which

the authors are able to display the different forms of violence experienced during the the process of growing up female and black in the United States, and also in the Caribbean islands of Antigua and Haiti, in the cases of Kincaid and Danticat respectively. The coming-of-age stories written by women, and more specifically by African-American and Afro-Caribbean women, tend to showcase narratives in which the tensions between the protagonists' self-determination and the influence of social and cultural factors in their development opportunities are negotiated. The genre is adapted and subverted by the authors, deviating from its canonical European origins, becoming a site in which the authors are able to represent different kinds of violence, and the subsequent traumatic consequences caused by it.

jamaica kincaid my brother pdf: *Moving Beyond Borders* Karen Carole Flynn, 2011-01-01 *Moving Beyond Borders* is the first book-length history of Black health care workers in Canada, delving into the experiences of thirty-five postwar-era nurses who were born in Canada or who immigrated from the Caribbean either through Britain or directly to Canada. Flynn interweaves oral histories with archival sources to show how these women's lives were shaped by their experiences of migration, professional training, and family life. Theoretical analyses from postcolonial, gender, and diasporic Black Studies serve to highlight the multiple subjectivities operating within these women's lives. By presenting a collective biography of identity formation, *Moving Beyond Borders* reveals the extraordinary complexity of Black women's history.

jamaica kincaid my brother pdf: *Imagining Motherhood in Contemporary Irish and Caribbean Literature* Abigail L. Palko, 2016-07-25 *Imagining Motherhood in Contemporary Irish and Caribbean Literature* undertakes a comparative transnational reading to develop more expansive literary models of good mothering. Abigail L. Palko argues that Irish and Caribbean literary representations of non-normative mothering practices do not reflect transgressive or dangerous mothering but are rather cultural negotiations of the definition of a good mother. This original book demonstrates the sustained commitment to countering the dominant ideologies of maternal self-sacrifice foundational to both Irish and Caribbean nationalist rhetoric, offering instead the possibility of integrating maternal agency into an effective model of female citizenship.

jamaica kincaid my brother pdf: *American Literature in Transition, 1990-2000* Stephen J. Burn, 2017-12-28 Written in the shadow of the approaching millennium, American literature in the 1990s was beset by bleak announcements of the end of books, the end of postmodernism, and even the end of literature. Yet, as conservative critics marked the century's twilight hours by launching elegies for the conventional canon, American writers proved the continuing vitality of their literature by reinvigorating inherited forms, by adopting and adapting emerging technologies to narrative ends, and by finding new voices that had remained outside that canon for too long. By reading 1990s literature in a sequence of shifting contexts - from independent presses to the AIDS crisis, and from angelology to virtual reality - *American Literature in Transition, 1990-2000* provides the fullest map yet of the changing shape of a rich and diverse decade's literary production. It offers new perspectives on the period's well-known landmarks, Toni Morrison, Thomas Pynchon, David Foster Wallace, but also overdue recognition to writers such as Ana Castillo, Evan Dara, Steve Erickson, and Carole Maso.

jamaica kincaid my brother pdf: *Auto/Biography across the Americas* Ricia A. Chansky, 2016-08-05 *Auto/biographical narratives of the Americas* are marked by the underlying themes of movement and belonging. This collection proposes that the impact of the historic or contemporary movement of peoples to, in, and from the Americas—whether chosen or forced—motivates the ways in which identities are constructed in this contested space. Such movement results in a cyclical

quest to belong, and to understand belonging, that reverberates through narratives of the Americas. The volume brings together essays written from diverse national, cultural, linguistic, and disciplinary perspectives to trace these transnational motifs in life writing across the Americas. Drawing on international scholars from the seemingly disparate regions of the Americas—North America, the Caribbean, and Latin America—this book extends critical theories of life writing beyond limiting national boundaries. The scholarship included approaches narrative inquiry from the fields of literature, linguistics, history, art history, sociology, anthropology, political science, pedagogy, gender studies, critical race studies, and indigenous studies. As a whole, this volume advances discourse in auto/biography studies, life writing, and identity studies by locating transnational themes in narratives of the Americas and placing them in international and interdisciplinary conversations.

jamaica kincaid my brother pdf: *Udbhēda: Details of Bangladesh Life & Adda* Kathryn Hummel, 2025-02-18 'Udbhēda: Details of Bangladesh Life & Adda' recounts the lived experiences of three diverse individuals—Sampurna, Afreen and Nusrat—as related in conversation with the author. Framed by the methodology and methods of narrative ethnography, 'Udbhēda' describes the details that comment on or even challenge broad definitions and portrayals of Bangladesh and its people, particularly women and hijra. Beneath these narratives runs the author's subjective account as a researcher, writer, cisgender woman and foreign visitor to Bangladesh. Evoking the everchanging scenes and moods of Dhaka, this multi-genre work combines prose, prose poetry and critical reflection to explore themes including gender, sexuality, class, family, education, work and postcolonial identity. This innovative approach to ethnographic writing embraces the cultural practice of adda—unbounded, often revelatory conversation—as both subject and method. 'Udbhēda' employs a considered, intersectional approach, relating perspectives frequently marginalised in discipline- and industry-specific discourse on Bangladesh, adding depth to the exploration of culture and identity beyond binaries. Balancing vivid storytelling with contemplative academic analysis, this book offers valuable insights for anthropologists, gender studies scholars and development practitioners. Hummel's self-reflexive stance and exploration of the 'illegitimate' side of ethnography, in the tradition of Ruth Behar's 'Translated Woman', make 'Udbhēda' an exemplary text for teaching qualitative research methods. The accompanying exegesis provides a transparent account of the author's research process, engaging with crucial concepts in postcolonial theory, feminist ethnography and ethnographic representation. Accessible to both academic and general readers interested in innovative approaches to cross-cultural research and writing, 'Udbhēda: Details of Bangladesh Life & Adda' offers a layered interpretation of the testimonies of three remarkable people. It is a vital text for anyone seeking to look deeper at the complexities of gender, identity, culture and everyday life in contemporary Bangladesh.

jamaica kincaid my brother pdf: *The Things That Fly in the Night* Giselle Liza Anatol, 2015-02-16 *The Things That Fly in the Night* explores images of vampirism in Caribbean and African diasporic folk traditions and in contemporary fiction. Giselle Liza Anatol focuses on the figure of the soucouyant, or Old Hag—an aged woman by day who sheds her skin during night's darkest hours in order to fly about her community and suck the blood of her unwitting victims. In contrast to the glitz, glamour, and seductiveness of conventional depictions of the European vampire, the soucouyant triggers unease about old age and female power. Tracing relevant folklore through the English- and French-speaking Caribbean, the U.S. Deep South, and parts of West Africa, Anatol shows how tales of the nocturnal female bloodsuckers not only entertain and encourage obedience in pre-adolescent listeners, but also work to instill particular values about women's "proper" place and behaviors in society at large. Alongside traditional legends, Anatol considers the explosion of soucouyant and

other vampire narratives among writers of Caribbean and African heritage who in the past twenty years have rejected the demonic image of the character and used her instead to urge for female mobility, racial and cultural empowerment, and anti colonial resistance. Texts include work by authors as diverse as Nobel Laureate Toni Morrison, U.S. National Book Award winner Edwidge Danticat, and science fiction/fantasy writers Octavia Butler and Nalo Hopkinson.

jamaica kincaid my brother pdf: *Sex, Power & Taboo* Dorothy E. Roberts, 2009 In the Caribbean sexuality has never been a topic for public discussion. Previously relegated to theatrical innuendo, musical lyrics and other popular forms of cultural expression, the HIV and AIDS pandemic have now thrown this taboo subject centrestage. The discourse on gender and sexuality is however, still being shaped and this book sets the platform for that discussion. Proceeding from a premise that gender influences sexuality and sexual behaviour, Sex, Power and Taboo provides an interdisciplinary approach to the exploration of how gender affects HIV risk and prevention. The paradigm of HIV and AIDS research is shifted by illuminating the influence of gender ideologies, norms and power relationships on sexuality, and the impact of gender to HIV risk and prevention within and outside of the Caribbean. The contributors are Caribbean and international, and discuss gender and sexuality for the academic, for those in the public health service as well as social policymakers. Sex, Power and Taboo contributes to the research-based interventions to aid the prevention of HIV and AIDS and other sexually transmitted diseases and will assist in the design, implementation and evaluation of programmes addressing the AIDS epidemic.

jamaica kincaid my brother pdf: Sobre la libertad Maggie Nelson, 2022-09-21 Maggie Nelson nos propone un replanteamiento de la libertad basado más en el respeto a los demás que en una idea

maximalista o abstracta. En esta época en que los sectores más reaccionarios de la sociedad hacen bandera de un concepto sesgado de la libertad, distorsionando, manipulando y apropiándose de su significado, parece indicado aplicar una estricta crítica del lenguaje y descubrir que, en el fondo, sean cuales sean las confusiones que provoca hablar de la libertad, esencialmente no difieren de los malentendidos a los que nos arriesgamos al hablar de cualquier otra cosa. Este es el tema básico de este libro, que se aleja de cualquier elucubración metafísica para proponer una filosofía «práctica», en la que el peso de la actualidad no impide la reflexión ni la lucidez, sino que aporta una luz que arranca esa palabra de cualquier supuesto o idea recibida. La polifacética Maggie Nelson nos propone un replanteamiento del concepto de libertad desde la óptica de las cuestiones más acuciantes del momento, como la pandemia, el debate en torno al consentimiento sexual o el cambio climático, la discriminación racial, la droga como elemento que puede liberarnos o esclavizarnos (a veces al mismo tiempo) o el papel del artista a la hora de crear de manera «responsable». Centrándose en la dialéctica entre libertad y restricción, en este volumen de género fluido confluyen la filosofía, la sociología, la crítica de arte y la reivindicación de una libertad sexual no agresiva y carente de género y etiquetas.
